Dave Adams is a teenager standing at a crossroads in his life. He's lonely, a bully in need of direction. Through the pages of an ancient, leather-bound journal, Dave makes contact with an ancestor, James Adams, captain of a seventeenth century sailing-ship. Captain Adams is also straddling a fence, and the life of an honest sea-going merchant pales in comparison to the excitement and opportunities available for a captain willing to do what it takes to get ahead. Will the captain's decisions take him and his crew where they want to go? And how will those decisions affect Dave as he makes his way through high school and finds his first summer job? *Pirate Journey* explores the parallel lives of a scurvy sea captain and a high school bully as they make decisions and face the consequences of their choices, both good and bad.

In the 1990s, the Personal Computer (or PC) was on the rise in homes, and with it came new genres of play. Yet most of the games in these new genres featured fantasylands or humorous science fiction landscapes with low stakes and little to suggest the potential of the PC as a serious space for art and play. Jane Jensen's work and landmark Gabriel Knight series brought a new darkness and personality to PC gaming, offering a first powerful glimpse of what games could be as they came of age. As an author and designer, Jensen brought her approach as a designer-writer hybrid to the forefront of game design, with an approach to developing environments through detailed research to make game settings come to life, an attention to mature dilemmas and complex character development, and an audience-driven vision for genres reaching beyond the typical market approaches of the gaming industry. With a brand new interview with Jensen herself, Anastasia Salter provides the first ever look Jensen's impact and role in advancing interactive narrative and writing in the game design process.

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

In *The Conversation That Matters Most*, DeWitt Rowe takes his readers on a unique and fascinating journey of self-exploration and discovery. The author not only guides us toward a complete reevaluation of how we view success; he convinces us that the way we define it and pursue it must also be reexamined. How often do we stop and question the assumptions that have defined us? Are we more intelligent than we have been led to believe? Do our idiosyncrasies make us strange...or simply unique? How often do we make a decision based on what's expected of us, rather than on our innate sense of what works? DeWitt delves into areas that are rarely discussed, areas that reward us with a richness of comprehension, awareness, discovery, and wisdom. Every page is a reminder of the control we have over our lives if only we can understand how to use that control in a positive and result-oriented manner. Utilizing this book's guides and lessons, we can be assured of a fuller and more satisfying life.
