*** Izabel and Naeva find themselves right where they wanted to be in Mexico: captured and held in the slave compounds owned by the Ruiz family. But the two are soon separated and forced into very different—but equally dangerous—situations. Izabel spends the next three weeks playing a role she never expected she would have the opportunity to play. But her luck runs out when Naeva's life hangs in the balance, and only Izabel can save her. But at a terrible cost. If Izabel chooses to help Naeva, it will expose a lie she has been carrying on her shoulders since she met Victor Faust. A lie that will not only potentially make everyone in Victor's Order distrust her going forward but will also blow her carefully constructed cover in Mexico and get her killed. Fredrik, still looking for his serial killer, does not have to look long—the killer finds him. And Niklas' past catches up to him when an enemy comes back for revenge. But it will be Victor's actions that shake up those left in his Order and, ultimately, be its downfall.

The Queen of the Damned J.A. Redmerski

When the newly married Reverend Avery Wentworth embarks on a journey to the Americas to begin a new life, he foresees only joy ahead of him. But along with the shocking evils prevalent in a world of slavery, he comes against a much older, darker evil that steals his soul and turns him into a creature of the night. Cut off from humanity, he wanders through a wilderness of despair. A nameless, faceless creature forced to exist in the shadows, his only hope for salvation is the vision of a beautiful Negro and three words: Wait for me. *Rising Dark* is the long awaited sequel to *Dark Genesis* and takes us from London 1757 to present day America in a love story that defies, time, death and the all-too-human flaws inherent in mortals and immortals alike.

Voyageur Classics is a series of new versions of Canadian classics, with added material and special introductions. In this bundle we find two classic works of the art of the Canadian essay. Charles G.D. Roberts was a distinguished writer of his time who published more than forty volumes of poetry, romance fiction, and nature writing - making him one of the most popular writers of his time. He pioneered the animal story in which he went beyond surface elements of nature and endowed his animal "characters" with qualities of feeling and intelligence that brought them closer to their human cousins. Roberts' career as a writer transcended his Canadian roots and he was internationally known and popular in America and England. Arthur James Marshall Smith - prize-winning poet, essayist, influential anthologist, and critic - died in 1980. His last book, *The Classic Shade: Selected Poems*, on which *Selected Writings* is based, stands as his final intention in the world of literature. To this long out of print book the editor has added original material by Smith in which he defined and advanced modernism in Canadian writing. Includes *Selected Writings*, A.J.M. Smith *The Kindred of the Wild*

The Black Wolf J.A. Redmerski
The chief attraction that inspired Thoreau to make this canoe trip was the primitiveness of the region. Here was a vast tract of almost virgin woodland, peopled only with a few loggers and pioneer farmers, Indians, and wild animals. No one could have been better fitted than Thoreau to enjoy such a region and to transmit his enjoyment of it to others. For though he was a person of culture and refinement, with a college education, and had for an intimate friend so rare a man as Ralph Waldo Emerson, he was half wild in many of his tastes and impatient of the restraints and artificiality of the ordinary social life of the towns and cities. He liked especially the companionship of men who were in close contact with nature, and in this book we find him deeply interested in his Indian guide and lingering fondly over the man's characteristics and casual remarks. The Indian retained many of his aboriginal instincts and ways, though his tribe was in most respects civilized. His home was in an Indian village on an island in the Penobscot River at Oldtown, a few

miles above Bangor. Thoreau was one of the world's greatest nature writers, and as the years pass, his fame steadily increases. He was a careful and accurate observer, more at home in the fields and woods than in village and town, and with a gift of piquant originality in recording his impressions. The play of his imagination is keen and nimble, yet his fancy is so well balanced by his native common sense that it does not run away with him. There is never any doubt about his genuineness, or that what he states is free from bias and romantic exaggeration.

Phoenix Rising Page Street Publishing
The final book in The Kindred Series. Reeling from the aftermath of Cassie's death, they find themselves trying to survive in a tumultuous world filled with more enemies than friends. Struggling through the rage consuming him, Devon must come to terms with the fact that the woman he loved has died. He has little time to deal with his grief though as The Elders want them dead, the Halflings are still running free, and the missing children have become the focal point of concern. On a mission to rescue the children, they set out on a journey from New York to Canada that will forever alter the course of their lives and make them realize that sometimes what rises from the fire may be something even more dangerous and deadly. That it may, in fact, be the death of them all. Book 5 of 5 Young Adult. This book contains some language, violence, and sexual situations. Recommended for ages fifteen and up. But ultimately, Niklas is persuaded to lead a mission to Italy, and he sees it as an opportunity to set in motion forgiveness—or retribution—for his brother's betrayal. The mission: play the role of a wealthy German investor and kidnap a beautiful, notorious madam named Francesca Moretti. No stranger to these types of roles, Niklas is the best man for the job, but this time the risks will be much greater as he will not be doing it alone. Izabel Seyfried, still fresh out of a life of imprisonment and sex slavery, could be negatively affected by the things she will see in Moretti's mansion, and Niklas must keep her in line, so she does not blow their cover and get them killed. But Niklas isn't the only one who must play a role—Nora takes on the humiliating task of playing Niklas's slave, and Izabel must play the role of his lover. On one hand, Niklas couldn't be enjoying himself more. On the other hand, the emotions that continue to rage inside of him might be too much for him to control, and it may be Niklas—not Izabel—who needs to be kept in line. He cannot forget what Victor has done, and this mission may just be the beginning of his downward spiral. Can the blood bond that Niklas and Victor share as brothers be stronger than resentment? Or will vengeance

dig the blade so deep that their bond be eternally severed?

The Voyageur Canadian Essays & Criticism 2-Book Bundle Grove/Atlantic, Inc.

Collected here are poems by one of Georgia's most intriguing and talented poets of the twentieth century. Byron Herbert Reece was born in Union County, Georgia, in 1917 and authored four volumes of poems and two novels during his short lifetime. Until now, many of his poems, originally published in the 1940s and 1950s, have been out of print. Reece, who faithfully assumed responsibility for his family's farm when his parents became ill, was never a poet of the academic ivory tower. Indeed, he rebelled against the rising New Criticism associated with the Vanderbilt Fugitives, the elite of southern poetry at that time. Reece's work reflects both the devastating impact of his parents' death from tuberculosis and his own affliction with the disease, which caused him to distance himself from others: "A solitary thing am I / Upon the roads of rust and flame / That thin at sunset to the air." Reece was also preoccupied with his ambivalence toward the farm, which sustained his solitude yet took time away from his writing: "In the far, dark woods go roving / And find there to match your mood / A kindred spirit moving / Where the wild winds blow in the wood." Reece's poetry is resonant and contemplative, and Jim Clark has included here works that speak for

the true grace of Reece's talent. In addition, Clark's attentive introduction should bring increased interest to this notable southern poet. *Fable in the Blood* New York : Grosset & Dunlap A visual feast of eclectic artwork informed and inspired by spiritual beliefs, magical techniques, mythology and otherworldly experiences.
