Slavery was abolished in the British empire in 1835. The demand for sugar was exploding with people consuming increasing amounts of sugar in chooclates, tea and sweets. To fuel the growing first-world sugar industry of the late 1800s, 1.3

million Indians were shipped to labor on sugarcane plantations in Mauritius, South Africa, Caribbean, Fiji and Reunion. The indenture system was not too different from slavery. Coolies labored from dawn to dusk, day after day, year after year in inhuman working and living conditions. This book is about the search for my great grandfather and the story of Indian Indenture.

In the heat of the city, a man is out of time: speeding in a beat-up Ford Tempo, blasting easy-listening music. Reporter Steve Everett drinks too much,

makes love to his boss's wife, and has just stumbled upon a shocking truth: a convicted killer is about to be executed for a crime he didn't commit. In the cold confines of Death Row, Frank Beachum is also out of time. Ready to say good-bye to the wife and child he loves and hello to the God he still believes in, Beachum knows he did not kill a convenience store clerk six years ago. But in a few hours—if Steve Everett can't find the evidence to stop it—a needle is going to pierce

Frank Beachum's skin. The killing machine is primed. The executioner is waiting. And so is the priest. Now the clock is ticking down and the race is on—between the reporter and his demons, between the system and its lethal flaws, between the last innocent man and society's ultimate crime. . . .

Indian Stories: Images and Thoughts Oxford University Press

The South India story attempted here is of a peninsular region influenced by the oceans, not by the Himalayas. Yet it is more than that. It is a story of facets of four powerful cultures—Kannada, Malayalam, Tamil and Telugu, to name them in alphabetical order—and yet more than that, for Kodava, Konkani, Marathi, Oriya and Tulu cultures have also influenced it, as also other older and possibly more indigenous cultures often seen as tribal, as well as cultures originating in other parts of India and the world. With South India's Malayalam region being (in modern times) the most balanced in terms of religion and also the most literate, its Kannada zone occupying South India's geographical centre and containing the sites

of the Vijayanagara kingdom and also the kingdom of Haider and Tipu, its Telugu portion the largest in area and holding the most people, and its Tamil part the most Dravidian and possessing the oldest literature, the four principal cultures are, unsurprisingly, competitive. But they are also complementary. This is a Dravidian story, and also more than that. It is a story involving four centuries, the seventeenth, eighteenth, nineteenth and twentieth, yet other periods intrude upon it...

Essays on Telugu and South Indian literature and culture by distinguished Telugu scholar Narayana Rao. Velcheru Narayana Rao's contribution to understanding Indian cultural history, literary production, and intellectual life—specifically from the vantage of the Andhra region—has few parallels. He is one of the very rare scholars to be able to reflect magisterially on the precolonial and colonial periods. He moves easily between Sanskrit and the vernacular traditions, and between the worlds of orality and script. This is because of his mastery of the “classical” Telugu tradition. As Sanjay Subrahmanyam puts it in his Introduction, “To command nearly a thousand

years of a literary tradition is no small feat, but more important still is VNR's ability constantly to offer fresh readings and provocative frameworks for interpretation.”

The essays and reflections in *Text and Tradition in South India* bring together the diverse and foundational contributions made by Narayana Rao to the rewriting of India's cultural and literary history. The book is for anyone interested in the history of Indian ideas, the social and cultural history of South India, and the massive intellectual traditions of the subcontinent. Velcheru Narayana Rao is Visweswara Rao and Sita Koppaka Professor in Telugu Culture, Literature, and History at Emory University. His many books include a translation (with David Shulman) of Pi?ga?i S?ranna's *The Demon's Daughter: A Love Story from South India*, also published by SUNY Press, and *Textures of Time: Writing History in South India 1600–1800* (coauthored with David Shulman and Sanjay Subrahmanyam).

Before he emerged as one of the world's most beloved action-adventure writers and the creator of enduring characters such as Tarzan, Edgar Rice Burroughs struggled academically and had extreme difficulties in the process of trying to find his path in life. *The Efficiency Expert* is a

thinly fictionalized account of Burroughs' young adulthood and his wayward -- and highly circuitous -- early career.

The extraordinary story of a Dalit family in southern India Poised to inherit a huge tract of land gifted by the Nizam to his father, twenty-one-year-old Narsiah loses it to a feudal lord. This triggers his migration from Vangapally, his ancestral village in the Karimnagar District of Telangana - the single most important event that would free his family and future generations from caste oppression. Years later, it saves his son Baliah from the fate reserved for most Dalits: a life of humiliation and bonded labour. A book written with the desire to make known the inhumanity of untouchability and the acquiescence and internalization of this condition by the Dalits themselves, Y.B. Satyanarayana chronicles the relentless struggle of three generations of his family in this biography of his father. A narrative that derives its strength from the simplicity with which it is told, My Father Baliah is a story of great hardship and greater resilience.

