Sindiwe Magona's novel

Mother to Mother explores the South African legacy of apartheid through the lens of a woman who remembers a life marked by oppression and injustice. Magona decided to write this novel when she discovered that Fulbright Scholar Amy Biehl, who had been killed while working to organize the nation's first ever democratic elections in 1993, died just a few yards away from her own permanent residence in Guguletu, Capetown. She then learned that one of the boys held responsible for the killing was in fact her neighbor's son. Magona began to imagine how easily it might have been her own son caught up in the wave of violence that day. The book is based on this

real-life incident, and takes the form of an epistle to Amy Biehl's mother. The murderer's mother, Mandisi, writes about her life, the life of her child, and the colonized society that not only allowed, but perpetuated violence against women and impoverished black South Africans under the reign of apartheid. The result is not an apology for the murder, but a beautifully written exploration of the society that bred such violence.

This is the first published version of *Beauty and the Beast*, written by the French author Gabrielle-Suzanne Barbot de Villeneuve in the mid-18th century and translated by James Robinson Planché. It is a novel-length story intended for adult readers, addressing the issues of the marriage system of the day in which women had no right to choose their husband or to refuse to marry. There is also a wealth of rich back story as to how the Prince became cursed and revelations about Beauty's parentage, which fail to appear in subsequent versions of the now classic fairy tale.

Ukufa kukaShaka is a historical drama by Elliot Zondi, first published in 1960 in the Bantu (later, African) Treasury Series by the University of the Witwatersrand Press. Its plot is based on the events surrounding the assassination of Shaka, the mighty Zulu king, by his two half-brothers, Dingane and Mhlangana, aided and abetted by his

paternal aunt, Mkabayi, in 1828. The play explores the classic theme of the tragic hero 's fatal flaws: hubris and overconfidence. Shaka 's ruthless ambition led him to overstep human boundaries, kill with impunity, bar his warriors from having families and force them into endless wars. His blind spot seems to have been to put the survival and expansion of the Zulu kingdom first and the welfare of his subjects second. Against this backdrop Mkabayi, whose ambitions for a remarkable Zulu nation were more tempered, played a decisive role in his downfall. Zondi explores arguments both in favor of and against Shaka 's assassination in a way that allows the reader to sympathize with his greater vision and his thwarted plan to fight impending colonialism. His dramatization of the conflict between Shaka and Mkabayi highlights questions of leadership and nation-building that continue to be relevant today.
