The #1 New York Times bestselling true story about the American rowing triumph of the 1936 Olympics in Berlin—from the author of *Facing the Mountain* For readers of *Unbroken*, out of the depths of the Depression comes an irresistible story about beating the odds and finding hope in the most desperate of times—the improbable, intimate account of how nine working-class boys from the American West showed the world at the 1936 Olympics in Berlin what true grit really meant. It was an unlikely quest from the start. With a team composed of the sons of loggers, shipyard workers, and farmers, the University of Washington's eight-oar crew team was never expected to defeat the elite teams of the East Coast and Great Britain, yet they did, going on to shock the world by defeating the German team rowing for Adolf Hitler. The emotional heart of the tale lies with Joe Rantz, a teenager without family or prospects, who rows not only to regain his shattered self-regard but also to find a real place for himself in the world. Drawing on the boys' own journals and vivid memories of a once-in-a-lifetime shared dream, Brown has created an unforgettable portrait of an era, a celebration of a remarkable achievement, and a chronicle of one extraordinary young man's personal quest.

From the author of *Paris Never Leaves You*, *Ellen Feldman's The Living* and *The Lost* is a gripping story of a young German Jewish woman who returns to Allied Occupied Berlin from America to face the past and unexpected future "A deeply satisfying and truly adult novel." —Margot Livesey, New York Times best-selling author of *The Flight of Gemma Hardy* Millie (Meike) Mosbach and her brother David, manage to escape to the States just before Kristallnacht, leaving their parents and little sister in Berlin. Millie attends Bryn Mawr on a special scholarship for non-Aryan German girls and graduates to a magazine job in Philadelphia. Now they are both back in their former hometown, haunted by ghosts and hoping against hope to find their family. Millie, works in the office responsible for rooting out the most dedicated Nazis from publishing; she is consumed with rage at her former country and its citizens, though she is finding it more difficult to hate in proximity. David works trying to help displaced persons build new lives, while hiding his more radical nighttime activities from his sister. Like most of their German-born American colleagues, they suffer from

conflicts of rage and guilt at their own good fortune, except for Millie's boss, Major Harry Sutton, who seems much too eager to be fair to the Germans. Living and working in bombed-out Berlin, a latter day Wild West where drunken soldiers brawl; the desperate prey on the unsuspecting; spies ply their trade; werewolves, as unrepentant Nazis were called, scheme to rise again; black markets thrive, and forbidden fraternization is rampant, Millie must come to terms with a decision she made as a girl in a moment of crisis, and with the enigmatic sometimes infuriating Major Sutton who is mysteriously understanding of her demons. In CIA parlance, those who knew were "witting." Everyone else was among the "unwitting." On a bright November day in 1963, President Kennedy is shot. That same day, Nell Benjamin receives a phone call with news about her husband, the influential young editor of a literary magazine. As the nation mourns its public loss, Nell has her private grief to reckon with, as well as a revelation about Charlie that turns her understanding of her marriage on its head, along with the world she thought she knew. With the Cold War looming ominously over the lives of American citizens in a battle of the Free World against the Communist powers, the blurry lines between what is true, what is good, and what is right tangle with issues of loyalty and love. As the truths Nell discovers about her beloved husband upend the narrative of her life, she must question her own allegiance: to her career as a journalist, to her country, but most of all to the people she loves. Set in the literary Manhattan of the 1950s, at a journal much like the *Paris Review*, *The Unwitting* evokes a bygone era of burgeoning sexual awareness and intrigue and an exuberance of ideas that had the power to change the world. Resonant, illuminating, and utterly absorbing, *The Unwitting* is about the lies we tell, the secrets we keep, and the power of love in the face of both. Praise for *The Unwitting* "Much of the fun comes from the literary cameos (think: Mary McCarthy, Richard Wright and Robert Lowell), but it's [Ellen Feldman's] haunting portrait of a marriage that make this Cold War novel so resonant for readers of any time period, including our own."--O: The Oprah Magazine "The first notable thing about this book is the narrator's voice: it is snappish, confident, argumentative, literate. I fell for it from the beginning. . . . *The Unwitting* is vibrant, sassy, informative, a page-turner, absorbing, and swift. I am a woman, so maybe it is a women's book, but I seriously doubt it, and hope that male readers will give it a shot. Surely they too will appreciate the research that went into it. Surely they too will be fascinated by its bold and thorough review of the American twentieth century."--Kelly Cherry, *The Los Angeles Review of Books* "Compelling enough to take its place with the best of crime fiction, Feldman's language is loving, bright and sharp while her storytelling abilities are unquestionable. . . . *The Unwitting* cuts us into an interesting time, then ramps things up. . . . Feldman is clearly a writer who is going places, [and] *The Unwitting* brings that home: it's a terrific book."--January Magazine "A story of love and intrigue during the Cold War, *The Unwitting* plumbs not only the secrets of spies, but those of the human heart. Moving, witty, and thoroughly intelligent, it is an absorbing

and deeply satisfying read."--Kevin Baker, author of *The Big Crowd* "Unforgettable . . . *The Unwitting* compelled me from the first page and through every unexpected twist and turn. This look into the dark places in human nature cries out to be read, re-read, and discussed."--Lynn Cullen, author of the national bestseller *Mrs. Poe* "Through the lens of a passionate, complex marriage, Ellen Feldman brings the Cold War back to life. *The Unwitting* is a wise and irresistible portrait of fascinating people in a tumultuous time."--Roger Straus III, former managing director, Farrar, Straus and Giroux
