An inspiration for George Orwell 's 1984 and a precursor to the work of Philip K. Dick, Ayn Rand (Anthem), and Stanislaw Lem, We is a classic of dystopian science fiction ripe for rediscovery. Written in 1921 by the Russian revolutionary Yevgeny Zamyatin, this story of the thirtieth century is set in the One State, a society where all live for the collective good and individual freedom does not exist. Although fiction, it is a story informed by the war communism of the Soviet Union, and was of course completely banned in Russia. But the collectivism is of a recognizable type, one that threatens every society in all times. To come to understand its features

the dystopian genre. The reality that dawns on the reader is that this seeming fiction is all-too real in our times. The novel takes the form of the diary of state mathematician D-503, who, to his shock, experiences the most disruptive emotion imaginable: love for another human being. At once satirical and sobering, We speaks to all who have suffered under repression of their personal, economic, and cultural freedom. " One of the greatest novels of the twentieth century. "

– Irving Howe.

Visit the shadowy

this collection by the
New York
Times--bestselling
author of the
Nightside and Secret
Histories series.
Welcome to the worlds
of Simon R. Green. In
this wide-ranging
collection, the

bestselling urban fantasist opens doors into hidden places: strange realms bordering our own mundane existence and prowled by creatures of fancy and nightmare. Here are the strange, frequently deadly—and sometimes even dead—things that lurk in garbage-strewn city alleyways and grimy subway stations after midnight, visible only to the most perceptive human or inhuman eye. In these tales, Green revisits the ingenious worlds within worlds that he created for his wildly popular novels. Take a stroll on the Nightside with a jaded street wizard, an underpaid government functionary responsible for keeping demons, vamps, and aliens in line. Enter the hidden

recesses of Drood Hall, where the aging family member who creates powerful weapons that protect humankind recalls his long and bloody career. Join a squad of no-longer-human soldiers dispatched to combat the all-consuming jungle on a distant planet. Visit a house at the intersection of two realities that serves as a sanctuary from the evil of all worlds. Confront the unstoppable zombie army of General Kurtz in a brilliant homage to *Apocalypse Now*. And whatever you do, never forget that there are monsters out there. Really. Here are seventeen tales—each accompanied by an afterword by the author—of magic, sorcery, and the supernatural by a master of all that is

dark.

Yes, the afterlife isn't too bad – all she needs to do is find a way to communicate with her daughter, Savannah, and she'll be happy. But fate – or more exactly, the Fates – have other plans. Eve owes them a favor, and they've just called it in. An evil spirit called the Nix has escaped from hell. She feeds on chaos and death, and is very good at persuading people to kill for her. The Fates want Eve to hunt her down before she does any more damage, but the Nix is a dangerous enemy –

previous hunters have been driven insane in the process. As if that's not problem enough, the only way to stop her is with an angel's sword. And Eve is no angel. . . .

Just Another Judgement Day
Macmillan

I'm John Taylor. I work as a PI out of the Nightside, that secret centre of London where clocks always read three A.M., where terrible things happen with predictable regularity, and where the always-dark streets are full of people partying like Judgement Day will never come. Now it may have arrived. God's own enforcer, the righteous engine of destruction known as the Walking Man, has come to the Nightside. He's a being whose sole purpose is the

elimination of the wicked and the guilty—and given the nature of the Nightside, there's a good chance that once he gets started, he'll just keep on until there's no-one left.

So the Authorities have hired me to stop him. Legend has it that he can't be killed. I'm very much hoping that the legend isn't true...

