logic and passion, between intelligence and imagination, Villiers finds himself drawn to the very edge of impropriety. Title One of Library Journal's Best Books of

2011 A Salon Best Fiction of 2011 title One of The Telegraph's Best Fiction Books of the Year 2011 It's the early 1980s—the country is in a deep recession, and life after college is harder than ever. In the caf  s on College Hill, the wisecracking kids are inhaling Derrida and listening to Talking Heads. But Madeleine Hanna, dutiful English major, is writing her senior thesis on Jane Austen and George Eliot, purveyors of the marriage plot that lies at the heart of the greatest English novels. As Madeleine tries to understand why "it became laughable to read writers like Cheever and Updike, who wrote about the suburbia Madeleine and most of her friends had grown up in, in favor of reading the Marquis de Sade, who wrote about deflowering virgins in eighteenth-century France," real life, in the form of two very different guys, intervenes. Leonard Bankhead—charismatic loner, college Darwinist, and lost Portland boy—suddenly turns up in a semiotics seminar, and soon Madeleine finds herself in a highly charged erotic and intellectual relationship with him. At the same time, her old "friend" Mitchell Grammaticus—who's been reading Christian mysticism and generally acting strange—resurfaces, obsessed with the idea that Madeleine is destined to be his mate. Over the next year, as the members of the triangle in this amazing, spellbinding novel graduate from college and enter the real world, events force them to reevaluate everything they learned in school. Leonard and Madeleine move to a biology Laboratory on Cape Cod, but can't escape the secret responsible for Leonard's seemingly inexhaustible energy and plunging moods. And Mitchell, traveling around the world to get Madeleine out of his mind, finds

himself face-to-face with ultimate questions about the meaning of life, the existence of God, and the true nature of love. Are the great love stories of the nineteenth century dead? Or can there be a new story, written for today and alive to the realities of feminism, sexual freedom, prenups, and divorce? With devastating wit and an abiding understanding of and affection for his characters, Jeffrey Eugenides revives the motivating energies of the Novel, while creating a story so contemporary and fresh that it reads like the intimate journal of our own lives.

With This Kiss: Part One W. W. Norton & Company

It was an exciting time for young women of the 1920s as they embraced liberation from the pre–World War I traditions of their mothers. In the mild Mediterranean climate of the Italian Riviera, a rebellious young Sydney Warren cautiously tested her newfound freedom, developing an intimate relationship with the charming middle-aged widow Mrs. Kerr that caused rumors and speculation to stir among the wealthy British guests of a luxurious seaside hotel. A sapphic affair simmers beneath the surface of Elizabeth Bowen's captivating first novel,

published in 1927. With its masterful storytelling, combined with Bowen's keen observations and elegant prose, *The Hotel* beautifully illuminates the contrast between the tranquil Italian setting and the underlying tensions among the privileged characters. The novel is a thoughtful exploration of social norms, personal identity, and the subtle dynamics of group interaction, resulting in a rich story that often relies on what is left unsaid as much as what is written on the page.
