During most of Finland's history, it had been

ruled by different countries. The first instance of this was the Treaty of Nöteborg in 1323. This treaty was between Sweden and the Novgorod Republic and it established their borders. After the treaty, the majority of Finland became a part of Sweden. From 1323 through 1808, the majority of Finland was a part of Sweden. After 1808, Russia captured the region of Finland from Sweden. Russia captured the region of Finland from 1808 through 1809. Then, in 1906, Finland had its own parliament. Although, Russia recognized Finland's independence on December 31, 1917. In 1906, Finland had universal and equal right to vote which also applied to women. Then, in August of 1939, Finland went under Soviet Union influence. Throughout Finland's history, Finland was not independent very often. Although, when Finland became independent, a man named Johan Vilhelm Snellman advocated and supported the development of Finnish culture and the development of the country. Snellman wanted Finland to have full independence and its own culture. Snellman was born on May 12, 1806 in Sweden. He was born after the establishment of semi-independent Finland. Snellman was a philosopher, statesman, and a journalist. He taught at a university in Helsinki. Snellman wanted Finland to be advanced in education and the arts. Snellman had told the young Finnish people that, "Your success in football does not make me happy! Young Finnish like you not to beat Germans, English, Frenchs, Hungarians by shooting to the ball; Instead of it, with your mind, your heart, science, craft, trade, carpentry I would love to defeat them to take your homeland forward with your willing." This book explains Snellman's ideas on developing a newly growing country. It focuses on increasing the quality of education and the school environment. This book became very popular among developing countries. It was first written in Serbia in 1923 under the title "Zidari of Belly" which translates to "Creators of Life". It was next printed in Bulgarian in 1925 under the title "In the Country of White Lilies". In Bulgarian, the book has gone through 14 editions. The book was also printed in Turkish in 1928. In Turkish, the book has gone through 16 editions. The first president of Turkey, Mustafa Kemal Atatürk, knew that this book held valuable information so he made all public employees read the book, he put it into the school curriculum, and made Turkish officers study the book. This book was then published in Russia in 2004 under the title "Finland, the

Country of White Lilies". Today marks the day that this book was translated to English by Atatürk Research Center CT. (July 2020)

The Naked Lady Who Stood on Her Head Murat YALÇIN

The trajectory of Turkey's Justice and Development Party (AKP) rule offers an ideal empirical window into puzzling shifts in Turkey's domestic politics and foreign policy. The policy transformations under its leader Recep Tayyip Erdogan do not align with existing explanations based on security, economics, institutions, or identity. In *Identity Politics Inside Out*, Lisel Hintz teases out the complex link between identity politics and foreign policy using an in-depth study of Turkey. Rather than treating national identity as cause or consequence of a state's foreign policy, she repositions foreign policy as an arena in which contestation among competing proposals for national identity takes place. Drawing from a broad array of sources in popular culture, social media, interviews, surveys, and archives, she identifies competing visions of Turkish identity and theorizes when and how internal identity politics becomes externalized. Hintz examines the establishment of Republican Nationalism in the wake of imperial collapse and examines failed attempts made by those challenging its Western-oriented, anti-ethnic, secularist values with alternative understandings of Turkishness. She further demonstrates how the Ottoman Islamist AKP used the European Union accession process to weaken Republican Nationalist obstacles in Turkey, thereby opening up space for Islam in the domestic sphere and a foreign policy targeted at achieving leadership in the Middle East. By showing how the "inside out" spillover of national identity debates can reshape foreign policy, *Identity Politics Inside Out* fills a major gap in existing scholarship by closing the identity-foreign policy circle.

FIVE OF STEFAN ZWEIG'S most compelling novellas are presented together in this powerful volume. Fantastic Night is the story of one transforming evening in the life of a rich and bored young man. He spends a day at the races and an evening in the seedy but thrilling company of the dregs of society. His experiences jolt him out of his languor and give him a newfound relish for life, which is then cut short by the Great War. Fantastic Night is joined by The Invisible Collection and Buchmendel, two of Zweig's most powerful works, which explore lives led in the single minded pursuit of art and literature against a backdrop of poverty and corruption. And finally, Letter from an Unknown Woman, Zweig's poignant and heartbreaking tale of the strength and madness of unrequited love and The Fowler Snared, in which it is the man whose passion remains unrequited, complete the collection.

The fourth edition of Historical Dictionary of Turkey covers Ottoman Empire and the Republic of Turkey through a time span of more than six centuries. It presents the basic characteristics of the two periods and traces the developments from an empire to a state-nation, from tradition to modernity, from a sultanate to a republic, and from modest country to a country that is already a regional power and further aspiring becoming a country to be reckoned with. This is done through a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 900 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know

more about Turkey.

The Flea Palace Vintage

A vital and eloquent portrait of modern Turkey drawn from the lives of its ordinary citizens. Written in prison, the stories in *Dawn* offer an unfamiliar glimpse of Turkey and the Middle East. They capture the experiences of the people behind the headlines, the voices that so often go unheard. The young cleaning woman whose bus to work gets caught in a violent protest; the little girl fleeing across the Mediterranean from Syria with her mother; the illegal underage workers building jails; the victim of an 'honour killing'. Tragedy collides vividly with sharp humour and political satire as inmates have their letters vetted by committee and a bus driver tricks a young idealist. The first fiction from the imprisoned progressive politician, former leader of the pro-Kurdish Peoples' Democratic Party and presidential candidate Selahattin Demirtas, this collection is essential reading. With warmth, wit and brutal insight, he illuminates everyday existence in Turkey and brings his characters to startling life.

By turns comic and tragic, Elif Shafak's *The Flea Palace* is an outstandingly original novel driven by an overriding sense of social justice. *Bonbon Palace* was once a stately apartment block in Istanbul. Now it is a sadly dilapidated home to ten wildly different individuals and their families. There's a womanizing, hard-drinking academic with a penchant for philosophy; a 'clean freak' and her lice-ridden daughter; a lapsed Jew in search of true love; and a charmingly naïve mistress whose shadowy past lurks in the building. When the garbage at *Bonbon Palace* is stolen, a mysterious sequence of events unfolds that result in a soul-searching quest for truth.

A tale of high adventure and lyrical celebration, tenderness and violence, generosity and ruthlessness, *Memed, My Hawk* is the defining achievement of one of the greatest and most beloved of living writers, Yashar Kemal. It

is reissued here with a new introduction by the author on the fiftieth anniversary of its first publication. *Memed*, a high-spirited, kindhearted boy, grows up in a desperately poor mountain village whose inhabitants are kept in virtual slavery by the local landlord. Determined to escape from the life of toil and humiliation to which he has been born, he flees but is caught, tortured, and nearly killed. When at last he does get away, it is to set up as a roving brigand, celebrated in song, who could be a liberator to his people—unless, like the thistles that cover the mountain slopes of his native region, his character has taken an irremediably harsh and unforgiving form.
