Do you bounce so high on your bed that you hit your head on the ceiling? Do you ever look in the mirror and see a crazy maniac staring back at you? Nine highly original, humorous stories complemented by imaginative and hilarious illustrations from one of Australia's most well-known and acclaimed illustrators, Terry Denton....

Once Upon a Slime Pan Australia

One woman must make the hardest decision of her life in this unforgettably moving story of resistance and faith during one of the darkest times in history. Santa Cruz, 1953. Jean-Luc is a man on the run from his past. The scar on his face is a small price to pay for surviving the horrors of Nazi occupation in France. Now, he has a new life in California, a family. He never expected the past to come knocking on his door. Paris, 1944. A young Jewish woman's past is torn apart in a heartbeat. Herded onto a train bound for Auschwitz, in an act of desperation she entrusts her most precious possession to a stranger. All she has left now is hope. On a darkened platform, two destinies become intertwined, and the choices each person makes will change the future in ways neither could have imagined. Told from alternating perspectives, *While Paris Slept* reflects on the power of love, resilience, and courage when all seems lost. Exploring the strength of family ties, and what it really means to love someone unconditionally, this debut novel will capture your heart. Includes a Reading Group Guide.

Terry Denton's Really Truly Amazing Guide to Everything

Random House Trade Paperbacks

This well-known undergraduate electrodynamics textbook is now available in a more affordable printing from Cambridge University Press. The Fourth Edition provides a rigorous, yet clear and accessible treatment of the fundamentals of electromagnetic theory and offers a sound platform for explorations of related applications (AC circuits, antennas, transmission lines, plasmas, optics and more). Written keeping in mind the conceptual hurdles typically faced by undergraduate students, this textbook illustrates the theoretical steps with well-chosen examples and careful illustrations. It balances text and equations, allowing the physics to shine through without compromising the rigour of the math, and includes numerous problems, varying from straightforward to elaborate, so that students can be assigned some problems to build their confidence and others to stretch their minds. A Solutions Manual is available to instructors teaching from the book; access can be requested from the resources section at www.cambridge.org/electrodynamics.

Addressing Adversity R. R. Bowker

Full of highly original, and extremely funny stories, which established Andy Griffiths as the world's most annoying person. They include convincing his best friend Danny that he is invisible so that he will wreak havoc in the school library, and pretending that corn relish is vomit to make an old lady move seats on a plane....

Scary Dog Pan Macmillan

Could an entire city really burn to the ground?

I Broke My Butt! Knopf Books for Young Readers

The USA Today Bestseller From the author of *The Other Einstein* comes the mesmerizing tale of what kind of woman could have inspired an American dynasty. Clara Kelley is not who they think she is. She's not the experienced Irish maid who was hired to work in one of Pittsburgh's grandest households. She's a poor farmer's daughter with nowhere to go and nothing in her pockets. But the other woman with the same name has vanished, and pretending to be her just might get Clara some money to send back home. If she can keep up the ruse, that is. Serving as a lady's maid in the household of Andrew Carnegie requires skills she doesn't have, answering to an icy mistress who rules her sons and her domain with an iron fist. What Clara does have is a resolve as strong as the steel Pittsburgh is becoming famous for, coupled with an uncanny understanding of business, and Andrew begins to rely on her. But Clara can't let her guard down, not even when Andrew becomes something more than an employer. Revealing her past might ruin her future — and her family's. With captivating insight and heart, *Carnegie's Maid* tells the story of one brilliant woman who may have spurred Andrew Carnegie's transformation from ruthless industrialist into the world's first true philanthropist.

Guide to Creating Comic in 3-D Scholastic Inc.

Quiet little Fox has a problem: all her friends are so noisy, she can never make herself heard. But being quiet can be handy. Fox spots all the small things that her noisy friends miss: like the claw marks and paw marks of a great big scary bear! Fox has to warn her friends about the danger - but can she find the courage to shout loudly enough?

