Christians are clearly called to care for orphans, a group so close to the heart of Jesus. In reality, most of the 153 million orphaned and vulnerable children in the world do not need to be adopted, and not everyone needs to become an adoptive parent. However, there are other very important ways to help beyond adoption. Indeed, caring for orphaned and vulnerable children requires us to care about related issues from child trafficking and HIV/AIDS to racism and poverty. Too often, we only discuss or theologize the issues, relegating the responsibility to governments. No one can do everything, but everyone can do something. Based on his own personal journey toward pure religion, Johnny Carr moves readers from talking about global orphan care to actually doing something about it in Orphan Justice. Combining biblical truth with the latest research, this inspiring book: • investigates the orphan care and adoption movement in the U.S. today • examines new data on the needs of orphaned and vulnerable children

• connects “liberal issues” together as critical aspects or orphan care • discovers the role of the church worldwide in meeting these needs • develops a tangible, sustainable action plan using worldwide partnerships • fleshes out the why, what, and how of global orphan care • offers practical steps to getting involved and making a difference

This is the full Mueller Report, as released on April 18, 2019, by the U.S. Department of Justice. A reprint of the report exactly as it was issued by the government, it is without analysis or commentary from any other source and with nothing subtracted except for the material redacted by the Department of Justice. The mission of the Mueller investigation was to examine Russian interference in the 2016 Presidential election, consisting of possible links, or “collusion,” between the Donald Trump campaign and the Russian government of Vladimir Putin as well as any allegations of obstruction of justice in this regard. It was also intended to detect and prosecute, where warranted, any other crimes that surfaced during the course of the investigation. The report consists of a detailed summary of the various investigations and inquiries that the Special Counsel and colleagues carried out in these areas. The investigation was initiated in the aftermath of the firing of FBI Director James Comey by Donald Trump on May 9, 2017. The FBI, under Director Comey, had already been investigating links between Russia and the Trump campaign. Mueller submitted his report to Attorney General William Barr on March 22, 2019, and the Department of Justice released the redacted report one month later.

Blood and Justice Harlequin
A criminal defense attorney "tugs at both the heartstrings and our consciences as he challenges America's true commitment to justice" (Stacey Abrams), offering a blueprint for how public defense programs should work to end mass incarceration. Combining wisdom drawn from over a dozen years as a public defender and cutting-edge research in the fields of organizational and cultural psychology, Jonathan Rapping proposes a radical cultural shift to a "fiercely client-based ethos" driven by values-based recruitment training, awakening defenders to their role in upholding an unjust status quo, and a renewed pride in the essential role of moral lawyering in a democratic society. Public defenders represent over 80% of those who interact with the court system, a disproportionate number of whom are poor, non-white citizens who rely on them to navigate the law on their behalf. More often than not, even the most well-meaning of those defenders are over-worked, under-funded, and incentivized to put the interests of judges and politicians above those of their clients in a culture that beats the passion out of talented, driven advocates, and has led to an embarrassingly low standard of justice for those who depend on the promises of *Gideon v. Wainwright*. Through the story of founding *Gideon's Promise* and anecdotes of his time as a defender and teacher, Rapping reanimates the possibility of public defenders serving as a radical bulwark against government oppression and a megaphone to amplify the voices of those they serve.
