Hock the platinum. Take down the vacation photos. Cancel the joint checking account. There's no question . . . Divorce Sucks. And perhaps no one knows that better than author Mary Jo Eustace, whose ex-husband Dean McDermott married Tori Spelling a mere thirty days after their divorce was finalized. One part tell-all and one part guide to get readers on their feet after a bitter breakup, this hilarious addition to the bestselling Sucks series tells everything readers don't want to know about divorce - from what a phone call with a lawyer will cost; to how to handle your newer, younger replacement; to what Hollywood divorcees are actually thinking when they watch their ex walk the red carpet with a millionairess. Sometimes horrifying, sometimes gratifying, and never merciful, this book will give readers an inside look at one of today's most public divorces while reminding them - hey, it could always be worse.

[The Little Book of Restorative Justice](#) Cengage Learning

Howard Zehr is the father of Restorative Justice and is known worldwide for his pioneering work in transforming understandings of justice. Here he proposes workable principles and practices for making Restorative Justice possible in this revised and updated edition of his bestselling, seminal book on the movement. (The original edition has sold more than 110,000 copies.) Restorative Justice, with its emphasis on identifying the justice needs of everyone involved in a crime, is a worldwide movement of growing influence that is helping victims and communities heal, while holding criminals accountable for their actions. This is not soft-on-crime, feel-good philosophy, but rather a concrete effort to bring justice and healing to everyone involved in a crime. In *The Little Book of Restorative Justice*, Zehr first explores how restorative justice is different from criminal justice. Then, before letting those appealing observations drift out of reach into theoretical space, Zehr presents Restorative Justice practices. Zehr undertakes a massive and complex subject and puts it in graspable form, without reducing or trivializing it. This resource is also suitable for academic classes and workshops, for conferences and trainings, as well as for the layperson interested in understanding this innovative and influential movement.

A New York Times Top Ten Book of the Year and National Book Award finalist,

Pachinko is an "extraordinary epic" of four generations of a poor Korean immigrant family as they fight to control their destiny in 20th-century Japan (San Francisco Chronicle). NEW YORK TIMES NOTABLE BOOK OF 2017 * A USA TODAY TOP TEN OF 2017 * JULY PICK FOR THE PBS NEWSHOUR-NEW YORK TIMES BOOK CLUB NOW READ THIS * FINALIST FOR THE 2018 DAYTON LITERARY PEACE PRIZE * WINNER OF THE MEDICI BOOK CLUB PRIZE Roxane Gay's Favorite Book of 2017, Washington Post NEW YORK TIMES BESTSELLER * #1 BOSTON GLOBE BESTSELLER * USA TODAY BESTSELLER * WALL STREET JOURNAL BESTSELLER * WASHINGTON POST BESTSELLER "There could only be a few winners, and a lot of losers. And yet we played on, because we had hope that we might be the lucky ones." In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, *Pachinko* is a story of love, sacrifice, ambition, and loyalty. From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history. *Includes reading group guide*

'A beautiful read / a perfect primer for an explosive lesbian affair / an essential truth' Lena Dunham 'I have meditated repeatedly on what it was about Finn that had me so dismantled.' A young woman moves from the countryside to the city. Inexplicably, inexorably and immediately, she falls in love with another woman for the first time in her life. Finn is nineteen years older than her, wears men's clothes, has a cocky smirk of a smile - and a long-term girlfriend. With precision, wit and tenderness, *Women* charts the frenzy and the fall out of love.

Revised papers en comments that were presented at the meeting organised in Maastricht, in October 2002. The aim of the meeting was threefold: to provide input for the CEDAW Committee; stimulate the legal debate on the issue of temporary measures; and contribute towards the promotion of positive action measures in the Netherlands.

Tropical Plant Science SAGE

Those aren't stars, darling That's your nervous system Nanna didn't take you to planetariums like this --from "Hyper-Bercese: 3 A.M." August Kleinzahler's new poems stretch and go places he has never gone before: they have his signature high color and rhythmic jump, but they take on a breadth of voice and achieve registers that his earlier work only hinted at. Ranging from Vegas and Mayfair to the Asian steppes and contemporary Berlin, these poems touch down at will in tableaux where Liberace unceremoniously meets with St. Kevin and Attila with Zsa Zsa Gabor.

