In September of 1893, Norwegian zoologist Fridtjof Nansen and a crew manned the schooner Fram, intending to drift, frozen in the Arctic pack-ice, to the North Pole. When it became clear that they would miss the pole, Nansen and his companion Hjalmar Johansen struck off by themselves. Racing the shrinking pack-ice, they attempted, by dog-sled, to go "farthest north." They survived a winter in a moss hut eating walrus and polar bears, and the public assumed they were dead. In the spring of 1896,

after three years of trekking, and having made it to within four degrees of the pole, they returned to safety. Nansen's narrative stands with the best writing on polar exploration.

Pulitzer Prize winner Sylvia Plath's complete poetic works, edited and introduced by Ted Hughes. By the time of her death on 11, February 1963, Sylvia Plath had written a large bulk of poetry. To my knowledge, she never scrapped any of her poetic efforts. With one or two exceptions, she brought every piece she worked on to some final form acceptable to her, rejecting at most the odd verse, or a false head or a false tail. Her attitude to her verse was artisan-like: if she couldn't get a table out of the material, she was quite happy to get a chair, or even a toy. The end product for her was not so much a successful poem, as something that had temporarily exhausted her ingenuity. So this book contains not merely what verse she saved, but—after 1956—all she wrote. — Ted Hughes, from the Introduction

From Frida Kahlo and Elizabeth Taylor to Nora Ephron, Carrie Fisher, and Lena Dunham, this witty narrative explores what we can learn from the imperfect and extraordinary legacies of 29 iconic women who forged their own unique paths in the world. Smart, sassy, and unapologetically feminine, this elegantly illustrated book is an ode to the bold and charismatic women of modern history. Best-selling author Karen Karbo (*The Gospel According to Coco Chanel*) spotlights the spirited rule breakers who charted their way with little regard for expectations: Amelia Earhart, Helen Gurley Brown, Edie Sedgwick, Hillary Clinton, Amy Poehler, and Shonda Rhimes, among others. Their lives--imperfect, elegant, messy, glorious--provide inspiration and instruction for the new age of feminism we have entered. Karbo distills these lessons with wit and humor, examining the universal themes that connect us to each of these mesmerizing personalities today: success and style, love and authenticity, daring and courage. Being "difficult," Karbo reveals, might not make life easier. But it can make it more fulfilling--whatever that means for you. In the Reader's Guide included in the back of the book, Karbo asks thought-provoking questions about how we relate to each woman that will make for fascinating book club conversation.

David Livingstone Phakamile Yali-Manisi (1926-1999) was a Thembu imbongi, the most powerful exponent of the art of praise poetry in the Xhosa language in the second half of the 20th century. His literary career, however, was blighted by circumstances beyond his control, and he died in total obscurity. Manisi was obliged to seek his audiences throughout the lifetime of South Africa's reviled policy of apartheid; and, the poet's reputation, initially full of promise, waned as a consequence. He was a lifelong supporter of Nelson Mandela and the author of the earliest poem in praise of Mandela (1954), but he was never able to fulfill his ambition of performing a poem in honor of Mandela in a liberated South Africa. Manisi exhibited a marked penchant for extending the panegyric mode of the imbongi into explicit narrative. He also displayed an astonishing capacity to compose poetry in the act of performance. This volume presents eight of his narrative poems, in isiXhosa and in English translation. Four poems are drawn from his earliest published books, together with the complete text of his epic poem on the War of Mlanjeni, published in 1983. Also included are three remarkable spontaneous poems produced with little forethought. The poems address events of the 19th century, and feature blunt assessments of figures such as Ntsikana, Ngqika, Nonesi, Sandile, Sir Harry Smith, Nongqawuse, and Sir George

Grey. David Yali-Manisi ardently anticipated the restoration of black control under those imprisoned on Robben Island; fighters for liberty, quite as heroic as the crane-feathered warriors of the 19th century. His poetry, both written and performed, plumbed the past to inspire resistance to present injustices. A child wanders too far into the Knysna Forest ... he never returns. Nine years later government officials working on a census find a white child living with a Coloured family in the mountains beyond the forest. They take him away from the stricken Fiela, who has brought him up as her son, and give him back to his 'original' family. Stunned and helpless, Benjamin waits for Fiela to reclaim him. But, powerless against authority, Fiela never comes. Benjamin has to grow up before he can go in search of the truth ...

The instant New York Times bestseller from the mysterious and romantic poet Atticus, Instagram sensation and author of *Love Her Wild* and the *Dark Between Stars*. In his third collection of poems, Atticus takes us on adventure to discover the truth about magic. Through heartbreak and falling in love, looking back and looking inward, he writes about finding ourselves, finding our purpose, and the simple joys of life with grace, wit, and longing. Whether it's drinking wine out of oak barrels, laughing until you cry, dancing in old barns until the sun comes up, or making love on sandy beaches, Atticus reminds us that magic is everywhere—we simply have to look for it.

