Kenmore Heavy Duty Model 110 - Washing Machine Wizard

A classic top-load washing machine makes it easy to fill and unload the wash basin before and after the wash cycle. Stackable front-load washers can be easily combined with a matching dryer for space-saving convenience. High-efficiency front-load washing machines also utilize less water, which can lead to savings on your utility bills over time.

New and Used Kenmore washers for Sale - OfferUp

I have an HE Kenmore washing machine Model #110.28002011, Type 588-06, purchased about a year and a half ago. It has stopped working today. When I load laundry and detergent, set the power and choose the appropriate cycle, the machine indicates that lid is locked and then within 15 seconds, the lid unlocks and the cycle does not begin.

Kenmore Model 110 Washing Machine

Kenmore is the brand name Sears uses for its appliances, but its washing machines are actually manufactured by Whirlpool or Frigidaire. The companies use different numbering systems. Kenmore washers made by Whirlpool are identified by model numbers beginning with "110;" the model numbers of Frigidaire-

built washers begin with "417."
