Chronicle Books

A powerful reminder to anyone who thinks design is primarily a visual pursuit, *The Senses* accompanies a

major exhibition at the Cooper-Hewitt Smithsonian Design Museum that explores how space, materials, sound, and light affect the mind and body. Learn how contemporary designers, including Petra Blaisse, Bruce Mau, Malin+Goetz and many others, engage sensory experience. Multisensory design can solve problems and enhance life for everyone, including those with sensory disabilities. Featuring thematic essays on topics ranging from design for the table to tactile graphics, tactile sound, and visualizing the senses, this book is a call to action for multisensory design practice. *The Senses: Design Beyond Vision* is mandatory reading for students and professionals working in diverse fields, including products, interiors, graphics, interaction, sound, animation, and data visualization, or anyone seeking the widest possible

---

understanding of design. The book, designed by David Genco with Ellen Lupton, is edited by Lupton and curator Andrea Lipps. Includes essays by Lupton, Lipps, Christopher Brosius, Hansel Bauman, Karen Kraskow, Binglei Yan, and Simon Kinnear.

Handbook of Game Theory with Economic Applications LIT EDIZIONI

For thirty years, *Modeling the Figure in Clay* has been an indispensable anatomical resource for people who think, see, and understand form best in the round: sculptors. In the thirtieth anniversary edition of this classic work, master sculptor Bruno Lucchesi invites you on a guided tour of the human form. Follow him as he creates a figure in clay—literally from the inside out—starting with the skeleton, laying on the muscles to show male and female anatomy, and finishing with a complete figure sculpture with every detail of face and hair carefully modeled. BRUNO LUCCHESI's work has been added to the collections of the Whitney Museum of American Art, the Brooklyn Museum, and the Dallas Museum, among many others. Lucchesi has received awards from the National Academy, the National Arts Club, and the Architectural League. He was a Guggenheim Fellow in 1962-1963, he won a Gold Medal award from the National Academy of Design in 1990, and was awarded the Polich Tallix Foundry Prize from the National Sculpture Society in 2009.

Start making beautiful crafts from polymer clay! Art Makers: Polymer Clay for Beginners is your step-by-step guide to making trinkets, animals, plants, and more using this fun, easy, and kiln-free craft. Polymer Clay for Beginners introduces artists, art hobbyists, and polymer clay enthusiasts to the versatile, accessible polymer clay medium. Because polymer clay does not require the use of a kiln and needs only baking in the oven, it is an easy, approachable art form for even the most inexperienced artist to learn, as well as kids, families, teachers, and anyone else looking

for a fun, boredom-busting hobby or craft. Professional artist and owner of Cat Bear Express, Emily Chen, demonstrates how to make adorable animal figurines, flowers, cookies, cakes, beads, and more through easy step-by-step projects. Each project features colorful, styled photographs demonstrating how finished pieces can be used, displayed, and gifted. A comprehensive tools and materials section and detailed information on techniques, baking, and glazing guide artists in their quest to become polymer clay pros. A modern approach to sculpture art, polymer clay is the perfect choice for beginners and crafting enthusiasts. The Art Makers series is designed for beginning artists and arts-and-crafts enthusiasts who are interested in experiencing fun hands-on mediums, including embroidery and papier-mache.

### Cuore di mamma University of Toronto Press

This is the second of three volumes surveying the state of the art in Game Theory and its applications to many and varied fields, in particular to economics. The chapters in the present volume are contributed by outstanding authorities, and provide comprehensive coverage and precise statements of the main results in each area. The applications include empirical evidence. The following topics are covered: communication and correlated equilibria, coalitional games and coalition structures, utility and subjective probability, common knowledge, bargaining, zero-sum games, differential games, and applications of game theory to signalling, moral hazard, search, evolutionary biology, international relations, voting procedures, social choice, public economics, politics, and cost allocation. This handbook will be of interest to scholars in economics, political science, psychology, mathematics and biology. For more information on the Handbooks in Economics series, please see our home page on <http://www.elsevier.nl/locate/hes>

Ventitre articoli restituiscono, in forma breve, i contenuti di altrettante tesi di diploma discusse dagli allievi delle Scuole dell'Istituto Superiore per la Conservazione ed il Restauro e dell'Opificio delle Pietre Dure di Firenze.

