just failed my tmce...again :

I sat for an actual Kettering
session and thought it was a
great help too. I thought the
Kettering workbook was also a
big help as tedious as it is. I too
also have the anxiety a lot of
you all have, but combined with
those study materials I think
anyone can get through it! I did
not take the RRT quite yet, but
will soon.

First time i used the kettering workbook, last two times i used the egans workbook. I need an 88 to get the CRT and a 94 to be eligible to sit for the clin. sims. crt rrt kettering review
