Life of Fred Perfection Learning
INSTANT #1 NEW YORK TIMES BESTSELLER *INSTANT #1 INDIE BESTSELLER* *INSTANT USA TODAY BESTSELLER* From the New York Times bestselling author of One Last Stop and Red, White & Royal Blue comes a romantic comedy about chasing down what you want, only to find what you need... Chloe Green is so close to winning. After her moms moved her from SoCal to Alabama for high school, she's spent the past four years dodging gossipy classmates and the puritanical administration of Willowgrove Christian Academy. The thing that's kept her going: winning valedictorian. Her only rival: prom queen Shara Wheeler, the principal's perfect progeny. But a month before graduation, Shara kisses Chloe and vanishes. On a furious hunt for answers, Chloe discovers she's not the only one Shara kissed. There's also Smith, Shara's longtime quarterback sweetheart, and Rory, Shara's bad boy

neighbor with a crush. The three have nothing in common except Shara and the annoyingly cryptic notes she left behind, but together they must untangle Shara's trail of clues and find her. It'll be worth it, if Chloe can drag Shara back before graduation to beat her fair and square. Thrown into an unlikely alliance, chasing a ghost through parties, break-ins, puzzles, and secrets revealed on monogrammed stationery, Chloe starts to suspect there might be more to this small town than she thought. And maybe—probably not, but maybe—more to Shara, too. Fierce, funny, and frank, Casey McQuiston's *I Kissed Shara Wheeler* is about breaking the rules, getting messy, and finding love in unexpected places. "An unfettered joy to read." - The New York Times "McQuiston has done it again." - USA Today "You won't want to miss." - Good Housekeeping **Beware, Princess Elizabeth** Basic Books

Count your way to sweet dreams with help from The Wonder Years/Hallmark actress, math whiz, and author Danica McKellar! This New York Times bestselling bedtime book with a math twist is perfect both for getting ready for bed and learning at home. This deceptively simple bedtime book sneaks in secret counting concepts to help make your 2-5 year old smarter . . . and by the end, sleepier! The first in the McKellar Math line, *Goodnight, Numbers* gives your child the building blocks for math success. As children say goodnight to the objects all around them—three wheels on a tricycle, four legs on a cat—they will connect with the real numbers in their world while creating cuddly memories, night after night. *Loving numbers is as easy as 1, 2, 3!* "A winner for bedtimes or storytimes focusing on counting." —School Library Journal "The joys of counting combine with pretty art and homage to *Goodnight Moon*." —Kirkus **The Times Machine!** Basic Books

Double Puppy Trouble Penguin Sometimes I feel silly. Sometimes I feel like eating pizza for breakfast. Sometimes I feel brave. Sometimes I feel like trying something new... The Feelings Book vibrantly illustrates the wide range of moods we all experience. Kids and adults will appreciate Todd Parr's quirky intelligence as he pays special attention to the ever-changing, sometimes nonsensical emotions that we all feel. Targeted to young children first beginning to read, this book will inspire kids to discuss their multitude of feelings in a kid-friendly, accessible format, told through Parr's trademark bold, bright colors and silly scenes.

Math from Three to Seven Crown Books for Young Readers

She walked into my bakery and my dough wasn't the only thing rising... Long legs, a big chest, and perfect, round buns. I'd give anything to roll with her and that adorable muffin top she's packing. There's just one problem... and that's the Irish mob jerk who thinks he owns her. To hell with that. If she's gonna have a bun in her oven... it's gonna be mine. Muffin Top is action-packed, sinfully steamy, and sure to satisfy your sweet tooth! A Kiss Goodnight Createspace Independent Publishing Platform New York Times bestselling author Danica McKellar makes it a breeze to excel in high school geometry! Hollywood actress and math whiz Danica McKellar has completely shattered the "math nerd" stereotype. For years, she's been showing girls how to feel confident and ace their math classes—with style! With Girls Get Curves, she applies her winning techniques to high school geometry, giving readers the tools they need to feel great and totally "get" everything from congruent triangles to theorems, and more. Inside you'll find: • Time-saving tips and tricks for homework and tests • Illuminating practice problems (and proofs!) with detailed solutions • Totally relateable real-

world examples • True stories from Danica's own life as an actress and math student • A Troubleshooting Guide, for getting unstuck during even the trickiest proofs! With Danica as a coach, girls everywhere can stop hiding from their homework and watch their scores rise!

The Feelings Book Scholastic Inc. The New York Times bestselling math workbook from actress and math genius Danica McKellar that teaches seventh to ninth grade girls how to conquer pre-algebra! Stepping up not only the math but the sass and style, McKellar helps math-phobic teenagers moving up into high school chill out and finally "get" negative numbers, variables, absolute values, exponents, and more. As she did so effectively in Math Doesn't Suck, McKellar uses personality quizzes, reader polls, real-life testimonials, and stories from her own life—in addition to clear instruction, helpful tips, and practice problems—revealing why pre-algebra is easier, more relevant, and more glamorous than girls think.

Let's Play Math Dragonfly Books

Imprisonment. Betrayal. Lost love. Murder. What more must a princess endure? Elizabeth Tudor's teenage and young adult years during the turbulent reigns of Edward and then Mary Tudor are hardly those of a fairy-tale princess. Her mother has been beheaded by Elizabeth's own father, Henry VIII; her jealous half sister, Mary, has her locked away in the Tower of London; and her only love interest betrays her in his own quest for the throne. Told in the voice of the young Elizabeth and ending when she is crowned queen, this second novel in the exciting series explores the relationship between two sisters who became mortal enemies. Carolyn Meyer has written an intriguing historical tale that reveals the deep-seated rivalry between a determined girl who became one of England's most powerful monarchs and the sister who tried everything to stop her.
