Austen's remarkable writings between the ages of eleven and seventeen.

**Jane Austen Juvenilia and Short Stories**

Bloomsbury Publishing Jane Austen's brilliant, hilarious - and often outrageous - early stories, sketches and pieces of nonsense, in a beautiful Penguin Classics clothbound edition. Jane Austen's earliest writing dates from when she

was just eleven years, and already shows the hallmarks of her mature work: wit, acute insight into human folly, and a preoccupation with manners, morals and money. But they are also a product of the eighteenth century she grew up in - dark, grotesque, often surprisingly bawdy, and a far cry from the polished, sparkling novels of manners for which she became famous.

Drunken heroines, babies who bite off their mother's fingers, and a letter-writer who has murdered her whole family all feature in these very funny pieces. This edition includes all of Austen's juvenilia, including her 'History of England' - written by 'a partial, prejudiced, and ignorant Historian' - and the novella 'Lady Susan', in which the anti-

---

heroine schemes and cheats her way through high society. Taken together, they offer a fascinating - and often surprising - insight into the early Austen. This major new edition is the first time Austen's juvenilia has appeared in Penguin Classics. Edited by Christine Alexander, it includes an introduction, notes and other useful editorial materials.	Jane Austen was born on 16 December 1775 at Steventon, near Basingstoke, the seventh child of the rector of the parish. In her youth she wrote many burlesques, parodies and other stories, including a short epistolary novel, Lady Susan. On her father's retirement in 1801, the family moved to Bath, and subsequently to Chawton in Hampshire. The novels published	in Austen's lifetime include Sense and Sen sibility(1811),Pride and Prejudice (1813), Mansfield Park (1814) and Emma (1816). Persuasion was written in a race against failing health in 1815-16, and was published, together with Northanger Abbey, posthumously in 1818. Austen died in Winchester on 18 July 1817. Christine Alexander is Scientia Professor of English

at the University of New South Wales and general editor of the Juvenilia Press. She has published extensively on the Brontës and has co-edited the first book on literary juvenilia, *The Child Writer from Austen to Woolf* (2005). 'Spirited, easy, full of fun verging with freedom upon sheer nonsense...At fifteen she had few illusions about other people and none about

herself' - Virginia Woolf' [Her] inspiration was the inspiration of Gargantua and of Pickwick; it was the gigantic inspiration of laughter' - G. K. Chesterton

Jane Austen's juvenilia as a key to the structure of her first three mature novels Pan Macmillan

When Jane Austen died, at the age of 41, she left behind her not only six novels but a large number of manuscripts, ranging from juvenile works to the novel that she was writing at the time of her final illness. The six

published novels are now undisputed classics. The manuscripts, however, despite the extraordinary writing they contain and the way in which they illuminate Jane Austen's work as a novelist, are much less well known. From the brilliance of the juvenilia to the urbane modernity of 'Sanditon' these works show Austen pushing the conventional boundaries of fiction, exploring the implications of vulgarity and violence, experimenting with different styles and tones, and practicing and refining her arts of narrative. This Broadview Edition includes "Lady

---

Susan, ' " The Watsons, " " Sanditon, " and ten important early manuscript works. Historical appendices include Austen ' s letters on fiction; continuations written by Austen ' s niece and nephew of two of her early works; and Sir Walter Scott ' s important critical appraisal of Austen from 1816.

*Annotated Juvenilia*  
Offers a radical new thesis about Jane Austen's construction of

her art and recreates substantial area of her mental and imaginative life.

*Jane Austen, Early and Late*  
Broadview Press

Jane Austen (16 December 1775 - 18 July 1817) was an English novelist known primarily for her six major novels, which interpret, critique and comment upon the British landed gentry at the end of the 18th century. Austen's plots often explore the dependence of women on marriage in the pursuit of favourable social standing and economic security. Her works critique the novels of