'Phillippa is compassionate, insouciant and outspoken' Moira Richards on *Taller than Buildings* The everyday wife is a handy little book of practical poetry for any occasion. Mischievous and profound words recreate everyday life in South Africa and other parts of the world. In this, her second volume of poetry, Phillippa Yaa de Villiers unravels the security blanket of routines, exposing the soul of the quotidian. What treats are served up in this new book of poems by Phillippa Yaa de Villiers! Like the best of poets, she makes language do her bidding, wresting new sense from familiar images and situations, surprising us and ambushing our expectation Phillippa Yaa de Villiers illuminates relationships of many kinds and many intensities between lovers, children and parents, the politics of emotion shared and remembered and confronted, sustained across the distance of place or memory Sometimes, as in 'The Organ of Love' which manages that crucial combination of passion and humour she makes meaning hold on to the last word of the poem like the last drop of a delicious drink. Ever since Nelson Mandela dramatically walked out of prison in 1990 after twenty-seven years behind bars, South Africa has been undergoing a radical transformation. In one of the most miraculous events of the century, the oppressive system of apartheid was dismantled. Repressive laws mandating separation of the races were thrown out. The country, which had been carved into a crazy quilt that reserved the most prosperous areas for whites and the most desolate and backward for blacks, was reunited. The dreaded and dangerous security force, which for years had systematically tortured, spied upon, and harassed people of color and their white supporters, was dismantled. But how could this country--one of spectacular beauty and promise--come to terms with its ugly past? How could its

people, whom the oppressive white government had pitted against one another, live side by side as friends and neighbors? To begin the healing process, Nelson Mandela created the Truth and Reconciliation Commission, headed by the renowned cleric Archbishop Desmond Tutu. Established in 1995, the commission faced the awesome task of hearing the testimony of the victims of apartheid as well as the oppressors. Amnesty was granted to those who offered a full confession of any crimes associated with apartheid. Since the commission began its work, it has been the central player in a drama that has riveted the country. In this book, Antjie Krog, a South African journalist and poet who has covered the work of the commission, recounts the drama, the horrors, the wrenching personal stories of the victims and their families. Through the testimonies of victims of abuse and violence, from the appearance of Winnie Mandela to former South African president P. W. Botha's extraordinary courthouse press conference, this award-winning poet leads us on an amazing journey. *Country of My Skull* captures the complexity of the Truth Commission's work. The narrative is often traumatic, vivid, and provocative. Krog's powerful prose lures the reader actively and inventively through a mosaic of insights, impressions, and secret themes. This compelling tale is Antjie Krog's profound literary account of the mending of a country that was in colossal need of change.

Sylvia Plath is widely recognized as one of the leading figures in twentieth-century Anglo-American literature and culture. Her work has constantly remained in print in the UK and US (and in numerous translated editions) since the appearance of her first collection in 1960. Plath's own writing has been supplemented over the decades by a wealth of critical and biographical material.

The Body of Poetry collects essays, reviews, and memoir by Annie Finch, one of the brightest poet-critics of her generation. Finch's germinal work on the art of verse has earned her the admiration of a wide range of poets, from new formalists to hip-hop writers. And her ongoing commitment to women's poetry has brought Finch a substantial following as a "postmodern poetess" whose critical writing embraces the past while establishing bold new traditions. The Body of Poetry includes essays on metrical diversity, poetry and music, the place of women poets in the canon, and on poets Emily Dickinson, Phillis Wheatley, Sara Teasdale, Audre Lorde, Marilyn Hacker, and John Peck, among other topics. In Annie Finch's own words, these essays were all written with one aim: "to build a safe space for my own poetry. . . . [I]n the attempt, they will also have helped to nourish a new kind of American poetics, one that will prove increasingly open to poetry's heart." Poet, translator, and critic Annie Finch is director of the Stonecoast low-residency MFA program at the University of Southern Maine. She is co-editor, with Kathrine Varnes, of *An Exaltation of Forms: Contemporary Poets Celebrate the Diversity of Their Art*, and author of *The Ghost of Meter: Culture and Prosody in American Free Verse*, *Eve*, and *Calendars*. She is the winner of the eleventh annual Robert Fitzgerald Prosody Award for scholars who have made a lasting contribution to the art and science of versification.

This book is a thorough revision of the highly successful text first published in 1994. The authors retain the multidisciplinary approach that presents research from linguistics, sociology, psychology, and education,

in a format designed for use in an introductory course for undergraduate or graduate students. The research is updated throughout and there are new sections and chapters in this second edition as well. New chapters cover child language acquisition (first and second), Universal Grammar, and instructed language learning; new sections address issues, such as what data analysis doesn't show, replication of research findings, interlanguage transfer (multilingual acquisition and transfer), the aspect hypothesis, general nativism, connectionist approaches, and implicit/explicit knowledge. Major updates include nonlanguage influences and the lexicon. The workbook, *Second Language Learning Data Analysis*, Second Edition, makes an ideal accompaniment to the text.
