From the author of the wildly popular bestseller *The 7 Habits of Highly Effective Teens* comes the go-to guide that helps teens cope with major challenges they face in their lives—now updated for today's social media age. In this newly revised edition, Sean Covey helps teens figure out how to approach the six major challenges they face: gaining self-esteem, dealing with their parents, making friends, being wise about sex, coping with substances, and succeeding at school and planning a career. Covey understands the pain and confusion that teens and their parents experience in the face of these weighty, life-changing, and common difficulties. He shows readers how to use the 7 Habits to cope with, manage, and ultimately conquer each challenge—and become happier and more productive. Now updated for the digital and social media age, Covey covers how technology affects these six decisions, keeping the information and advice relevant to today's teenagers.

"This Handbook is an output of UNEP's work towards the implementation of the 10-Year Framework of Programmes on Sustainable Consumption and Production (SCP). This global edition is based on a pilot edition for Asia and the Pacific region that was developed under the EU funded and UNEP managed Regional Policy Support Component of the SWITCH-Asia programme. It is designed to assist policymakers in developing, implementing, monitoring and evaluating policies that support the transition towards SCP. It includes numerous case studies highlighting SCP opportunities and existing successful

initiatives from across the world."--Publisher's description.

For the Defense Penguin

The vast scope of conservation problems has forced biologists and managers to rely on "surrogate" species to serve as shortcuts to guide their decision making. These species-known by a host of different terms, including indicator, umbrella, and flagship species-act as proxies to represent larger conservation issues, such as the location of biodiversity hotspots or general ecosystem health. Synthesizing an immense body of literature, conservation biologist and field researcher Tim Caro offers systematic definitions of surrogate species concepts, explores biological theories that underlie them, considers how surrogate species are chosen, critically examines evidence for and against their utility, and makes recommendations for their continued use. The book clarifies terminology and contrasts how different terms are used in the real world considers the ecological, taxonomic, and political underpinnings of these shortcuts identifies criteria that make for good surrogate species outlines the circumstances where the application of the surrogate species concept shows promise Conservation by Proxy is a benchmark reference that provides clear definitions and common understanding of the evidence and theory behind surrogate species. It is the first book to review and bring together literature on more than fifteen types of surrogate species, enabling us to assess their role in conservation and offering guidelines on how they can be used most effectively.

Sat Study Guide The Countryman Press

In this book, practitioners and students discover perspectives on landscape, place, heritage, memory, emotions and geopolitics intertwined in evolving citizenship and democratization debates. This volume shows how memorialization can contribute to wider inclusive interpretations of history, tourism and human rights promoted by the European Project. It's geographies of memories can foster cooperation as witnessed throughout Europe during the 2014-18 WWI commemorations. Due to new world orders, geopolitical reconfigurations and ideals that emerged after 1918, many countries ranging from the Baltic and Russia to the Balkans, Turkey and Greece, eastern and central Europe to Ireland are continuing with commemorations regarding their specific memories in the wider Europe. Shared memorial spaces can act in post conflict areas as sites of reconciliation; nonetheless `the

peace' cannot be taken for granted with insecurities, globalization, and nationalisms in the USA and Russia; the UK's Brexit stress and populist movements in Western Europe, Visegrád and Balkan countries. Citizen-fatigue is reflected in socio-political malaise mirrored in France's Yellow Vest movement and elsewhere. Empathy with other peoples' places of memory can assist citizens learn from the past. Memory sites promoted by the EU, Council of Europe and UNESCO may tend to homogenize local memories; nevertheless, they act as vectors in memorialization, stimulating debate and re-evaluating narratives. This textbook combines geographical, inter-cultural and inter-disciplinary approaches and perspectives on spaces of memory by a range of authors from different countries and traditions offers the reader diverse and holistic perspectives on cultural geography, dynamic geopolitics, globalization and citizenship.

#1 New York Times Bestseller Legendary venture capitalist John Doerr reveals how the goal-setting system of Objectives and Key Results (OKRs) has helped tech giants from Intel to Google achieve explosive growth—and how it can help any organization thrive. In the fall of 1999, John Doerr met with the founders of a start-up whom he'd just given \$12.5 million, the biggest investment of his career. Larry Page and Sergey Brin had amazing technology, entrepreneurial energy, and sky-high ambitions, but no real business plan. For Google to change the world (or even to survive), Page and Brin had to learn how to make tough choices on priorities while keeping their team on track. They'd have to know when to pull the plug on losing propositions, to fail fast. And they needed timely, relevant data to track their progress—to measure what mattered. Doerr taught them about a proven approach to operating excellence: Objectives and Key Results. He had first discovered OKRs in the 1970s as an engineer at Intel, where the legendary Andy Grove ("the greatest manager of his or any era") drove the best-run company Doerr had ever seen. Later, as a venture capitalist, Doerr shared Grove's brainchild with more than fifty companies. Wherever the process was faithfully practiced, it worked. In this goal-setting system, objectives define what we seek to achieve; key results are how those top-priority goals will be attained with specific, measurable actions within a set time frame. Everyone's goals, from entry level to CEO, are transparent to the entire organization. The benefits are profound. OKRs surface an organization's most important work. They focus effort and foster coordination. They keep employees on track. They link objectives across silos to unify and strengthen the entire company. Along the way, OKRs enhance workplace satisfaction and boost retention. In *Measure What Matters*, Doerr shares a broad range of first-person, behind-the-scenes case studies, with narrators including Bono and Bill Gates, to demonstrate the focus, agility, and explosive growth that OKRs have spurred at so many great organizations. This book will help a new generation of leaders capture the same magic.

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

This report provides Association of College and Research Libraries (ACRL) leaders and the academic community with a clear view of the current state of the literature on value of libraries

within an institutional context, suggestions for immediate "Next Steps" in the demonstration of academic library value, and a "Research Agenda" for articulating academic library value. Its focus is to help librarians understand, based on professional literature, the current answer to the question, "How does the library advance the missions of the institution?" This report is also of interest to higher educational professionals external to libraries, including senior leaders, administrators, faculty, and student affairs professionals.

NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in "one of the most celebrated novels of the year" (Time) "Reading this novel is like holding a live wire in your hand."—Vulture Named one of the Best Books of the Year by more than twenty publications, including The New York Times Book Review, Entertainment Weekly, NPR, Time, Vogue, Esquire, Vulture, and Autostraddle PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle Award, and the Gotham Book Prize • Longlisted for The Women's Prize • Roxane Gay's Audacious Book Club Pick • New York Times Editors' Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

The Typewriter Revolution: A Typist's Companion for the 21st Century
Island Press

In this book, author and divergent thinker Celeste Orr shares 52 of her popular togetherness tips to help families build big family togetherness on good days and bad days, in big ways and small ways, with everything from playing board games to having one-on-ones, talking about tough issues, reframing frozen pizza nights, and going after big family dreams, long-term travel, and adventure too. As a mom of teenagers who often feels like there aren't enough hours in the day or ideas in her head, and as someone who has shared these tips with families around the world in her email group and online platform, Celeste knows no effort is too small and it's never too late to build togetherness with your family - no matter what. With real-life stories and simple, honest examples, this book gives parents, grandparents, and families of all kinds a go-to list of ideas to break the disconnect that is so often a by-product of the modern-day trappings that keep us from having the kind of family life we truly want. It's great as a one-time read and also designed for those who want to keep it at their fingertips for on-the-fly togetherness suggestions when things get sticky at home.