The classical tradition in Telugu,

the mellifluous language of Andhra Pradesh in southern India, is one of the richest yet least explored of all South Asian literatures. In this volume, Velcheru Narayana Rao and David Shulman have brought together mythological, religious, and secular texts by twenty major poets who wrote between the eleventh and nineteenth centuries, providing an authoritative volume overview of one of the world's most creative poetic traditions. An informative, engaging introduction fleshes out the history of Telugu literature, situating its poets in relation to significant literary themes and historical developments and discussing the relationship between Telugu and the classical literature and poetry of Sanskrit.

Social Economy of Development in India Sahitya Akademi

The urban theatre which emerged under Anglo-European and local influences in colonial metropolises such as Calcutta and Bombay around the mid-nineteenth century marked the beginning of the 'modern period' in Indian theatre,

distinct from classical, postclassical, and more proximate precolonial traditions. A Poetics of Modernity offers a unique selection of original, theoretically significant writings on theatre by playwrights, directors, actors, designers, activists, and policy-makers, to explore the full range of discursive positions that make these urban practitioners 'modern'. The source-texts represent nine languages, including English, and about one-third of them have been translated into English for the first time; the volume thus retrieves a multilingual archive that so far had remained scattered in print and manuscript sources around the country. A comprehensive introduction by Dharwadkar argues for historically precise definitions of theatrical modernity, outlines some of its constitutive features, and connects it to the foundational theoretical principles of urban theatre practice in modern India.

Beyond Bollywood Harper Collins

While 'Indian popular cinema', as if by default, has come to mean Bollywood, there are other cinemas in India which are at least as rewarding to study, the largest and perhaps most intriguing among them coming from South India. Tamil, Malayalam, Telugu and Kannada cinemas have their own colourful histories, megastars and political trajectories. This anthology is an attempt to do justice to the bewildering variety there is in the body as a whole and addresses this diversity in the only way deemed possible, which is to open out the study to different approaches, at the same time to get a comprehensive look at South Indian cinema as never before undertaken.  “ Rocks. Goats. Dry shrubs. Buffaloes. Thorns. A fallen tamarind tree. ” Such were the sights that greeted David Shulman on his arrival in the South Indian state of Andhra Pradesh in the spring of 2006. An expert on South Indian languages and cultures, Shulman knew the region well, but from the moment he

arrived for this seven-month sojourn he actively soaked up such simple aspects of his surroundings, determined to attend to the rich texture of daily life—choosing to be at the same time scholar and tourist, wanderer and wonderer. Lyrical, sensual, and introspective, *Spring, Heat, Rains* is Shulman's diary of that experience. Evocative reflections on daily events—from explorations of crumbling temples to battles with ineradicable bugs to joyous dinners with friends—are organically interwoven with considerations of the ancient poetry and myths that remain such an inextricable part of life in contemporary India. With Shulman as our guide, we meet singers and poets, washermen and betel-nut vendors, modern literati and ancient gods and goddesses. We marvel at the “golden electrocution” that is the taste of a mango fresh from the tree. And we plunge into the searing heat of an Indian summer, so oppressive and inescapable that when the monsoon arrives to banish the heat with sheets of rain, we understand why, year after year, it is celebrated as a miracle. An unabashedly personal account from a scholar whose deep knowledge has never obscured his joy in discovery, *Spring, Heat, Rains* is a passionate act of sharing, an unforgettable gift for anyone who has ever dreamed of India.

Contemporary India's political landscape is characterized by a great deal of social upheaval. This is the result of growing democratic consciousness which is increasingly conflicting with the forces of domination, authoritarianism and hegemony. Against this backdrop, this volume provides an understanding of these forces in both historical and analytical terms. In particular, the seminal essays gathered here explore the specificities of the crucial social categories of class, caste and gender, while simultaneously drawing attention to the arenas in which they intersect.

This book focuses on transactions between English and Telugu through a study of translations and related works published from about the early-nineteenth century to mid-twentieth century. Moving beyond Edward Said's theoretical paradigms which suggest that these interfaces were

driven by imperial and colonial interests, the essays in this volume look at how they also triggered developments within the indigenous literary and cultural practices and evolved new forms of expression. The book will be of great interest to scholars and researchers of linguistics, translation studies, comparative literature, cultural studies and modern South Asian history.
