The Complete Idiot's Guide to Starting Your Own Business, 6th Edition eBookIt.com Award-winning, internationally-published and best-selling author Kolie Crutcher, provides never-before granted access to the unfiltered success principles of America's most infamous cocaine kingpin--Freeway Ricky Ross. In *Ridin' With Rick: The 21 Keys of Success*, Crutcher (also an electrical engineer) masterfully breaks down the 21 success principles he personally witnessed the former kingpin use, as they rode around L.A. to conduct business with Hollywood's elite executives, sports figures and celebrities. After Ross' release from federal prison, Crutcher spent six months ridin' with, studying and documenting the practices of the ex-drug lord--who often made \$2-3 million daily from the sale of crack cocaine in the 1980s. The 21 Keys uniquely reveals how the same principles that made millions of dollars in illegal cocaine money can be used to make millions of dollars legally in Hollywood and legitimate business!

By way of chapters (keys) such as "Don't Front What You Can't Lose", "Make Your Name Carry Weight" and "Cocaine Love", Crutcher takes you along for the ride with Freeway Rick--as no one else can. So whether you are a street hustler on the corner, or a "legit" businessperson in the corner office, the 21 Keys work universally for all striving to overcome life's adversities and live the life you want. After *Ridin' With Rick*, you will understand how to turn failure into fame, poverty into plenty, and setbacks into success!

I used to ask questions that fell flat: Why am I so down on myself? How do I shut off these constant thoughts? Why is every day so robotic and dreary? It's hard for me to believe that those ideas kick-started my day, but it explains why my days were full of challenges. After three visits to alcohol recovery, I started to wake up. Today I can honestly say that I know who I am. I know my gifts, and I am grateful that every morning I wake again to a new day. I also know what I am not, and I don't waste time doing things I'm not called to do. People make up their mind to be successful, but they must have principles in place to

keep moving each and every day. That's the life mastery way of living. I invite you to try it out. The keys are in this book.

Today's enterprise cannot effectively function without a network, and today's enterprise network is almost always based on LAN technology. In a few short years, LANs have become an essential element of today's business environment. This time in the spotlight, while well deserved, has not come without a price. Businesses now insist that LANs deliver vast and ever-increasing quantities of business-critical information and that they do it efficiently, flawlessly, without fail, and most of all, securely. Today's network managers must consistently deliver this level of performance, and must do so while keeping up with ever-changing, ever-increasing demands without missing a beat. At the same time, today's IT managers must deliver business-critical information systems in an environment that has undergone radical paradigm shifts in such widely varied fields as computer architecture, operating systems, application development, and security. The Local Area Networks Handbook focuses on this collective environment, in which networking and information technology work together to create LAN-based enterprise networks.

Topics have been selected and organized with this in mind, providing both depth and breadth of coverage. The handbook will provide you not only an understanding of how LANs work and how to go about selecting and implementing LAN products, but also of how to leverage LAN capabilities for the benefit of your enterprise.

Empowerment of one's self by using the power you have within through tapping and unleashing the power that you have inside to achieve the goals and objectives you set for yourself. You must remember your own personal goals and objectives can only be realized by you, not someone else. So therefore, to achieve these goals you must be reliant upon you. Conquer yourself and you can achieve anything. The best way to do that is to embrace the resources that you have within you such as, the knowledge, the strength, and power you have gained and accumulated from past experience [both positive and negative]. Then you begin to apply them as the fuel and stepping stones of the realization and the actualization of your goals. What this book does it gives you a pass way how to tap into those experiences. Again, it is a guide as how to use the power you already have inside of you to achieve the goals you set up for yourself. When you make the most of this book it will give you the means to apply one's own self to achieve one's own

goal. Not relying on government, your preacher, your parents or your friends, because you were born in this world alone therefore, you have the responsibility to yourself to achieve your goals.

It all started when Sean Hyman went on a financial quest to find out why people were broke because he knew it wasn't "God's best" for their lives. That's when he went through an extensive study of one of the wisest books of all-time, the Bible. He literally looked at every scripture that had to do with money. It was then that he found the six keys that God has outlined to produce financial success. As he purposefully implemented and lived out these six principles they began to change his financial future. It was then that he decided to write this book about it and "tell the whole world" so that they could find out the keys to financial success just as he has done.
