Degradation Processes in Nanostructured Materials: Volume 887 powerHouse Books
" Remarkable personal journals . . revealing the combat experience of the German-Russian War as seldom seen before . . . a harrowing yet poignant

story " (Military Times). Hans Roth was a member of the anti-tank panzerjäger battalion, 299th Infantry Division, attached to the Sixth Army, as the invasion of Russia began. As events transpired, he recorded the tension as the Germans deployed on the Soviet frontier in June 1941. Then, a firestorm broke loose as the Wehrmacht tore across the front, forging into the primitive vastness of the East. During the Kiev encirclement, Roth ' s unit was under constant attack as the Soviets desperately tried to break through the German ring. At one point, after the enemy had finally been beaten, a friend serving with the SS led him to a site—possibly Babi Yar—where he witnessed civilians being massacred. After suffering through a brutal winter against apparently endless Russian reserves, his division went on the offensive again when the Germans drove toward Stalingrad. In these journals, attacks and counterattacks are described in you-are-there detail. Roth wrote privately, as if to keep himself sane, knowing his honest accounts of the horrors in the East could never pass Wehrmacht censors. When the Soviet counteroffensive of winter 1942 begins, his unit is stationed alongside the Italian 8th Army, and his observations of its collapse, as opposed to the

reaction of the German troops sent to stiffen its front, are of special fascination. Roth ' s three journals were discovered many years after his disappearance, tucked away in the home of his brother. After his brother ' s death, his family discovered them and sent them to Rosel, Roth ' s wife. In time, Rosel handed down the journals to Erika, Roth ' s only daughter, who had emigrated to America. Roth was likely working on a fourth journal before he was reported missing in action in July 1944. Although his ultimate fate remains unknown, what he did leave behind, now finally revealed, is an incredible firsthand account of the horrific war the Germans waged in Russia.

Aside from large-scale civic mobilisations, no force was more critical to the outcomes of the 2011 Arab uprisings than the armed forces. Nearly a decade after these events, we see militaries across the region in power, once again performing critical roles in state politics. Taking as a point of reference five case studies where uprisings took place in 2011, Tunisia, Egypt, Libya, Yemen and Syria, Philippe Droz-

Vincent explores how these armies were able to install themselves for decades under enduring authoritarian regimes, how armies reacted to the 2011 Uprisings, and what role they played in the post-Uprising regime re-formations or collapses. Devoting a chapter to monarchical armies with a special focus on Saudi Arabia and the UAE, Droz-Vincent addresses whether monarchies radically differ from republics, to compare the foundational role of Arab armies in state building, in the Arab world and beyond. A journalistic look at the shooting at Marjory Stoneman Douglas High School in Parkland and the fight for gun control--as told by the student reporters for the school's newspaper and TV station. This timely and media-driven approach to the Parkland shooting, as reported by teens in the journalism and broadcasting programs and in the Marjory Stoneman Douglas newspaper, is an inside look at that tragic day and the events that followed that only they could tell. It showcases how the teens have become media savvy and the skills they have learned and honed--harnessing social media, speaking to the press, and writing effective op-eds. Students will also share specific insight into what it has been like being approached by the press and how that has informed the way they interview

their own subjects. "One thing is clear: The Parkland students are smart, media savvy, and here to fight for common sense gun laws."
