Any regime claiming a territorial monopoly on the use of force coupled with the power to tax is a threat to life, liberty, and, most importantly, private property. Freedom seeking people everywhere live under occupation by monopoly states claiming decision making authority over every aspect of their lives, taking their livelihoods at will in the name of democracy. The so-called Liberty Movement is doing it wrong. Libertarian proselytizing does not work. Agorism does not work. Similarly, direct confrontations with Leviathan will not work. To secure the blessings of liberty the monopoly State must be undermined at every turn and, to do so, new tactics are required before instituting new safeguards for freedom. The Sedition, Subversion, and Sabotage Field Manual No. 1: A Three-Part Solution to the State offers a three-pronged strategy for effective action. If you are looking for a results-oriented tactical primer on liberating humanity from the chains of slavery, this is it!