Rabbit & Bear: Rabbit's Bad Habits HarperCollins

"Kalinka, a Ukrainian Jewish girl on the run from the Nazis, finds unlikely help from two rare Przewalski horses"--

My New Roots Penguin

Professor Michael Edgeworth McIntyre is an eminent scientist who has also had a part-time career as a musician. From a lifetime's thinking, he offers this extraordinary synthesis exposing the deepest connections between science, music, and mathematics, while avoiding equations and technical jargon. He begins with perception psychology and the dichotomization instinct and then takes us through biological evolution, human language, and acausality illusions all the way to the climate crisis and the weaponization of the social media, and beyond that into the deepest parts of theoretical physics — demonstrating our unconscious mathematical abilities. He also has an important message of hope for the future. Contrary to popular belief, biological evolution has given us not only the nastiest, but also the most compassionate and cooperative parts of human nature. This insight comes from recognizing that biological evolution is more than a simple competition between selfish genes. Rather, he suggests, in some ways it is more like turbulent fluid flow, a complex process spanning a vast range of timescales. Professor McIntyre is a Fellow of the Royal Society of London (FRS) and has worked on problems as diverse as the Sun's magnetic interior, the Antarctic ozone hole, jet streams in the atmosphere, and the psychophysics of violin sound. He has long been

interested in how different branches of science can better communicate with each other and with the public, harnessing aspects of neuroscience and psychology that point toward the deep 'lucidity principles' that underlie skilful communication. The Last Protector (James Marwood & Cat Lovett, Book 4) Alison Green Books

Just Kidding! is the first book in a hilarious series of short stories about the world's smartest, craziest and most annoying practical joker from the creators of the bestselling Treehouse series, Andy Griffiths and Terry Denton. You will love this book. 1-2. You are a good practical joker. You will love this book. 0. You are not a practical joker. You will love this book. (Just Kidding! was originally published as Just Tricking!)

Australian Book Review Allen & Unwin

An edited collection of papers published by YoungMinds and funded by Health Education England. With 1 in 3 adult mental health conditions related directly to adverse childhood experiences, it is vital that we understand the impact that adversity and trauma can have on the mental health and wellbeing of young people, and how we can strengthen resilience and support recovery. Addressing Adversity presents evidence, insight, direction and case studies for commissioners, providers and practitioners in order to stimulate further growth in adversity and trauma-informed care, and spark innovation and good practice across England. Section 1: Understanding adversity, trauma and resilience includes evidence and analysis of the impact that adverse childhood experiences and trauma have on children and young people's mental health and wider outcomes across the lifecourse. Section 2: Addressing childhood adversity and trauma includes insights from the NHS in England, organisations and clinicians working with children and young people who have experienced forms of adversity and trauma. Section 3: Emerging good practice includes insight, case studies and working examples of adversity and trauma-informed service models being developed across England. The collection ends with an agenda for change, calling on all Directors of Public Health, commissioners and providers to make adversity and trauma-informed care a priority in their locality.

Shhh! Quiet! PB CRC Press

From Australia's favourite children's storytellers. Is this the right book for you? Take the **SHOCKING TEST** and find out. Do you wish you could drive around in a monster truck crushing everybody and

everything that gets in your way? Do you love watching videos of people having painful accidents? Do you do any - or all - of the following: touch electric fences, play with loaded mousetraps or put buttons up your nose? Do you think stories about exploding pink butterflies are funny? Do you ever laugh so hard that you feel like you're going to throw up all over yourself... and then you actually do? **SCORE:** One point for each yes answer. 3-5: You are a shocking, shocking person! You will love this book. 1-2: You are quite shocking! You will love this book. 0: What a shocking score! You will love this book.

Sticky Beak Random House Australia

When Rowena, who is mute, rescues a pet cockatoo from the class bully, she begins to make sense of her feelings about the new baby her father and stepmother are expecting.

