The Sword of Michael St. Martin's Griffin

Focuses on the work of four Victorian anti-feminist women writers-- Eliza Linton, Charlotte Yonge, Mrs. H. Ward, and Margaret Oliphant-- and asks why, despite their own liberated lifestyles, they publicly opposed the advancement of women. Surveys women's anti-feminist attitudes after Mary Wollstonecraft's death, as well as selections from the novelists' best known works and journalism, examining their construction of

gender ideals, criticism of the church, and their antagonism to literary predecessors such as Jane Austin and George Eliot. The author stresses their inconsistencies, and suggests that their novels reveal a strong attraction to the world of work. Annotation copyright by Book News, Inc., Portland, OR

These Writings

P.F. Dennis

The writings in this book started as a way to frame letters to friends, expressing thoughts about a particular moment. But as I became more alone over the ten-year span, it was as if I had to talk to myself. Its

interesting how one becomes. One form of this is by talking to yourself as you write about them.

These Writings covers the ups and downs of the years, the risks taken, the

winnings and losings, and other memories. It is a collection of thoughts in solitude about becoming an island that nearly washed away but has reformed, has recovered, and has moved forward.

The Boy with the Painful Tattoo

A killer terrorizes the morally bankrupt residents of an upscale neighborhood, leading them to turn to—and on—one another to survive. The neighborhood of Oleander Court is the poster child for suburban bliss. The residents compare lawns beautified by hired help. They monitor home values. They toss perfect furniture because

they wanted tapioca, not beige. But when a string of murders rips through the neighborhood, suspicions abound as new secrets come to light. And as more and more bodies are taken away, it becomes clear that the killer is strategically selecting each and every victim, picking off the shallowest, most wasteful of the lot in spectacular fashion and leaving everyone in the neighborhood to wonder: Who's next? While most of their neighbors scatter like well-dressed cockroaches, a small group of the neighborhood ladies team up to solve their local mystery and restore their once-peaceful lives. But is this ragtag collection of amateur sleuths

truly a united front?

With reputations, freedom, and personal sanity on the line, the ladies must unmask the killer . . . even if the killer is among them.
