How I Kicked the Plastic Habit and How You Can Too Macmillan

A book of poetry in motion was inspired by my running meditation as a runner and marathoner. Each poem has a corresponding picture that was taken during my runs. Each poem conveys the deep spiritual aspect of running when we look inward, or when we simply stop to take the views all in. This book makes a perfect coffee table book due to its inspiring, transcendent poems, and beautiful pictures. At the end of the book, I have included 100 lessons that running has taught me, as well as 50 ways to write poetry to inspire the poet in each of us. Most poems are written in free verse and contain rich and playful imagery that I hope will delight and rejoice your souls and soles. Happy reading!

“Guides readers toward the road less consumptive, offering practical advice and moral support while making a convincing case that individual actions . . . do matter.” —Elizabeth Royte, author, Garbage Land and Bottlemania Like many people, Beth Terry didn’t think an individual could have much impact on the environment. But while laid up after surgery, she read an article about the staggering amount of plastic polluting the oceans, and decided then and there to kick her plastic habit. In Plastic-Free, she shows you how you can too, providing personal anecdotes, stats about the environmental and health problems related to plastic, and individual solutions and tips on how to limit your plastic footprint. Presenting both beginner and advanced steps, Terry includes handy checklists and tables for easy reference, ways to get involved in larger community actions, and profiles of individuals—Plastic-Free Heroes—who have gone beyond personal solutions to create change on a larger scale. Fully updated for the paperback edition, Plastic-Free also includes sections on letting go of eco-guilt, strategies for coping with overwhelming problems, and ways to relate to other people who aren’t as far along on the plastic-free path. Both a practical guide and the story of a personal journey from helplessness to empowerment, Plastic-Free is a must-read for those concerned about the ongoing health and happiness of themselves, their children, and the planet.

An alien intelligence initiates first contact with the Earth, but it may be the last thing we ever hear.As Cal-Tech astrophysicist Allan Sands prepares to spend another perfect Pasadena Christmas with his wife and children, he realizes something isn't right. The television doesn't work, mobile networks are down, and the internet slows to a halt. When Allan notices celestial objects are absent from the early-morning sky he knows this is no power outage or terrorist attack. He heads to nearby Mt. Wilson Observatory, where he discovers the cause of the strange Event is worse than he could have imagined. From his perch above Los Angeles Allan can see the oncoming tsunami that will devastate the coastline and kill millions, foreshadowing disasters soon to befall the entire planet. And he may be the only person who knows why.2,500 miles away at Hickam Air Force Base in Honolulu Lieutenant Lee Green and her raptor squad are the only pilots left to escort the president to safety as the world scrambles to save lives and comprehend what is happening. Their next mission: Find Allan Sands and the other scientists on the president's secret First Contact list.Will the world be ready to hear what the scientists conclude about the mysterious so-called Event that turned day to night? When a strange object is spotted heading for the Earth the world wonders if the aliens are coming in peace to help us survive or to finish what they started.Equal parts high concept and high action, the Filter Trap explains Fermi's Paradox in a way that contrasts the hidden terrors of the universe with the ever-present hope in the human heart.

Who is it we love and why do we love these people? Toward the end of her life, Judith asks these questions, trying to understand why she chose Elliot Pine to love. Why, for sixty years, did she persist in loving someone who never gave as much as he was given? In her quest for understanding, she writes her story to this exceptional man. Meeting as children in Chicago, they move to opposite coasts. Elliot embarks on a remarkable legal career in Washington and New York while Judith raises her children alone in California, after tragedy. Coming together again and again throughout their lives, their love is never equal, Elliot defining the terms of the relationship. Judith examines the role of Beauty in love, for Elliot's face and form were beautiful. She considers the role of Consolation, how they supported one another in devastating times. Insanity, Magic, Deceit, Sensory Fulfillment, and, finally, Being Seen—Judith looks at these many aspects of her love. Her feelings for this man cost her, impinged on every other relationship in her life: friends, her two husbands, even her three children. After sixty years, however, it all changes. Judith makes one more profound sacrifice, finally achieving a sort of long-awaited happiness in her love.

Mainstreaming Torture [Québec] : GÉTIC, Université Laval

The terrorist attacks of September 11, 2001 reopened what many people in America had long assumed was a settled ethical question: Is torture ever morally permissible? Within days, some began to suggest that, in these new circumstances, the new answer was "yes." Rebecca Gordon argues that September 11 did not, as some have said, "change everything," and that institutionalized state torture remains as wrong today as it was on the day before those terrible attacks. Furthermore, U.S. practices during the "war on terror" are rooted in a history that began long before September 11, a history that includes both support for torture regimes abroad and the use of torture in the jails and prisons of this country. Gordon argues that the most common ethical approaches to torture - utilitarianism and deontology (ethics based on adherence to duty) - do not provide sufficient theoretical purchase on the problem. Both approaches treat torture as a series of isolated actions that arisein moments of extremity, rather than as an ongoing, historically and socially embedded practice. She advocates instead a virtue ethics approach, based in part on the work of Alasdair MacIntyre. Such an approach better illumines torture's ethical dimensions, taking into account the implications of torture for human virtue and flourishing. An examination of torture's effect on the four cardinal virtues - courage, temperance, justice, and prudence (or practical reason) - suggests specific ways inwhich each of these are deformed in a society that countenances torture. Mainstreaming Torture concludes with the observation that if

the United States is to come to terms with its involvement in institutionalized state torture, there must be a full and official accounting of what has been done, and those responsible at the highest levels must be held accountable.

Using Lady Morgan's *The Wild Irish Girl* as his point of departure, Thomas J. Tracy argues that nineteenth-century debates over what constitutes British national identity often revolved around representations of Irishness, especially Irish womanhood. He maps the genealogy of this development in fiction, political discourse, and the popular press, from Edgeworth's *Castle Rackrent* through Trollope's Irish novels, focusing on the pivotal period from 1806 through the 1870s.

Jeanette and Maria Vandermeer were born fraternal twins. Even though they have the same birthday, they dont have anything else in common. They are night and day different, inside and outmost notably in that Jeanette is always happy, while Maria never seems to be. Growing up together, they learned many of the same lessons; even so, the way they look at the world is very different. As an adult, Maria is kicked out of the family home for unruly behavior, and Jeanette moves away to marry her boyfriend. Despite their differences, they both find themselves settling for less than theyre worthin life and in love. Cheerful Jeanette finds that her sunny disposition is not enough to keep her marriage together, while Maria wanders in her own self-doubt and despair. But where theres life, theres hope. Jeanette is given a second chance to find true love, while Maria makes the acquaintance of Leon Lanix, who offered her hope for her future. Despite challenges, the sisters do find ways to make life work. Different by birth, they do have something in common: Jeanette and Maria both know that no matter what happens, its how we react that makes us who we really are. Sisters, one happy, one sad, each seeks her own place in paradise; they may be surprised where they find it.

Since the 1970s exciting new directions in the study of culture have erupted to critique and displace earlier, largely static notions. These more dynamic models stress the indeterminate, fragmented, even conflictual character of cultural processes and completely alter the framework for thinking theologically about them. In fact, Tanner argues, the new orientation in cultural theory and anthropology affords fresh opportunities for religious thought and opens new vistas for theology, especially on how Christians conceive of the theological task, theological diversity and inculturation, and even Christianity's own cultural identity.