---

sensibility of the second half of the 18th century and are part of the transition to 19th-century literary realism. Her use of biting irony, along with her realism and social commentary, have earned her acclaim among critics and scholars. With the publications of "Sense and Sensibility" (1811), "Pride and Prejudice" (1813), "Mansfield Park" (1814) and "Emma" (1816), she achieved success as a published writer. She wrote two additional novels, "Northanger Abbey" and "Persuasion", both published posthumously in 1818, and began another, eventually titled "Sanditon", but died before its completion. She also left behind three volumes of juvenile writings in manuscript and another unfinished novel, "The Watsons". Her six full-length novels have rarely been out of print, although they were published anonymously and brought her moderate success and little fame during her lifetime. A significant transition in her posthumous reputation occurred in 1833, when her novels were republished in Richard Bentley's Standard Novels series, illustrated by Ferdinand Pickering, and sold as a set. They gradually gained wider acclaim and popular readership. In 1869, fifty-two years after her death, her nephew's publication of "A Memoir of Jane Austen" introduced a compelling version of her writing career and supposedly uneventful life to an eager audience. Austen has inspired a large number of critical essays and literary anthologies. Her novels have inspired many films, from 1940's "Pride and Prejudice" to more recent productions like "Sense and Sensibility" (1995) and "Love & Friendship" (2016).

<p>that Austen deserves.’          Caroline Criado-Perez,          Guardian Almost everything we          think we know about Jane          Austen is wrong. Her novels          don’t confine themselves to          grand houses and they were          not written just for readers’          enjoyment. She writes about          serious subjects and her books          are deeply subversive. We just          don’t read her properly - we          haven’t been reading her          properly for 200 years. Jane          Austen, The Secret Radical          puts that right. In her first,          brilliantly original book, Austen          expert Helena Kelly introduces          the reader to a passionate          woman living in an age of          revolution; to a writer who used</p>	<p>what was regarded as the          lightest of literary genres, the          novel, to grapple with the          weightiest of subjects –          feminism, slavery, abuse, the          treatment of the poor, the          power of the Church, even          evolution – at a time, and in a          place, when to write about          such things directly was seen          as akin to treason. Uncovering          a radical, spirited and political          engaged Austen, Jane Austen,          The Secret Radical will          encourage you to read Jane,          all over again.  <u>The Juvenilia of Jane Austen          and Charlotte Brontë</u> Yale          University Press          Musaicum Books presents to          you this carefully created</p>	<p>volume of "The Complete          Works of Jane Austen          (Including Novels, Personal          Letters &amp; Scraps)". This ebook          has been designed and          formatted to the highest digital          standards and adjusted for          readability on all devices.          Content: Sense and Sensibility          Pride and Prejudice Mansfield          Park Emma Northanger Abby          Persuasion The Watsons          Sanditon Lady Susan Love and          Freindship Lesley Castle The          History of England Letters          Scraps Jane Austen          (1775–1817) was an English          novelist whose works of          romantic fiction, set among the          landed gentry, earned her a          place as one of the most</p>

widely read writers in English literature. Her realism and biting social commentary have gained her historical importance among scholars and critics.

Juvenilia - Volume I: Jane Austen (Short Stories, Romance, Classics, Literature) [Annotated]

Cambridge University Press  
'Jane Austen practising'  
Virginia Woolf Three notebooks of Jane Austen's teenage writings survive. The earliest pieces probably date from 1786 or 1787, around the time that Jane, aged 11 or 12, and her older sister and collaborator

Cassandra left school. By this point Austen was already an indiscriminate and precocious reader, devouring pulp fiction and classic literature alike; what she read, she soon began to imitate and parody. Unlike many teenage writings then and now, these are not secret or agonized confessions entrusted to a private journal and for the writer's eyes alone. Rather, they are stories to be shared and admired by a named audience of family and friends. Devices and themes which appear subtly in

Austen's later fiction run riot openly and exuberantly across the teenage page. Drunkenness, brawling, sexual misdemeanour, theft, and even murder prevail. *Money & marriage in Jane Austen's Juvenilia* Penguin Classics  
Juvenilia Jane Austen wrote a number of shorter stories in her younger years; she filled three volumes with these 'Juvenilia'. Jane Austen's collection of Juvenilia equates to over 90,000 words which was composed in approximately 6 years. The Juvenilia presents pure human passions. She displays

---

themes of murder, gluttony, drunkenness and many more with little subtlety, something in which she masters in her more mature novels. Before becoming the author of such classics as *Sense and Sensibility*, *Pride and Prejudice*, and *Emma*, Jane Austen experimented with various writing styles as a teenager in the early 1790s. This is a collection of her juvenilia, including the epistolary novels *Love and Freindship*, *Lesley Castle*, and *Lady Susan*, as well as her comic *History of England* and some shorter pieces.

