Having children changes your life, but it doesn't have to change what you cook. Like her blog, www.TheNaptimeChef.com, Banfield's cookbook is equal parts pragmatic parent and ardent foodie. The result is a tasty playbook of meals, made over to save time without compromising taste. Some favorites are the 45-minute artichoke lasagna, assembled in the morning or afternoon and held in the fridge until dinnertime; a roast chicken that's rubbed down with herbs in the morning stays moist and flavorful when roasted later in the evening; a French toast casserole that can be tossed together the night before and popped in the oven in the morning for a special breakfast. Soups, salads, veggies, sides, main courses, and desserts are all adapted to the time that you have—whether it's during naptime, before bedtime, in the morning, or on the weekends—without sacrificing quality or flavor. Take back dinner, one dish at a time!

Focuses on the work of four Victorian anti-feminist women writers-- Eliza Linton, Charlotte Yonge, Mrs. H. Ward, and Margaret Oliphant-- and asks why, despite their own liberated lifestyles, they publicly opposed the advancement of women. Surveys women's anti- feminist attitudes after Mary Wollstonecraft's death, as well as selections from the novelists' best known works and journalism, examining their construction of gender ideals, criticism of the church, and their antagonism to literary predecessors such as Jane Austin and George Eliot. The author stresses their inconsistencies, and suggests that their novels reveal a strong attraction to the world of work. Annotation copyright by Book News, Inc., Portland, OR

Braiding strands of earthen insight with uproarious storytelling, Texas Hill Country legendary author Becky Patterson recreates the history of the Steiler Hill Ranch in twenty-four anecdotal chapters interspersed with original artwork. The result is a mixture of memoir and montage, treasure chest and tableau vivant of a world that's beautiful, brash, and wonderfully heartbreaking. Patterson -- the daughter of Texas folk hero and self-proclaimed mayor of Luckenbach, Hondo Crouch -- has big shoes to fill and she does so successfully in this colorful collection of Hill Country and Texas ranch vignettes. Foreman and general cowboy guru Raymond Kuhlmann tells stories of the Goat King and German drinking songs, the buzzard traps and Mexican corridos that filled the nighttime pastures. First-person accounts and vivid historical narratives evoke the ranch's past, overlaid with Patterson's breathless personal histories of afternoons spent rescuing a doe in a nightgown, or saving a porcupine from a pack of dogs. This is a book that will connect you to whatever patch of earth you hold dear. It is poignant reminder of the landscapes we've forgotten to keep close, of the land that does not belong to us but simply is who we are. The Ranch That Was Us is an affectionate reminder to go outside and touch the earth that is you.

"Tambi é n de este lado hay sue ñ os. On this side, too, there are dreams. Lydia Quixano Perez lives in the Mexican city of Acapulco. She runs a bookstore. She has a son, Luca, the love of her life, and a wonderful husband who is a journalist. And while there are cracks beginning to show in Acapulco because of the drug cartels, her life is, by and large, fairly comfortable. Even though she knows they'll never sell, Lydia stocks some of her all-time favorite books in her store. And then one day a man enters the shop to browse and comes up to the register with four books he would like to buy--two of them her favorites. Javier is erudite. He is charming. And, unbeknownst to Lydia, he is the jefe of the newest drug cartel that has gruesomely taken over the city. When Lydia's husband's tell-all profile of Javier is published, none of their lives will ever be the same. Forced to flee, Lydia and eight-year-old Luca soon find themselves miles and worlds away from their comfortable middle-class existence. Instantly transformed into migrants, Lydia and Luca ride la bestia--trains that make their way north toward the United States, which is the only place Javier's reach doesn't extend. As they join the countless people trying to reach el norte, Lydia soon sees that everyone is running from something. But what exactly are they running to? American Dirt will leave readers utterly changed when they finish reading it. A page-turner filled with poignancy, drama, and humanity on every page, it is a literary achievement."--

