Martin's Press

Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in-depth reviews.

Popular Photography Fountain Press, Limited

This book is essential for audio power amplifier designers and engineers for one simple reason...it enables you as a professional to develop reliable, high-performance circuits. The Author Douglas Self covers the major issues of distortion and linearity, power supplies, overload, DC-protection and reactive loading. He also tackles unusual forms of compensation and distortion produced by capacitors and fuses. This completely updated fifth edition includes four NEW chapters including one on The

XD Principle, invented by the author, and used by Cambridge Audio. Crosstalk, power amplifier input systems, and microcontrollers in amplifiers are also now discussed in this fifth edition, making this book a must-have for audio power amplifier professionals and audiophiles.

Working with HDV

Over the past few years, HDV has burst onto the professional video production landscape and is changing the world of high-definition acquisition. Are you ready to make the transition to HDV? Let this book, with its clear,

unbiased overview of HDV, be your guide. More than a catalog of HDV products, this book provides you with perspective on the driving forces behind high-definition, technical information about digital video technologies that's easy to follow, and real-world tips for getting the most out of your HDV investment. The book also includes a tear-out focusing chart, HDV resource guide, and detailed glossary for quick reference, making it a timely and valuable resource for video professionals and students.

Working with HDV provides the answers to some of the big questions surrounding this exciting format: - Why has HDV become so popular so quickly? - Is HDV right for your next project? - What are your HDV camcorder/equipment options? - How does HDV differ from other video formats? - Why is shooting with HDV similar to shooting with a film camera? - How will you manage your HDV post production workflow? - Does HDV make good business sense for your operation? -

What are the alternatives to HDV on the market? Don't get left behind as HDV momentum continues to build--get up and running quickly with this handy guide that demystifies what to use and how to use it.

The Traffic Bulletin
Written by Digital Video columnist and Clio-winning sound designer Jay Rose, this book explains hundreds of real-world techniques to use from pre-production through mix. You get how-tos, tips and time-savers, plus tutorials on key skills such as dialog and music editing. With an audio CD of sample tracks and diagnostic tools, this is a complete audio

training resource as well as a quick problem-solving guide.

3DIY

Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in-depth reviews.

HWM

A must-have read for anyone looking to take their independently-produced film or video into the 3rd dimension. The text features technical, practical, and inspirational insight from the visionaries who've been producing 3D film and video for decades, not just in the recent past. They offer low-cost techniques and tricks they've been implementing

themselves for years. A variety of styles are discussed, from full CG to time lapse - even a film made during a freefall skydive jump! The filmmakers discuss * Options for on-set playback * Preparing for final playback in various formats * Adapting existing technology to your needs * Post production software choices * Working with computer graphics in 3D This book includes 3D glasses and a companion YouTube channel featuring the work of the filmmakers featured in the book (which you can view in 3D with the glasses), as well as the opportunity for you to upload your own videos for critique and feedback from the author and others. 3D glasses are not included in the purchase of the

e-book of 3-DIY. If you have purchased the e-book, and would like a pair of 3D glasses, please contact the publisher at Dennis.McGonagle@taylorandfrancis.com