Selezionate tra le migliori degli anni accademici 2005-2007, esse documentano l'impegnativo e appassionante lavoro di studio, ricerca e sperimentazione svolto dagli allievi, con la guida e il supporto di tutti i loro docenti, su tipologie diverse di manufatti: dipinti murali e da cavalletto, ceramiche, metalli e tessuti. Il rigore metodologico e l'approccio interdisciplinare, comuni a tutti i lavori che si presentano, sono alla base dell'alto livello qualitativo che da sempre connota, riconosciuto anche in tutto il mondo, l'insegnamento delle due Scuole di Alta Formazione del Ministero per i Beni e le Attività Culturali.

Discover a world of creative and colourful jewellery making from the comfort of your own home. In this comprehensive guide to modern polymer clay techniques, artist and designer Heidi Helyard reveals the simple techniques that can be used to create one-off, contemporary jewellery pieces with minimal tools and equipment. Polymer clay is possibly one of the most accessible yet versatile art materials currently available. As readily accessible and easy to use as paint, you can make everything (and anything) with it, from sculptures and figurines, to artworks, decorations, homewares, and wearable jewellery. It's lightweight, flexible and strong. No special tools or equipment is required to cure it, it is relatively cheap, and you only need to start with the primary colours, plus black and white, to mix any colour you like. Polymer clay, which has been around for nearly 80 years, is currently finding itself popular amongst contemporary jewellery makers as the bright colours and sheer versatility of the material allows makers to create bold and graphic modern designs. The beauty of polymer clay is that it presents so many opportunities to explore colour combinations, patterns and texture. In this book

---

you will learn 10 easy yet exciting techniques including slab and cane making, marbling and colour mixing, inlay techniques, printing onto clay, surface embellishments and more to create 20 unique jewellery pieces. The projects in this book vary in complexity, but are accessible to both novice and advanced makers alike. If you are a beginner, the extensive step-by-step photos and instructions will help you develop your polymer clay skills and complete the projects with confidence. As you build your skills and learn the techniques via the book, you will realise that you can combine techniques to create all-new results. The skills you learn in this book will open up a limitless world of further experimentation for you to discover. Just make, bake and wear!

“When Gessen speaks about autocracy, you listen.” —The New York Times “A reckoning with what has been lost in the past few years and a map forward with our beliefs intact.” —Interview As seen on MSNBC’s Morning Joe and heard on NPR’s All Things Considered: the bestselling, National Book Award–winning journalist offers an essential guide to understanding, resisting, and recovering from the ravages of our tumultuous times. This incisive book provides an essential guide to understanding and recovering from the calamitous corrosion of American democracy over the past few years. Thanks to the special perspective that is the legacy of a Soviet childhood and two decades covering the

resurgence of totalitarianism in Russia, Masha Gessen has a sixth sense for the manifestations of autocracy—and the unique cross-cultural fluency to delineate their emergence to Americans. Gessen not only anatomizes the corrosion of the institutions and cultural norms we hoped would save us but also tells us the story of how a short few years changed us from a people who saw ourselves as a nation of immigrants to a populace haggling over a border wall, heirs to a degraded sense of truth, meaning, and possibility. *Surviving Autocracy* is an inventory of ravages and a call to account but also a beacon to recovery—and to the hope of what comes next.

*The Fundamentals of Drawing* Strelbytskyy Multimedia Publishing

For five years, Konrad has imprisoned himself and his crippled wife in an abandoned lime works where he’s conducted odd auditory experiments and prepared to write his masterwork, *The Sense of Hearing*. As the story begins, he’s just blown the head off his wife with the Mannlicher carbine she kept strapped to her wheelchair. The murder and the bizarre life that led to it are the subject of a mass of hearsay related by an unnamed life-insurance salesman in a narrative as mazy, byzantine, and mysterious as the lime works—Konrad’s sanctuary and tomb.

