Simon and  
Schuster  
Quin: Finder,  
healer, student,  
teacher, lover,  
pirate—  
BlackWing "My  
life in Gungl began  
a moon-turn later,  
when I was finally  
able to pull myself  
out of bed without  
crushing grief  
slamming into me  
and causing me to  
collapse. The  
following day, my  
plan for revenge

against Vardil  
Cayetes, the man  
responsible for  
Siriaa's destruction,  
began." \* \* \* Siriaa  
has been destroyed  
at the command of  
an enraged  
criminal. The  
poison infecting  
that planet has been  
flung into the  
universe, landing  
upon hapless  
worlds in its path.  
The Orb has  
dropped Quin onto  
another world five  
years in the future,  
where she is  
compelled to seek  
revenge against  
Vardil Cayetes, the  
one responsible for  
Siriaa's destruction.

From a crumbling,  
lawless world to  
one held in the tight  
fists of a criminal  
alliance, a disguised  
Quin searches for  
her enemy, whose  
only concern is  
keeping his life, no  
matter the cost to  
others. Quin and  
another innocent  
become targets  
when the enemy  
learns of the danger  
they represent. Will  
Cayetes succeed in  
his assassination  
attempts? Not even  
the gods can  
predict the  
outcome.

Midwest, 1952-1991, Delicate Armor is the story of several generations of the Lindstrom family. Having no son, Will Lindstrom places his energy in young Callie, a cheeky girl who shares his bond with the outdoors. Inducted into the world of men and privy to their dreams and struggles, Callie learns to navigate waves of family conflict and loss while realizing her own place in the world. Delicate Armor is about lost time, the tenacity of the human spirit, and our narrator's emerging consciousness as she passes from young girl to self-possessed woman, who, along the way, pays tribute to the

land and to her microcosm of men.

### **Keeper**

SubtleDemon Publishing, LLC  
Science fiction icon Connie Willis brilliantly mixes a speculative plot, the wit of Nora Ephron, and the comedic flair of P. G. Wodehouse in Crosstalk—a genre-bending novel that pushes social media, smartphone technology, and twenty-four-hour availability to hilarious and chilling extremes as one young woman abruptly finds herself with way more connectivity than she ever desired. **NAMED ONE OF THE BEST BOOKS OF**

### **THE YEAR BY**

NPR In the not-too-distant future, a simple outpatient procedure to increase empathy between romantic partners has become all the rage. And Briddey Flannigan is delighted when her boyfriend, Trent, suggests undergoing the operation prior to a marriage proposal—to enjoy better emotional connection and a perfect relationship with complete communication and understanding. But things don't quite work out as planned, and Briddey finds herself connected to someone else entirely—in a way far beyond what she signed up for. It is

---

almost more than a riotous cast . . . make fun technological can handle—especially when the stress of managing her all-too-eager-to-communicate-at-all-times family is already burdening her brain. But that’s only the beginning. As things go from bad to worse, she begins to see the dark side of too much information, and to realize that love—communication—are far more complicated than she ever imagined. Praise for Crosstalk “A rollicking send-up of obsessive cell phone usage in too-near-future America . . . [Connie] Willis’s canny incorporation of scientific lore, and a

whose livelihoods are adversely affected by land grabbing know exactly what it is. It involves the physical capture and control of land and homes, including the usurpation of the power to decide how and when these will be used and for what purposes – with little or no prior consultation or compensation to the displaced communities. This thought-provoking book defines land grabbing, and examines aspects of the land grabs phenomenon in seven Asian countries, researched and written by country-specific legal scholars.

The book provides unique perspectives on how and why land grabbing is practised in China, India, Pakistan, Cambodia, Malaysia, Myanmar and Indonesia, and explores the surprising role that law plays in facilitating and legitimizing land grabs in each country. In contrast to most of the literature which law focuses on foreign investors' rights under international law, here the focus is on domestic laws and legal infrastructures. Finding that Asian States need to move beyond existing regimes

that govern land to a regime that encourages more equitable land rights allocation and protection of stakeholders' rights, the book urges further research in the nexus between the use of law to facilitate development. Land Grabs in Asia is the first book to explore land grabbing in multiple jurisdictions in Asia. As such, it will appeal to students and scholars of law and development, law and society, and international relations, as well as being essential reading for development policy-makers and government

life, whose broad shoulders beckon her touch, and in whose arms she comes fully alive?

Bellwether Del Rey

Other Worldly Holidays is a collection of three short stories; GSW, Or How I Met My Mother, Queen's Holiday and Rose of the Peaks. These stories have many of your favorite characters and provide some wonderful background into their

lives—all centered around the holidays.

The Missionary of Knowledge Knopf In When Hollywood Had a King, the distinguished journalist Connie Bruck tells the sweeping story of MCA and its brilliant leader, a man who transformed the entertainment industry—businessman, politician, tactician, and visionary Lew Wasserman.

The Music Corporation of America was founded in Chicago in 1924 by Dr. Jules Stein, an ophthalmologist with a gift for booking bands. Twelve years later, Stein moved his operations west to Beverly Hills and hired Lew Wasserman. From his meager beginnings as a movie-theater usher in Cleveland, Wasserman ultimately ascended to the post of

---

president of MCA, and the company became the most powerful force in Hollywood, regarded with a mixture of fear and awe. In his signature black suit and black knit tie, Wasserman took Hollywood by storm. He shifted the balance of power from the studios—which had seven-year contractual strangleholds on the stars—to the talent, who became profit partners. When an antitrust suit forced MCA's evolution from talent agency to film- and television-production company, it was Wasserman who parlayed the control of a wide variety of entertainment and media products into a new type of Hollywood power base. There was only one way to conquer it, and Wasserman did, quietly brokering alliances with Democratic and Republican administrations alike. That Wasserman's reach extended from the underworld to the White House only added to his mystique. Among his friends were Teamster boss Jimmy Hoffa, mob lawyer Sidney Korshak, and gangster Moe Dalitz—along with Presidents Johnson, Clinton, and especially Reagan, who enjoyed a particularly close and mutually

---

beneficial relationship with Wasserman. He was equally intimate with Hollywood royalty, from Bette Davis and Jimmy Stewart to Steven Spielberg, who began his career at MCA and once described Wasserman's eyeglasses as looking like two giant movie screens. The history of MCA is really the history of a revolution. Lew Wasserman ushered in the Hollywood we know today. He is the link between the old-school moguls with their ironclad studio contracts and the new industry defined by multimedia conglomerates, power agents, multimillionaire actors, and profit sharing. In the hands of Connie Bruck, the story of Lew Wasserman's rise to power takes on an almost Shakespearean scope. When Hollywood Had a King reveals the industry's greatest untold story: how a stealthy, enterprising power broker became, for a time, Tinseltown's absolute monarch.