Surprise after surprise, nothing seems to lie outside Kleinzahler's purview. This is the strongest collection to date from a poet with "the vision and confident skill to make American poetry new" (Clive Wilmer, *The Times* [London]).

PREFACE. THE Author of this very practical treatise on Scotch Loch -

Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend- ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream- fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same

chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

A Grammar of the Asante and Fante Language Called Tshi (Chwee, Twi) Based on the Akuapem Dialect with Reference to the Other (Akan and Fante) Dialects NYU Press
Celia was paying Jethro to be her husband—so she was disconcerted to discover Jethro was actually a multimillionaire. Why had he agreed to marry—if he didn't need the money...? All Celia had wanted to do was grant her dying father's wish to see her happily married. Now she must spend day and night pretending to be madly in love with her gorgeous new groom. And, although she'd stipulated "no sex" in the contract, it was exactly that clause she was finding impossible to keep....

NAKAMA 1 is a complete, flexible introductory program designed to present the fundamentals of the Japanese language to users. The NAKAMA 1 program focuses on proficiency-based language learning, emphasizes practical communication and student interaction, and fosters the development of all four language skills and cultural awareness. Thematically organized chapters focus on high-frequency communicative situations and introduce students to the Japanese language and its three writing systems: hiragana, katakana, and kanji. Maintaining the program's balanced approach, the new edition features updated technology resources, updated culture, and contemporary vocabulary to enhance both teaching and learning. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Nudes Farrar, Straus and Giroux

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

Travels in Asia and Africa, 1325-1354 Cambridge University Press

As we move towards an increasingly knowledge-based economy, the ability to manage knowledge becomes a matter of competitive survival. Whilst current literature addresses the subject only partially, from a human resource, information systems or practitioner perspective, this is the first textbook to bring together and integrate all these dimensions. Knowledge Management: An Integrated Approach is centred around five parts of the knowledge cycle - discovering knowledge, generating knowledge, evaluating knowledge, sharing knowledge and leveraging knowledge. The bLEND of theory and practice makes this the ideal resource for students studying knowledge management courses within business management, information science and computer science degrees at both undergraduate and postgraduate levels. Key features

- The first truly integrated approach to knowledge management offers the student the most realistic and complete perspective.
- Case studies and vignettes from a range of sectors and organisations illustrate the theory in practice.
- The comprehensive coverage offers an accessible bridge between disciplines for students and practitioners in the fields of human resource management, information systems and strategic management.
- Chapters on intellectual capital and the philosophy of knowledge demonstrate the breadth of coverage from the evolution of the subject area to the

leading edge of contemporary research.

- Learning outcomes, exercises and questions for further thought stimulate the reader and encourage them to reflect on their learning.
- This is an excellent book which manages to combine a consideration of the philosophy of knowledge with the practical discussion of what it means to 'manage knowledge' in an organisational context. The book integrates many disparate strands from the literature and in doing so provides a comprehensive and coherent coverage of this emerging area.

Professor Sue Newell, Trustee Professor, Department of Management, Bentley College, USA

'This book provides a very useful summary of key works and current debates in the fields of organisational learning and knowledge management. It will be of value both to new students and to experienced scholars who are looking for a succinct overview of the field.'

Professor Mark Easterby-Smith, Professor of Management Learning, School of Management, Lancaster University, UK and Chair, British Academy of Management

Dr Ashok Jashapara is an internationally recognised expert in the field of knowledge management and Chair of the Knowledge Management Research Group at Loughborough University. He has considerable consultancy experience in Europe and the United States and has recently completed a knowledge management assignment for the United Nations in the Far East. He is Senior Lecturer in Knowledge Management in the most prestigious and highly rated information science department in the UK. He has published widely in leading books and journals and has won a number of awards for his writing.
