A cozy look at the amazing ways animals behave and interact with their environments on a snowy day. When snow falls, we go home where it is warm and safe. But what about all those animals out there in the forests and fields? What do they do when snow blankets the ground? Award-winning science writer Melissa Stewart

offers a lyrical tour of a variety of habitats, providing young readers with vivid glimpses of animals as they live out the winter beneath the snow and ice. Constance R. Bergum's glowing watercolors perfectly capture the wonder and magic that can happen under the snow.

memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he

struggled to cope with family life after being freed.
