The enemy were overpowered and took to flight. The Romans pursued as far as their strength enabled them to run'

Between 58 and 50 BC Julius Caesar conquered most of the area now covered by France, Belgium and Switzerland, and invaded Britain twice, and The

Conquest of Gaul is his record of these campaigns. Caesar's narrative offers insights into his military strategy and paints a fascinating picture of his encounters with the inhabitants of Gaul and Britain, as well as lively portraits of the rebel leader Vercingetorix and other Gallic chieftains. The

Conquest of Gaul can also be read as a piece of political propaganda, as Caesar sets down his version of events for the Roman public, knowing he faces civil war on his return to Rome. Revised and updated by Jane Gardner, S. A. Handford's translation brings Caesar's lucid and exciting account to life for modern

readers. This volume and significance of includes a glossary of persons and places, maps, appendices and suggestions for further reading. *Teaching Julius Caesar* Saddleback Educational Publ

In this book, internationally recognised scholars and practitioners synthesise current practice and research developments in the area of mathematics teacher education and mathematics education. The book's two sections examine the role and significance of collaborations and critical friends in the self-study of mathematics teaching and teacher education; and the emerging conflicts, dilemmas and incongruities arising from the study of mathematics education practices. The book considers the insights gained from self-analysis regarding the practitioner themselves, as well as their pedagogical content, students and approaches. The contributions highlight the complexity, characteristics and features of mathematics education. The chapters reveal nuances in teaching and learning that are of particular relevance in mathematics education. In addition, the book contains ideas and suggestions on how to enhance the teaching of mathematical content to pre-service teachers. Accordingly, the book appeals to a wide audience of educators—including education academics, teachers, student teachers and researchers. As teacher educators involved in

mathematics education, reflection on practice and engagement in practitioner research is becoming increasingly important in our efforts to enhance our teaching. Teachers and student teachers also gain from the insights arising from such reflection. The knowledge and experience encapsulated in this book provides much for the mathematics education community to build on.

Why We Tell Stories

This series features

classic Shakespeare retold with graphic color illustrations. Educators using the Dale-Chall vocabulary system adapted each title. Each 64-page, softcover book retains key phrases and quotations from the original play. Research shows that the more students read, the better their vocabulary, their ability to read, and their knowledge of the world. A triumphant Caesar enters Rome after defeating the sons of his old enemy,

Pompey. Jealousy and fear over Caesar's reforms reveal a brewing conspiracy to assassinate him. As the plot thickens, Caesar's wife is plagued by terrible nightmares and begs him not to go to the Capitol. But Caesar shrugs off her fears and is accompanied to the Senate by the conspirators thus sealing his fate. Caesar's loyal friends rally to avenge his death and preserve his legacy. Imperfect Control Bloomsbury Publishing

Julius Caesar Saddleback Educational Publ

Jane Harrison examines the festivals of ancient Greek religion to identify the primitive "substratum" of ritual and its persistence in the realm of classical religious observance and

literature. In Harrison's preface to this remarkable book, she writes that J. G. Frazer's work had become part and parcel of her "mental furniture" and that of others studying primitive religion. Today, those who write on ancient myth or ritual are bound to say the same about Harrison. Her essential ideas, best developed and most clearly put in the *Prolegomena*, have never been eclipsed. *Caesar's Legacy*
Cambridge University Press
Among the most enduring poetry of all time, William

Shakespeare's 154 sonnets address such eternal themes as love, beauty, honesty, and the passage of time. Written primarily in four-line stanzas and iambic pentameter, Shakespeare's sonnets are now recognized as marking the beginning of modern love poetry. The sonnets have been translated into all major written languages and are frequently used at romantic celebrations. Known as "The Bard of Avon," William

Shakespeare is arguably the greatest English-language writer known. Enormously popular during his life, Shakespeare's works continue to resonate more than three centuries after his death, as has his influence on theatre and literature. Shakespeare's innovative use of character, language, and experimentation with romance as tragedy served as a foundation for later playwrights and dramatists, and some of his most famous lines of

dialogue have become part of everyday speech.

