What does the F11 code mean on my Kenmore Elite Smart wash front load washer? F11 is an indication of a communications problem.

Communications cannot be sent correctly between the machine control board and the motor control board. Here are some possible causes: Loose wire connection at either the machine control board or motor control board.

Front-Load Washers | Kenmore

The Kenmore front-loading automatic washer automatically locks when a wash cycle is currently in progress and prevents accidental opening of the washer's door until the cycle is finished. Manually unlocking the washer is necessary if you need to cancel the cycle, remove clothing or add clothing to the wash after you start the washing cycle.
