This supplement to any standard DSP text is one of the first books to successfully integrate the use of MATLAB® in the study of DSP concepts. In this book, MATLAB® is used as a computing tool to explore traditional DSP topics, and solve problems to gain insight. This greatly expands the range and complexity of problems that students can effectively study in the course. Since DSP applications are primarily algorithms implemented on a DSP processor or software, a fair amount of programming is required. Using interactive

---

software such as MATLAB® makes it possible to place more emphasis on learning new and difficult concepts than on programming algorithms. Interesting practical examples are discussed and useful problems are explored. This updated second edition includes new homework problems and revises the scripts in the book, available functions, and m-files to MATLAB® V7.

New hope for our most vulnerable English learners “ One of the guiding principles of effective English language teaching is for educators to know their students. And that in a nutshell captures the value of this book. . . . The compassion that Custodio and O ’ Loughlin feel for our SIFE students, the commitment they have to educating them well, and the comprehension they have of the assets these learners bring to the classroom are evident in the writing, tools, and vignettes they share. ” -Deborah J. Short

Under the best of circumstances, the academic demands of today ’ s classrooms can be daunting to our English learners. But for the tens of thousands of newly arrived students with interrupted formal education, even the social challenges can be outright overwhelming. Rely on this all-in-one guide from Brenda Custodio and Judith O ’ Loughlin for expert insight on how to build the skills these students need for success in school and beyond. Inside you ’ ll find Essential background on factors leading to interrupted education Specific focus on refugee children and Latino immigrants Guidance on building

internal resilience for long-term social and emotional health Recommendations for creating supportive environments at the classroom, school, and district level About one thing, Brenda and Judith are absolutely convinced: our SIFE students can learn and make progress, often at a remarkable speed. But it ’ s up to us, their educators, to provide the time, attention, and a specific focus. Consider this book your first step forward.

**Beyond Grammar: Language, Power, and the Classroom** asks readers to think about the power of words, the power of language attitudes, and the power of language policies as they play out in communities, in educational institutions, and in their own lives as individuals, teachers, and participants in the larger community. Each chapter provides extended discussion of a set of critical language issues that directly affect students in classrooms: the political

---

nature of language, the power of words, hate language and bullying, gender and language, dialects, and language policies. Written for pre-service and practicing teachers, this text addresses how teachers can alert students to the realities of language and power--removing language study from a "neutral" corner to situate it within the context of political, social, and cultural issues. Developing a critical pedagogy about language instruction can help educators understand that classrooms can either maintain existing inequity or address and diminish inequity through critical language study. A common framework structures the chapters of the text: \* Each chapter begins with an overview of the language issue in question, and includes references for further research and for classroom use, and provides applications for classroom teachers. \* Numerous references to the popular press and the breadth of language issues found therein foreground current thought on socio-cultural language issues, attitudes, standards, and policies found in the culture(s) at large. \* References to current and recent events illustrate the language issue's importance, cartoons address the issue, and brief "For Thought" activities illustrate the point being discussed and extend the reader's knowledge and awareness. \* "Personal Explorations" ask readers to go beyond the text to develop further understanding; "Teaching

Explorations" ask teachers to apply chapter content to teaching situations. Beyond Grammar: Language, Power, and the Classroom is intended for undergraduate and master's level courses that address literacy education, linguistics, and issues of language and culture.

New Trends in Audiovisual Translation is an innovative and interdisciplinary collection of articles written by leading experts in the emerging field of audiovisual translation (AVT). In a highly accessible and engaging

---

way, it introduces readers to some of the main linguistic and cultural challenges that translators encounter when translating films and other audiovisual productions. The chapters in this volume examine translation practices and experiences in various countries, highlighting how AVT plays a crucial role in shaping debates about languages and cultures in a world increasingly dependent on audiovisual media. Through analysing materials which have been dubbed and subtitled like Bridget Jones's Diary, Forrest Gump, The Simpsons or South Park, the authors raise awareness of current issues in the study of AVT and offer new insights on this complex and vibrant area of the translation discipline.

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When she sat down to write her poem Come Away after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection That Winter (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

"The second edition of this popular textbook explores the latest approaches to cross-cultural management, as well as presenting strategies and tactics for managing international assignments and global teams. With a clear emphasis on learning and development, the text encourages students to acquire skills in

multicultural competence that will be highly valued by their future employers. This has never been as important as now, in a world where increasingly all managers are global managers and where management practices and processes can differ significantly across national and regional boundaries. This new edition has been updated after extensive market feedback to include new features: a new chapter on working and living abroad; applications boxes showing how theories and key concepts can be applied to solve real-life management problems; student questions to encourage critical thinking; updated examples and references"--

"POWERFUL AND ORIGINAL." --THE TIMES "REWARDING AND WHOLLY ENGAGING." --HISTORICAL NOVEL SOCIETY "ONE OF THE MOST IMPORTANT AND POWERFUL NOVELS OF RECENT GERMAN LITERATURE."

--DEUTSCHLANDRADIO KULTUR Hypnotically lyrical and intensely moving, Steven Uhly's epic novel set in the wake of World War II is a finely nuanced yet shattering exploration of universal themes: love, hatred, doubt, survival, guilt, humanity, and redemption. One night in autumn 1944, a gunshot echoes through the alleyways of a small town in occupied Poland. An SS officer is shot dead by a young Polish Jew, Margarita Ejzenstain. In retaliation, his commander orders the execution of thirty-seven Poles--one for every year of the dead man's life. First hidden by a sympathetic German couple, Margarita must then flee the brutal advance of the Soviet army with her newborn baby. So begins a thrilling panorama of intermingled destinies and events that reverberate from that single act of defiance. Kingdom of Twilight follows the lives of Jewish refugees and a German family resettled from Bukovina, as well as a former SS officer, chronicling the geographical and psychological dislocation generated by war. A quest for identity and truth takes them from refugee camps to Lübeck, Berlin, Tel Aviv, and New York, as they try to make sense of a changed world, and of their place in it.
