In order to be maximally effective, they must be willing to engage with other services within and beyond the campus itself. This comprehensive manual for campus mental health and student affairs professionals is specifically designed to provide the most current information available regarding critical issues impacting the mental health and educational experiences of today's college students. It is unique in its focus on outreach beyond the walls of the counseling center and

how counseling services can coordinate their efforts with other on and off-campus institutions to expand their reach and provide optimal services. Written for both mental health counselors and administrators, the text addresses ethical and legal issues, campus outreach, crisis and trauma services, substance abuse, sexual minorities, spiritual and religious issues, bullying and aggression, web-based counseling, and psychoeducational services. The authors of this text distill their expertise from more than 30 years of combined experience working and teaching in a variety of college and university counseling centers throughout the United States. The book serves as both a comprehensive text for courses in college counseling and college student affairs and services, as well as an all-inclusive manual for all college and university mental health and student affairs professionals. Key Features: Offers comprehensive, up-to-date coverage of

college counseling center practices and programming Provides a unique focus on integration and coordination with other student services within and beyond the campus Covers a wide range of counseling services including academic and residential Discusses critical contemporary issues such as substance abuse, response to violent and traumatic events, internet bullying, and diversity concerns Written by authors with a wide range of experience in counseling services and other student affairs

MGF and TF Restoration Manual provides the MGF or TF owner with a complete workshop guide to mechanical and body restoration for the cars. With the MGF in production between 1995 and 2001, and the MG TF until 2011, many of the cars have survived in a structurally and mechanically sound state, without the huge costs and complications of

needing a complete body restoration that is so often the case with pre-1980 MGs. Topics covered include: Model overview and parts supply; Workshop safety information; Bodywork [external and subframes]; Trim [including hood problems and replacement]; All mechanical components [including head gasket replacement]; Electrical systems [including security systems]; Modification [cosmetic, mechanical and engine]. An essential and practical workshop guide for all owners of these attractive sports cars. Gives instructions on minor repair and maintenance procedures and covers a full engine strip and rebuild. Covers workshop safety information, bodywork, trim, all mechanical components and much, much more. Features a number of different project cars. Superbly illustrated with approximately 1000 colour step-by-step photographs. Roger Parker is an acknowledged MGF and TS expert with years of restoration experience.