**boxed set** Brown Posey Press

"Jane Austen's six novels, published toward the end of her short life, represent a body of work that is as brilliant as it is compact. Her earlier writings have routinely been dismissed as mere juvenilia, or stepping stones to mature proficiency and greatness. Austen's first biographer described them as "childish effusions." Was he right to do so? Can the novels be definitively separated from the unpublished works? In *Jane Austen, Early and Late*, Freya Johnston argues that they cannot. Examining the three manuscript volumes in

which Austen collected her earliest writings, Johnston finds that Austen's regard and affection for them are revealed by her continuing to revisit and revise them throughout her adult life. The teenage works share the milieu and the humour of the novels, while revealing more clearly the sources and influences upon which Austen drew. Johnston upends the conventional narrative, according to which Austen discarded the satire and fantasy of her first writings in favour of the irony and realism of the novels. By demonstrating a stylistic and thematic continuity across the full range of Austen's work,

Johnston asks whether it makes sense to speak of an early and a late Austen at all."--Provided by publisher.

*Jane Austen, Young Author*

---

Taylor & Francis

In her lively and accessibly written book, Juliet McMaster examines Jane Austen's acute and frequently uproarious juvenile works as important in their own right and for the ways they look forward to her novels.

Exploring the early works both collectively and individually, McMaster shows how young Austen's fictional world, peopled by guzzlers and unashamed self-seekers, operates by an ethic of energy rather than the sympathy that dominates the novels. A fully self-conscious artist, young Jane experimented freely with literary modes - the epistolary,

the omniscient, the drama.

Early on, she developed brilliantly pointed dialogue to match her characters. Literary parody impels her creativity, and McMaster's sustained study of *Love and Friendship* shows the same intricate relation of the parody to the work it parodies that we later see with *Northanger Abbey* and the Gothic novel. As an illustrator herself, McMaster is especially attuned to the explicit and sometimes hilarious descriptions of bodies that preceded Austen's famous reticence about physicality. Rather than focusing on the immaturities of the juvenilia, McMaster maps

the gradual shifts in tone and emphasis that signpost Austen's journey as a writer. She shows, for instance, how the shameless husband-hunting in *The Three Sisters* and the vigorous partisanship of *The History of England* lead on to *Pride and Prejudice*. Her book will appeal to Austen's critics and to passionate general readers, as well as to scholars working in the fields of juvenilia, children's literature, and childhood studies.

*Volume the First* National Geographic Books

Few centuries have seen greater changes in social perspective and guiding

---

ideas than the eighteenth century; literature in every Western country was a powerful instrument not only in recording these changes but in bringing them about. In England, the rise and development of a new literary form – the novel – graphically mirrors that great transition in social ideology, often with rare entertainment. Originally published in 1965, in the words of Professor Steeves: 'This volume is to deal with the years in which the novel was still an experiment. At the beginning of the

eighteenth century there was no novel. By the end, novels of every description were being published, not in dozens, but in hundreds. The badness of the product was universally recognized, but perhaps fifty had emerged out of the ruck of mediocrity, some tolerable, some good, and some great.' The author tells us that it is the province of the novel 'to deal with what seems to be real people, in situations which have the tang of the life of the time and which pose significant problems related to that life.'

He examines the changing view of the social scene in the works of the great novelists of the period – Defoe, Richardson, Fielding, Smollett, and Sterne – and in the less familiar but still significant novels of others from the time. The discussion ends with Austen because she comes 'exactly at the end of a century highly important in intellectual and cultural history, and at the beginning of another century equally epoch-making.... Miss Austen can properly be called the first modern English novelist, the earliest

---

to be read with the feeling that she depicts our life, and not a life placed back somewhere in history, or off somewhere in imagined space'.

Jane Austen - Juvenilia -  
Routledge

Jane Austen had a Life! is the first complete guide to Jane Austen's Juvenilia, thirty-one Novels, Tales, Letters, short plays and a poem she wrote between the ages of twelve and seventeen. It includes a chapter on each of the thirty-one pieces in her Juvenilia, and a detailed guide to their

major themes. Like any teenager, Jane reveals her emotions, describes her adventures, gives us her view of the world. She writes about young women taking the initiative in love and life, about difficult parents, overbearing adults, about family secrets and the busybodies who gossip about them, about love, loss and regret. Jane Austen had a Life! is a book for all lovers of Jane Austen, for students of her writing, for their teachers and tutors.

Discover the young Jane Austen, the characters she

created to illustrate her world, her feelings and her aspirations for the future.