I Survived the Great Chicago Fire, 1871 (I Survived #11) Pan Australia
Andy and Terry live in a treehouse. But it's not just any old treehouse, it's the most amazing treehouse in the world! This treehouse has thirteen stories, a bowling alley, a see-through swimming pool, a secret underground laboratory, and a marshmallow machine that follows you around and automatically shoots marshmallows into your mouth whenever you are hungry. Life would be perfect for Andy and Terry if it wasn't for the fact that they have to write their next book, which is almost impossible because there are just so many distractions, including thirteen flying cats, giant bananas, mermaids, a sea monsters pretending to be mermaids, enormous gorillas, and dangerous burp gas-bubblegum bubbles! Join the fun with The 13-Story Treehouse by Andy Griffiths and Terry Denton. This title has Common Core connections.

Wombat and Fox: Summer in the City Grand Central Publishing
Follows the experiences of an aristocratic family from the turbulent antebellum years through the Civil War, during which they harbor dark secrets and jealously guard their privilege and power.

Charleston Yearling

"[A] glorious, glittery saga of friendship and loss... I read The Air You Breathe in two nights. (One might say I inhaled it.)" --NPR "Echoes of Elena Ferrante resound in this sumptuous saga." --O, The Oprah Magazine
"Enveloping...Pebbles understands the shifting currents of female friendship, and she writes so vividly about samba that you close the book certain its heroine's voices must exist beyond the page." -People
The story of an intense female friendship fueled by affection, envy and pride--and each woman's fear that she would be nothing without the other. Some friendships, like romance, have the feeling of fate. Skinny, nine-year-old orphaned Does is working in the kitchen of a sugar plantation in 1930s Brazil when in walks a girl who changes everything. Gra ç a, the spoiled daughter of a wealthy sugar baron, is clever, well fed, pretty, and thrillingly ill behaved. Born to wildly different worlds, Does and Gra ç a quickly bond over shared mischief, and then, on a deeper level, over music. One has a voice like a songbird; the other feels melodies in her soul and

composes lyrics to match. Music will become their shared passion, the source of their partnership and their rivalry, and for each, the only way out of the life to which each was born. But only one of the two is destined to be a star. Their intimate, volatile bond will determine each of their fortunes--and haunt their memories. Traveling from Brazil's inland sugar plantations to the rowdy streets of Rio de Janeiro's famous Lapa neighborhood, from Los Angeles during the Golden Age of Hollywood back to the irresistible drumbeat of home, *The Air You Breathe* unfurls a moving portrait of a lifelong friendship--its unparalleled rewards and lasting losses--and considers what we owe to the relationships that shape our lives.

The 143-Storey Treehouse Simon and Schuster

New York Times bestselling author Carol Edgarian delivers

“ an all-encompassing and enthralling ” (Oprah Daily) novel featuring an unforgettable heroine coming of age in the aftermath of catastrophe, and her quest for love and reinvention. Meet Vera Johnson, fifteen-year-old illegitimate daughter of Rose, notorious proprietor of San Francisco ’ s most legendary bordello. Vera has grown up straddling two worlds—the madam ’ s alluring sphere, replete with tickets to the opera, surly henchmen, and scant morality, and the quiet domestic life of the family paid to raise her. On the morning of the great quake, Vera ’ s worlds collide. As the city burns and looters vie with the injured, orphaned, and starving, Vera and her guileless sister, Pie, are cast adrift. Disregarding societal norms and prejudices, Vera begins to imagine a new kind of life. She collaborates with Tan, her former rival, and forges an unlikely family of survivors, navigating through the disaster together. “ A character-driven novel about family, power, and loyalty, (San Francisco Chronicle), Vera brings to life legendary characters—tenor Enrico Caruso, indicted mayor Eugene Schmitz and boss Abe Ruef, tabloid celebrity Alma Spreckels. This “ brilliantly conceived and beautifully realized ” (Booklist, starred review) tale of improbable outcomes and alliances takes hold from the first page, with remarkable scenes of devastation, renewal, and joy. Vera celebrates the audacious fortitude of its young heroine, who discovers an unexpected strength in unprecedented times.