The name's John Taylor. I'm a PI, though what I really do is find things that are lost. I work the Nightside, the city within the city of London, where the sun never rises and where the human and inhuman go to get their kicks, provided they're willing to pay the

price in whatever currency the seller demands. In the wake of the war that almost brought the Nightside to total ruin, there's a power vacuum begging to be filled—and some think I should take charge. I don't agree. Neither does the immortal Griffin. Wealthy beyond reason, he has his own ideas about who should be running things. Still, when his granddaughter—designated heir—is kidnapped, he calls on me to find her. But someone—or some Thing—is blocking my special gift. So this time, I'm going to have to do my job the hard way. And quickly, or the Griffin will have to

choose a new heir... John Taylor is the
name. I work the
Nightside. Only in
that dark heart of
London where it's

always three A.M.,
where human and
inhuman can feed
their darkest
desires, do I feel at
home. Probably
because I was born
there. What I do is
find things—people,
objects—and in this
case, the truth about
the origins of the
Nightside. That's
what Lady Luck has
hired me to
investigate. But the
more I dig, the more
I discover, not about
the Nightside but
about the great
question in my life:
exactly who—and
what—was my long-
vanished mother.
Paying jobs are one
thing. Personal
quests are another.
And I've been warned
that uncovering the
facts about dear old

mum could be a very bad thing, not just for the Nightside but for all of existence. Still I can't stop...I'm John Taylor. Finding things is who I am. It's what I do. Whatever the consequences... *The Man With the Golden Torc* Ace Taylor is the name, John Taylor. My card says I'm a detective, but what I really am is an expert on finding lost things. It's part of the gift I was born with as a child of the Nightside. I left there a long time ago, with my skin and sanity barely intact. Now I make my living in the sunlit streets of London. But business has been slow lately, so when Joanna Barrett showed up at my door, reeking of wealth, asking me to find her runaway teenage daughter, I didn't say no. Then I found out exactly where the girl had gone. The Nightside. That square mile of Hell in the middle of the city, where it's always three A.M. Where you can walk beside myths and drink with monsters. Where nothing is what it seems and everything is possible. I swore I'd never return. But there's a kid in danger and a woman depending on me. So I have no choice—I'm going home.

Tales from the Gas Station: Volume Two

Penguin

Garrett is a human detective in the fantastical city of TunFaire. And now he's getting tangled up in the worst sort of laws... In-laws. Garrett is set to stow his wandering heart with his fiancée, Strafa Algarda. But for Garrett, even true love comes with its share of headaches—namely, the Algarda family. Strafa's family needs Garrett's unique skills in the worst way. Rumors are spreading that someone is organizing a Tournament of Swords—a brutal contest that magically compels the children of sorcerers to battle until only one is left alive. The

winner will absorb the power from those he has killed and thus become a demigod. Strafa and her family want to protect her daughter, Kevans, from being forced to take part in the lethal contest...and they've asked Garrett to find out who is organizing the tournament and nip it in the bud. The only problem is that finding the culprit is most likely impossible. But the Algardas are used to getting what they want....

Powers of Detection

Penguin

My name's Quinn. If you buy into my reputation, I'm the most notorious demon hunter in New England. But rumors of my badassery have been slightly exaggerated. Instead of having kung-fu skills and a closet

full of medieval weapons, I'm an ex-junkie with a talent for being in the wrong place at the right time. Or the right place at the wrong time. Or...whatever. Wanted for crimes against inhumanity I (mostly) didn't commit, I was nearly a midnight snack for a werewolf until I was "saved" by a vampire calling itself the Bride of Quiet. Already cursed by a werewolf bite, the vamp took a pint out of me too. So now...now, well, you wouldn't think it could get worse, but you'd be dead wrong.

I'm John Taylor. I was born in the Nightside, that square mile in the hidden center of London where it is always the hour of the wolf, where gods and

monsters walk side by side and where every dark question ever asked can be answered—for a price. I left for a while, but I did come back, to make my living doing what I do better than anyone else: finding things—lost or stolen, real or imaginary. Recently, I found the most dangerous thing of all: the true identity of my long-gone mother. Turns out she's a being who's been around since before the dawn of history. Then, she created the Nightside—and now, for her own warped reasons, she intends to destroy it. To stop her before she even gets started, I've got to do some hard traveling—back in Time, through endless eons, into the very

distant—and probably
deadly—past...
