## Hiawatha and the Peacemaker Springer Nature

The background for The Summer Camp Uprising is the Vietnam War. The year is 1969. America is bogged down in a war which appears to be both bloody and pointless to college students subject to the military draft. Many have spent much of the past school year protesting American involvement in the war. Some of that protest went well beyond speeches and angry signs. Students have taken over college buildings and organized sit-down strikes in Dean's offices. The protest movement, which started with the war, evolved into clashes between young people and "the establishment" in unexpected places. One such field was Children's Summer camps, where some of the very same student protestors obtained summer jobs as camp counselors. The Summer Camp Uprising revolves around three men representing three different generations. Nelson Cohen is the camp owner and director and has been doing things his way with great success for years. Vico Leone is the new Head Counselor, in charge of camp programming as well as staff motivation and discipline. Joey Katz, group leader for the oldest boys, comes to camp after a school year in which he was an active protest leader. Joey has his own ideas on how a camp should be run and is vocal in his opposition to some of the camp's parietal rules for the Counselors. The conflict of cultures is ripe to explode and does.

Established in the 1940s to produce and sell domestic labour-saving devices, Kenwood has survived and evolved to become a British icon. It is high time someone recorded (almost) everything they ever made, and put a date to it, so that future generations can make sense of what was happening in U.K. kitchens, in business, in industrial design and in manufacturing. The first item off the production line, the Turnover Toaster, was made by Roger Laurence and Kenneth Wood in 1947, and over a hundred separate domestic objects would follow over the next thirty years. Inside this book, you will find full-colour photographs, descriptions and original retail prices of these mixers, accessories and appliances, right up to the model A901 Chef, first launched in 1976. Among many others, this book covers the A100 Turnover Toaster, A200 Mixer, A700 Chef, A600 Activair, A701/A Chef, A724 Mk I and II Coffee Mills, A740 Juice

Modern cars are more computerized than ever. Infotainment and navigation systems, Wi-Fi, automatic software updates, and other innovations aim to make driving more convenient. But vehicle technologies haven't kept pace with today's more hostile security environment, leaving millions vulnerable to attack. The Car Hacker's Handbook will give you a deeper understanding of the computer systems and embedded software in modern vehicles. It begins by examining vulnerabilities and providing detailed explanations of communications over the CAN bus and between devices and systems. Then, once you have an understanding of a vehicle's communication network, you'll learn how to intercept data and perform specific hacks to track vehicles, unlock doors, glitch engines, flood communication, and more. With a focus on low-cost, open source hacking tools such as Metasploit, Wireshark, Kayak, can-utils, and ChipWhisperer, The Car Hacker's Handbook will show you how to:

- Build an accurate threat model for your vehicle

- Exploit vulnerabilities in diagnostic and data-logging systems
- Hack the ECU and other firmware and embedded systems
- Feed exploits through infotainment and vehicle-to-vehicle communication systems

Born of Mohawk and Cayuga descent, musical icon Robbie Robertson learned the story of Hiawatha and his spiritual guide, the Peacemaker, as part of the Iroquois oral tradition. Now he shares the same gift of storytelling with a new generation. Hiawatha was a strong and articulate Mohawk who was chosen to translate the Peacemaker's message of unity for the five warring Iroquois nations during the 14th century. This message not only succeeded in uniting the tribes but also forever changed how the Iroquois governed themselves—a blueprint for democracy that would later inspire the authors of the U.S. Constitution. Caldecott Honor – winning illustrator David Shannon brings the journey of Hiawatha and the Peacemaker to life with arresting oil paintings. Together, the team of Robertson and Shannon has crafted a new children's classic that will both educate and inspire readers of all ages. Includes a CD featuring an original song written and performed by Robbie Robertson. Essential Words for the GRE
