Nearly half of Americans use supplements—and many more are curious about them—yet questions abound. Will feverfew help my migraines? Are there any vitamins that will keep my skin clear? Does lysine really prevent cold sores? Are there herbs I can take to boost my mood? Are any of these things safe? Mark Moyad, MD, MPH is the only physician in the United States who has an endowed position to study vitamins, minerals, herbs, and other supplements. For the past 25 years, he's been researching supplements, using them in his practice, and traveling the country giving lectures to laypeople and physicians about what works and what's worthless in the world of drugs and supplements. Based on the latest research as well as Dr. Moyad's clinical experience, The Supplement Handbook guide you through the proven (or debunked) treatment options for more than 100 common conditions—everything from arthritis, heartburn, and high cholesterol to fibromyalgia, migraines, and psoriasis. Dr. Moyad provides clear guidelines, sifting through conflicting information for a definitive answer you can use today. He does not hesitate to point out which remedies are overhyped, useless, and

even harmful. He even ranks the most effective options so you know which remedies to try first, and he's honest about when over-the-counter or prescription drugs are the better option. More than an overview, The Supplement Handbook delivers prescriptive, reliable advice. Whether you're an alternative medicine convert or an interested-but-confused supplement novice, this comprehensive, evidence-based guide is sure to become a must-have reference in your home.

The wildly popular YouTube star behind CLEAN MY SPACE presents the breakthrough solution to cleaning better with less effort Melissa Maker is beloved by fans all over the world for her completely re-engineered approach to cleaning. As the dynamic new authority on home and living, Melissa knows that to invest any of our precious time in cleaning, we need to see big, long-lasting results. So, she developed her method to help us get the most out of our effort and keep our homes fresh and welcoming every day. In her long-awaited debut book, she shares her revolutionary 3-step solution: • Identify the most important areas (MIAs) in your home that need attention • Select the proper products, tools, and techniques (PTT) for the job • Implement these new cleaning routines so that they stick Clean My Space takes the chore out of cleaning with Melissa's incredible tips and cleaning hacks (the power of pretreating!), her lightning fast 5-10 minute "express clean" routines for every room when time is tightest, and her techniques for cleaning even the most daunting places and spaces. And a big bonus: Melissa gives guidance on the best non-toxic, eco-conscious cleaning products and offers natural cleaning solution recipes you can make at home using essential oils to soothe and refresh. With Melissa's simple, groundbreaking method you can truly live in a cleaner, more cheerful, and calming home all the time.

Consumer Reports Buying Guide

House cleaning has been an innate human activity

forever but only since the early 19th century have mechanical devices replaced the physical labor (performed mostly by women). Mechanical carpet sweepers were replaced by manual suction cleaners, which in turn were replaced by electric vacuum cleaners in the early 20th century. Innovative inventors, who improved vacuum cleaners as electricity became commonly available, made these advances possible. Many early manufacturers failed, but some, such as Bissell, Hoover, Eureka and others, became household names as they competed for global dominance with improved features, performance and appearance. This book describes the fascinating people who made this possible, as well as the economic, cultural and technological contexts of their times. From obscure beginnings 200 years ago, vacuum cleaners have become an integral part of modern household culture.

The Supplement Handbook

In today's marketplace, there are an array of products that can be purchased and several ways to buy them. Consumers today are faced with numerous choices when deciding on which products to purchase. The choice ultimately comes down to the consumers specific wants and needs. "Is this the right product for me? Will I get my money's worth in this product? Which brand is the best for me?"
