The New Moon's Arms Grand Central Pub Whether they came from Sioux Falls or the Bronx, over half a million Jews entered the U.S. armed forces during the Second World War. Uprooted from their working- and middle-class neighborhoods, they joined every branch of the military and saw action on all fronts. Deborah Dash Moore offers an unprecedented view of the struggles these GI

Jews faced, having to battle not only the enemy but also the prejudices of their fellow soldiers. Through memoirs, oral histories, and letters, Moore charts the lives of fifteen young Jewish men as they faced military service and tried to make sense of its demands. From confronting pork chops to enduring front-line combat, from the temporary solace of Jewish worship to harrowing encounters with death camp survivors, we come to understand how these soldiers wrestled with what it meant to be an

American and a Jew. Moore shows how military service in World War II transformed this generation of Jews, reshaping Jewish life in America and abroad. These men challenged perceptions of Jews as simply victims of the war, and encouraged Jews throughout the diaspora to fight for what was right. At the same time, service strengthened Jews' identification with American democratic ideals, even as it confirmed the importance of their Jewish identity. GI Jews is a powerful, intimate

portrayal of the costs of a conflict that was at once physical, emotional, and spiritual, as well as its profound consequences for these hitherto overlooked members of the "greatest generation."

for everyone who believes in him. What is this exchange? Because Jesus endured all the evil due to humankind, believers can actually partake in all the good due to him. In this meaty book, acclaimed scholar Derek Prince explores the astounding results of the atonement for followers of Christ. In place of punishment, wounding, death, poverty, shame, and rejection, Christ freely offers forgiveness, healing, life, abundance, glory, and acceptance. In addition, Prince

gives biblical grounding for five areas of deliverance that are made available through the cross: deliverance from this present evil age, from the law, from self, from the flesh, and from the world. Rhonda Rhea's not afraid to admit her obsession with them--or to use this "shallow" addiction as a basis for a book! High Heels in High Places is a biblical journey for women who want to go deeper in their spiritual lives, but also want fall-off-your-high-heels laughter along the way. Using Colossians 1:9-12 as a springboard, Rhonda takes women on a fun adventure infused with practical spiritual truth about what it means to

walk worthy before God. This unique and hilarious exploration is perfect for the "shoe overachiever" in all of us. It makes a great gift for the woman who has it all (and just doesn't have enough closet space to store it), or can be an enlightening small group resource.

Once in a while a product line comes along that offers men and women the opportunity to truly reclaim the youthful face they thought they had lost forever. Without drugs, electricity or anything harmful or hurtful millions of people worldwide have successfully and reliably used exercise to trim, lift and tone sagging muscles. Just like muscles in the body can be exercised, the facial muscles

can greatly benefit from exercise but not just any exercise will do. Contortions, twists, puckers and funny faces will not shape or contour sagging facial muscles in a mature face. The Facial Magic facial exercise system will lift, tone and tighten sagging facial muscles. These proven, easy-to-execute isometric movements require only minutes a day to perform and most users say they look 5, 10 even 15 years younger in just weeks as eyelids tighten, eye brows lift, the forehead

smoothes, jowls and pouches melt away as double chins lessen, dramatically revealing a sculpted jaw line. Facial Magic provides the look of a face lift without surgery, seams or risk of infection. Using only the thumbs and fingers while wearing special exercise gloves, your "age erasers" will produce immediate lifting and tightening of the facial features. In about three weeks the appearance of fine lines and wrinkles become less apparent as the muscles plump up the skin helping

the user's face look refreshed, radiant and younger. This book contains all 18 Facial Magic exercises. Learn two exercises each week - each exercise requires 35 seconds - so in just minutes a day you will feel and see the youthful results you desire.