*L’Indice dei libri del mese* Elsevier

Once upon a time pottery schools saw an increase in enrolments whenever the film *Ghost* aired on television. Today it is all year round. Not since the 1970s has there been this level of interest and appreciation for pottery and ceramics. The return to the handmade has been driven by our increasingly digital lives and there are now more

---

makers, sellers and collectors than ever. There is also a new desire for unique objects made by hand and the imperfections associated with the marks of the maker. Pottery is the vehicle that most aptly captures this authenticity. From decorative pieces to the primarily functional to sculptural works pushing the boundaries of the medium, Clay surveys the richly creative output of over 50 studio potters from around the world. It is a celebration of a new generation of artisans working in clay, a snapshot not necessarily of what is happening at elite gallery level, but rather a behind-the-scenes look at the unique and eclectic offerings from small studios around the world.

#### Dying Light Elsevier

Raffaello Borghini's *Il Riposo* (1584) is the most widely known Florentine document on the subject of the Counter-Reformation content of religious paintings. Despite its reputation as an art-historical text, this is the first English-language translation of *Il Riposo* to be published. A distillation of the art gossip that was a feature of the Medici Grand Ducal court, Borghini's treatise puts forth simple criteria for judging the quality of a work of art. Published sixteen years after the second edition of Giorgio Vasari's *Vite*, the text that set the standard for art-historical writing during the period, *Il Riposo* focuses on important issues that Vasari avoided, ignored, or was oblivious to. Picking up where Vasari left off, Borghini deals with artists who came after Michaelangelo and provides more comprehensive descriptions of artists who Vasari only touched upon such as Tintoretto, Veronese, Barocci, and the artists of Francesco I's Studiolo. This text is also invaluable as a description of the mid-sixteenth century reaction against the style of the 'maniera,' which stressed the representation of self-consciously convoluted figures in complicated works of art. The first art treatise specifically directed toward non-practitioners, *Il Riposo* gives unique insight into the early stages of art history as a

discipline, late Renaissance art and theory, and the Counter-Reformation in Italy.

#### **Magritte** Watson-Guption

Dall'autrice di *Un matrimonio perfetto* e *Tutte le ragazze lo fanno*, un delicato e intenso romanzo sentimentale che anticipa di decenni il tema della realizzazione e liberazione Femminile. Siamo in America, alla fine degli anni Cinquanta, in una quieta cittadina di provincia, lontana dalle turbolenze di New York e dalle inquietudini del tempo. Qui la vita di Lena sembra perfetta, con un matrimonio riuscito, due figli adorabili e una speciale capacità di far bene ogni cosa. Ma un giorno, sul finire dell'estate, nella piccola città arriva John MacCurdy, uno scultore brusco, anticonformista, affascinante. Dopo un iniziale senso di avversione nei suoi confronti, Lena decide di prendere lezioni di scultura e inizia così a frequentare il suo studio. Con il tempo, sia l'arte che l'uomo prendono sempre più spazio nella vita di Lena, la quale si rende conto di avere un grande talento e desideri repressi che vanno oltre la dimensione casalinga che la sua vita ha finora avuto. Riuscire a far convivere il suo mondo ordinato e prevedibile con quello istintivo e ignoto dell'arte, rappresentato da John, diventa sempre più difficile ma scegliere sarà necessario, anche se nessuna direzione è scontata... Autrice di brillanti romanzi di successo, sempre centrati su un universo femminile inquieto e in cerca della propria realizzazione, Winifred Wolfe ci regala stavolta un romantico romanzo di formazione al femminile. Con i suoi toni delicati e le tematiche pionieristiche, la storia di Lena è la stessa di ogni donna che si chieda se la vita non sia altrove.
