For the ultimate performance in low and high temperature applications, use Kawasaki Genuine 10W-30, 10W-40 or 20W-50 synthetic blend. Although 10W-40 engine oil

is the recommended oil for most conditions, the oil viscosity may need to be changed to accommodate seasonal temperature changes.

*Kawasaki vs Kohler - Mechanical & Hydraulics Forum - GTtalk*

The best engine oil for your lawn mower is AMSOIL synthetic small engine oils, because they are designed specifically for air cooled small engines and the conditions they operate in. The small engines on your outdoor power equipment operate differently from liquid-cooled car engines and also operate in many different conditions.
