about their grandad – the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child’s perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

She's the one woman I'd give  
anything to forget--and now I'm  
stuck living with her. I'm making a  
fresh start in Lake Tahoe, until my  
stubborn sister decides to move  
Mira into our cabin. I'll be damned  
if I move out on Mira's account.  
Nothing has changed in the years  
since I last saw Mira. Her tempting  
body and smart mouth taunt me  
daily. The only hope I have at  
keeping my sanity is the knowledge  
that Mira is hiding something.  
Sooner or later I'll discover her  
secret, and knowing her, it'll be

damning. But first, I have to ignore  
the urge to kiss and touch and make  
Mira mine again. --EXCERPT-- I  
grab her waist, guiding her back  
against the shelves. She kisses my  
cheekbone, nibbles my earlobe.  
"We can't do this here." That nibble  
shoots straight to my groin. "I beg

establishes a bridge between IT and business processes, and between business information administrators and information managers. The BiSL process model provides an insight into all of the primary processes within their field of operations and into the relationship between the various processes. It offers a starting point for the improvement of these processes using best practices, amongst other things, and it provides uniform terminology. This book explains BiSL, a process framework for business information management, encompassing the best way to manage and execute business information management in day-to-day practice, and explains how the framework BiSL can help to improve business processes, and the alignment of business and IT. *Power of Music to Stay Sober*, board certified music therapist Tim Ringgold shares the science of what shamans have known for millennia: music is a powerful, efficient, and effective tool for healing. Combining music, neuroscience, and music therapy research with positive and social psychology, Tim has synthesized his evidence-based practice of using music to help thousands of clients for more than a decade into a compelling, easy to read book. By

---

sharing not only his clinical experience, but his own recovery journey, Tim paints a compassionate and hopeful approach to addiction and recovery that includes both work AND play. There are many effective tools of recovery, but in Sonic Recovery, you will learn why music is not only effective but efficient at helping a person stay S.O.B.E.R., which stands for Stay present, Open up, Be creative, Escape Stressors, and Reconnect. You will

learn how you are wired to experience and make music. Tim dispels the myths in our culture surrounding music and talent, and makes engaging with music seem completely approachable for ANYONE. In Sonic Recovery, you'll learn why music is a vital tool for anyone looking to break the chains of addiction, and you'll feel empowered to engage in the four pathways of music on a daily basis. Make it, listen to it, write it, and/or relax to it, but

understand that music is powerful and, when not used consciously, can lead to relapse as easy as recovery. You'll learn how to utilize this old friend safely in such a way that you'll want to make it a cornerstone of your recovery journey!