Synopsis of the Known Phalloids Houghton Mifflin
A Rare Thing is a story of redemption and forgiveness. In the small New Mexico town of San Carlos in the 1950s and 60s, a motherless Chicano youngster Javier Jimenz, finds himself forced into an early manhood. The boy's father, Nicols, a Korean War veteran, drinks himself into the depths of alcoholism, struggling through life wallowing in self-pity. Javier tries his best to cope not only with his own loneliness but the day-to-day hardships of living with an alcoholic father. Into this setting enters Deborah Perkins. She moves into Javiers neighborhood. Javier and Deborah eventually fall in love, much to the chagrin of Deborahs mother, who doesnt share her husbands fascination for Southwestern culture and believes her daughter can do much better than what Javier has to offer. Tragedy strikes, and Javier moves to California to live with an aunt and uncle. Deborah and he struggle to continue their relationship despite the distance and Deborahs mothers prejudices. Confused and unsure of his future, Javier leaves college to join the Army and ends up in Vietnam, where he sees his fellow soldiers dying every day. Reminiscing about his father, he must face his own mortality, as he grapples with his own identity. Nicolss spirit appears at a critical moment with words to give Javier strength. Contemplating the real possibility of his death, he reconciles with himself, gaining strength from visions of his father as a good man who had his share of bad luck. Javier comes to grips with whether he has forgiven him for his frailties and failure as a parent.

On July 1, 1942 the Holy Office issued a decree that the Louvain professor of fundamental theology René Draguet (1896-1980) had to be deprived of his teaching. The decree did not clarify the reasons for this sanction. Earlier on in the same year two books were placed on the Index: M.-D. Chenu's Une École de théologie: Le Saulchoir (1937) and L. Charlier's Essai sur le problème théologique (1938), while a dissertation of a Louvain doctor in theology and student of Draguet, V. Buffon, was 'condemned' without being put on the Index. These theologians shared a pursuit of theological renewal, either directly (e.g. by elaborating a new theory of theology) or indirectly (e.g. by introducing methodological innovations in the domain of doctrinal history). As both Charlier and Buffon were to a large extent dependent on Draguet's theological theory and method, the Louvain professor appears as the key figure of a 'Louvain school' of theological renewal that - together with the school of Le Saulchoir - was combated very harshly by the Holy Office in 1942. The quick succession of condemnations gave rise to the fear that a revival of 'integrism' was taking place against a kind of neo-modernism, labeled as nouvelle théologie. The book consists of two parts. In the first part, the projects of theological renewal of Draguet, Charlier and Chenu are studied. Most attention is given to the not well-known theological project of Draguet, that is discussed in detail on the basis of his teaching and publications. Next the theological positions of Charlier and Chenu are analysed from a comparative perspective. In this way it is shown how the catch word nouvelle théologie made an amalgam of very divergent projects of theological renewal. The second part is devoted to the history of the condemnations of 1942. The opening up of the Draguet archives in 2005 allowed for the historiography of the condemnation and rehabilitation of Draguet in its relation to the condemnations of Chenu, Charlier and Buffon.

Spinoza's theoretical philosophy is one of the most radical attempts to construct a pure ontology with a single infinite substance. This book, which presents Spinoza's main ideas in dictionary form,

has as its subject the opposition between ethics and morality, and the link between ethical and ontological propositions. His ethics is an ethology, rather than a moral science. Attention has been drawn to Spinoza by deep ecologists such as Arne Naess, the Norwegian philosopher; and this reading of Spinoza by Deleuze lends itself to a radical ecological ethic. As Robert Hurley says in his introduction, "Deleuze opens us to the idea that the elements of the different individuals we compose may be nonhuman within us. One wonders, finally, whether Man might be defined as a territory, a set of boundaries, a limit on existence." Gilles Deleuze, known for his inquiries into desire, language, politics, and power, finds a kinship between Spinoza and Nietzsche. He writes, "Spinoza did not believe in hope or even in courage; he believed only in joy and in vision . . . he more than any other gave me the feeling of a gust of air from behind each time I read him, of a witch's broom that he makes one mount. Gilles Deleuze was a professor of philosophy at the University of Paris at Vincennes. Robert Hurley is the translator of Michel Foucault's History of Sexuality.
