"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

<u>Testing with JUnit</u> iUniverse There once were two spirited teachers Who reminisced and talked like preachers. They gave up the small chatter And wrote something of matter The daily life of a teacher must be full of challenges, excitement, and joy, right? But in reality, it might be full of more gaffes, goofs, and laughs than we ever imagined. In Education: Roast & Toast, two seasoned educators inspired by the humor of sixty-plus years of experience share a collection of humorous, slightly embellished anecdotes that reveal an intriguing behind-the-scenes glimpse of what it is really like to be a teacher. Through their tongue-in-cheek exploration of the comical adventures, unpredictable mishaps, and baffling challenges that teachers encounter on a daily

basis, Diane Martin and Linda Thomas allow educators to be seen as they areeccentric, imperfect, and vulnerable, despite their degrees, knowledge, and experience. While taking a playful look at the backward evolution of education, Martin and Thomas teach other educators, administrators, and even students the art of laughing at themselves without losing sight of the seriousness of the profession. This collection of foibles reveals the often humorous interactions among students, teachers, and administrators. It reinforces the notion that simple communication really can be stifl ed by misinterpretation.

Nineteen Eighty-Four Milliken Publishing Company CHOICE 1998 Outstanding Academic Books Grading is one of the thorniest issues writing teachers must deal with, yet, surprisingly little has been written on this topic. As writing teachers move increasingly toward practices that focus on writing as a process, they face a growing need to reconsider their systems of grading to determine whether or not these systems support their pedagogies. The authors interrogate the grading of individual papers as well as portfolios and the assigning of end-of-term grades. This collection explores the issues and problems that have emerged as conventional grading practices have lagged behind and been challenged by new theories of language. While the book will be of interest to theorists, Zak and Weaver have also made the book relevant and useful to teachers whose primary interest is the practical consequences of theory

in their classrooms. Where theoretical discussion takes place, the language is clear and accessible. Many of the authors write directly from personal experience, telling stories of the classroom or writing of new techniques and approaches they have tried. They speak with the voices of teachers, and the tone and content of their words convey a sense of the immediacy of the topic.

Prose and Poetry for Appreciation WestBow Press
How does one keep classic books alive for young people today and teach them that literature is instructional and delightful? How does the teacher foster a classroom environment that encourages student participation and promotes enjoyment so that teenagers learn to appreciate literary study? More specifically, how can literature teachers cover centuries of world literature with students who dont appreciate why they should read material written long ago about people and issues that appear to be irrelevant to life today in a language that seems esoteric? The

author of this series of high school teaching guides addresses these issues. How to Teach World Literature: A Practical Teaching Guide provides a detailed resource for teachers or anyone interested in an in-depth study of the subject. This third book in the series covers world literature from the ancient Greeks and Romans to contemporary works. Included are suggestions for cultivating a love for literature, teaching techniques, detailed analyses of each work, questions for review and test questions with suggested responses, essay topics, audio-visual aids, classroom handouts, and recommended books that enhance teaching. The author emphasizes two basic reasons for teaching literature. It is instructional and delightful. This book provides a comprehensive methodology for teaching the subject that a teacher could apply to one years lesson plans without further investment in time. <u>Julius Caesar</u> Castrovilli Giuseppe
NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NATIONAL BESTSELLER • With this book, the acclaimed author created an entirely new form—an exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. "A classic, for a reason" – Celeste Ng via Twitter As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother's "talk stories." The fierce and wily women warriors of her mother's tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston's sense of self emerges in the mystifying gaps in these stories, which she learns to fill with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family's past and her own present.
