Kenmore Refrigerator Hoses and Tubes - Repair Support and ...

Get shopping advice from experts, friends and the community! Our Kenmore Coldspot refrigerator model 106.55502400 is not making ice. There is water going from the filter to the water dispenser, but none is supplying the ice maker. I'm thinking it is a plugged line, but I can't see much. There is not much room under the fridge to see things or remove parts.

## **How to Reset a Kenmore Ice Maker | Hunker**

NOTE: The diagnosis and repair procedures in this manual do not necessarily apply to brand-new Kenmore refrigerators, newly-

installed refrigerators or recently relocated refrigerators. Although they may possess the problems described in this manual, Kenmore refrigerators that have recently been installed or moved are subject to special considerations not taken into account in this manual for ...
