The colorful life of the remarkable woman who created To Kill a Mockingbird—the classic that became a touchstone for generations of Americans To Kill a Mockingbird, the twentieth-century's most widely read American novel, has sold thirty million copies and still sells a million yearly. Yet despite the book's perennial popularity, its creator, Harper Lee has become a somewhat mysterious figure. Now, after years of research, Charles J. Shields has brought to life the warmhearted, high-spirited, and occasionally hardheaded woman who gave us two of American literature's most unforgettable characters—Atticus Finch and his daughter, Scout—and who contributed to the success of her lifelong friend Truman Capote's masterpiece, In Cold Blood. At the center of Shields's lively book is the story of Lee's struggle to create her famous novel. But her life contains many other highlights as well: her girlhood as a tomboy in overalls in tiny Monroeville, Alabama; the murder trial that made her beloved father's reputation and inspired her great work; her journey to Kansas as Capote's ally and research assistant to help report the story of the Clutter murders; the surrogate family she found in New York City.

Drawing on six hundred interviews and much new information, Mockingbird is the first book ever written about Harper Lee. Highly entertaining, filled with humor and heart, this is an evocative portrait of a writer, her dream, and the place and people whom she made immortal.

The inspiring true story of Harper Lee, the girl who grew up to write To Kill a Mockingbird, from Bethany Hegedus and Erin McGuire. Perfect for fans of The Right Word and I Dissent. This nonfiction picture book is an excellent choice to share during homeschooling, in particular for children ages 4 to 6. It's a fun way to learn to read and as a supplement for activity books for children. Nelle Harper Lee grew up in the rocky red soil of Monroeville, Alabama. From the get-go she was a spitfire. Unlike most girls at that time and place, Nelle preferred overalls to dresses and climbing trees to tea parties. Nelle loved to watch her daddy try cases in the courtroom. And she and her best friend, Tru, devoured books and wrote stories of their own. More than anything Nelle loved words. This love eventually took her all the way to New York City, where she dreamed of becoming a writer. Any chance she had, Nelle sat at her typewriter, writing, revising, and chasing her dream. Nelle wouldn't give up--not until she discovered the right story, the one she was born to tell. Finally, that story came to her, and Nelle, inspired by her childhood, penned To Kill a Mockingbird. A groundbreaking book about small-town injustice that has sold over forty million copies, Nelle's novel resonated with readers the world over, who, through reading, learned what it was like to climb into someone else's skin and walk around in it. --School Library Journal