collection of passages from
Shakespeare's greatest
works. Drawing from the
full spectrum of plays and
sonnets to mark each day
of the year, whether it's a
scene from Hamlet to

celebrate Christmas or a Sonnet in June to help you enjoy a summer's day. There are also passages to mark important days in the Shakespeare calendar, both from his own life and from his plays: You'll read a pivotal speech from Julius Caesar on the Ides of March and celebrate Valentine's day with a sonnet. Every passage is accompanied by an enlightening note to teach you its significance and help you better appreciate the timelessness and poetry of Shakespeare's words. Shakespeare for Every Day of the Year will give you a thoughtful way

reflect on each day, all while giving you a deeper appreciation for the most famous writer in the English language. New Critical Essays Houghton Mifflin Harcourt Although there are a number of book-length studies of rhetoric in Shakespeare's plays, With What Persuasion discerns a distinctly Shakespearean ethics of the art of rhetoric in them. In this interdisciplinary book, Scott F. Crider draws upon the Aristotelian traditions of poetics, rhetoric, and ethics to show how Shakespeare addresses

fundamental ethical questions that arise during the public and private rhetorical situations Shakespeare represents in his plays. Informed by the Greek, Roman, and English poetic and rhetorical traditions, With What Persuasion offers close readings of a selection of plays - Hamlet, Julius Caesar, Henry the 5th, All's Well That Ends Well, Othello, Measure for Measure, and The Winter's Tale - to answer universal questions about human speech and association, answers that refute a number of contemporary

literary and rhetorical theory's assumptions about language and power. Crider argues that this Shakespearean ethics could assist us in our own historical moment as we in the liberal, multicultural West try to refund, without coercion, ethical principles to bind us to one another. An Essay on Shakespeare and the Ethics of Rhetoric Psychology Press Following Common Core Standards, this lesson plan for William Shakespeare's, "Julius Caesar" is the perfect solution for teachers trying to get ideas for getting students excited

about a book. BookCaps lesson plans cover five days worth of material. It includes a suggested reading schedule, discussion questions, essay topics, homework assignments, and suggested web resources.

Also included are teaching suggestions, background notes, summaries, and answer keys. The guide is digital and only available on CD-

ROM; simply print the activities you need for each lesson.

Prolegomena to the Study of Greek Religion
Princeton University Press

In April 44 BC the eighteen-year-old Gaius Octavius landed in Italy and launched his take-over of the Roman world. Defeating first Caesar's assassins, then the son of Pompey the Great, and finally Antony and the Egyptian queen Cleopatra, he dismantled the old Republic, took on

the new name 'Augustus', and ruled forty years more with his equally remarkable wife Livia. Caesar's Legacy grippingly retells the story of Augustus' rise to power by focusing on how the bloody civil wars which he and his soldiers fought transformed the lives of men and women throughout the Mediterranean world and beyond. During this violent period citizens of Rome and provincials came to accept a new form of government and

found ways to celebrate it. Yet they also mourned, in literary masterpieces and stories passed on to their children, the terrible losses they endured throughout the long years of fighting.

Seminar paper from the year 2012 in the subject English Language and Literature Studies - Literature, grade: 1,7, University of Münster, course: Shakespeare - The Roman Plays, language:

English, abstract: Upon reading Shakespeare's "The Tragedy of Julius Caesar" one would agree that Marcus Brutus is the character which, at first glance, appears to be most likeable. Honour as value is something that turns up frequently throughout the play, especially with regard to Brutus. Being the one that murders a friend in order to free the people from tyranny, he acts according to his personal conception of honour. It is not without facing an inner conflict that he decides to put aside his personal feelings of friendship in

order to serve the common good. This is what one could say about Brutus if matters were as clear as that. On closer inspection, however, one quickly takes notice of discrepancies as to Brutus' character and actions. Carrie Pestritto states that "Brutus' s honour [...] gives him an almost Christ-like aura " whereas others see him as ambiguous and his character as not to be defined unequivocally. The idea of honour can be interpreted in many different ways and the characters' understanding of honour differ immensely. " ' Caesara murder, he has to

was ambitious [...] and Brutus is an honourable man ' (3.2.79-88). Are things really as simple as that? " Kullmann, referring to Pestritto here, poses a question that will be discussed in this paper. The focus is to be on Brutus and his view of the events, evaluating his actions and the reasoning they are based on. It will be possible to see that his only way of coming to a decision and carrying out the assassination is by means of self-delusion. To open himself up to and reconcile with the idea of committing

construct his own fiction, which we are able to learn a lot about his character and ending up living in a fool ' s paradise. For him the way his moral concepts. things appear to be weighs down what they are in reality. Important in the above mentioned context is Brutus ' part in the conspiracy, which is going to be worked out in detail. Since the question of honour is such an essential factor, it is necessary to clarify the fact that there are various ways of defining honour and accordingly each character has their own sense of honour. Gradually, Brutus is dragged into the conspiracy, a process on the basis of
