Ronney is an introverted young woman with a disgraceful appearance. She lives humbly in one of the poorest neighborhoods of Sheryl Valley, a town corrupted by the mafia in Southern California. With no diploma, she works hard in her parents' restaurant and provides voice-overs for children's animated movies during the weekend. In accordance with a long-standing family tradition, Ronney's twenty-fifth birthday celebration comes with a dare from her cousins: she must knock on the front door of the infamous Khan household. The Khans' reputation proceeds them, rumored to be in association with the mafia. But when Ronney knocks on the door, before she has the chance to run, the Khan family matriarch, Camilia, takes an interest in Ronney. Romney's lack of

conventional beauty and disinterest in fashion draws Camilia in, leading her to offer Ronney the position of personal assistant to her eldest son, Yeraz, with a substantial salary at stake. It's an offer Ronney cannot refuse. To keep her job, Ronney's task is simple: do not fall in love with Yeraz. "Easy," she thinks. But what if destiny decides otherwise? Thank you for reading  
our PRINCE2

Foundation Training  
Manual. The main  
objective of this book  
is to provide an easy-  
to-read and easy-to-  
understand

PRINCE2(R)

Foundation training  
manual. The official  
PRINCE2 manual,  
"Managing Successful  
Projects with  
PRINCE2," is an

excellent reference  
manual, but it is not a  
training manual and  
should not be used as  
one, as it is very  
difficult to comprehend  
and understand if you  
are new to project  
management. The  
official PRINCE2  
manual also covers the  
complete Practitioner  
Syllabus, and it's  
impossible to know  
which parts are just  
focused on the  
PRINCE2 Foundation  
syllabus, so you have  
to read everything,  
which is not good if you  
are just studying for  
the foundation exam.  
Henceforth, this book is  
meant to be (and is) an  
easy introduction to  
PRINCE2 based on the  
Foundation syllabus,  
and it's quickly

becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.

hundreds of thousands of times. Yet there is no one collection where one can easily find his best work in all fields. "The Fama Portfolio" will be an outstanding and unprecedented resource in a field that still concentrates mainly on questions stemming from Fama's work: Is the finance industry too large or too small? Why do people continue to pay active managers so much? What accounts for the monstrous amount of trading? Do high-speed traders help or hurt? The ideas, facts, and empirical methods in Fama's work continue to guide these investigations. "The Fama Portfolio" will be a historic and
