Kitty and The Midnight Hour Silly Kitty Kitty Goes to War: the eighth novel in the New York Times bestselling Kitty Norville series by Carrie Vaughn Kitty Norville, Alpha werewolf and host of The Midnight Hour, a radio call-in show, is contacted by a friend at the NIH's Center for the Study of Paranatural Biology. Three Army soldiers recently returned from the war in Afghanistan are being held at Ft. Carson in Colorado Springs. They're killer werewolves—and post traumatic stress has left them unable to control their shape-shifting and unable to interact with people. Kitty agrees to see them, hoping to help by bringing them into her pack. Meanwhile, Kitty gets sued for libel by CEO Harold Franklin after featuring Speedy Mart--his nationwide chain of 24-hour convenience stores with a reputation for attracting supernatural unpleasantness--on her show. Very bad weather is on the horizon. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**The Ghosts of Sherwood** Bloomsbury Publishing USA

A New York Times bestseller! Written in a flowing narrative style, Kitty Genovese: A True Account of a Public Murder and Its Private Consequences presents the story of the horrific and infamous murder of Kitty Genovese, a young woman stalked and stabbed on the street where she lived in Queens, New York, in 1964. The case sparked national outrage when the New York Times revealed that dozens of witnesses had seen or heard the attacks on Kitty Genovese and her struggle to reach safety but had failed to come to her aid—or even call police until after the killer had fled. This book, first published in 2014 and now with a new afterword, cuts through misinformation and conjecture to present a definitive portrait of the

crime, the aftermath, and the people involved. Based on six years of research, Catherine Pelonero's book presents the facts from police reports, archival material, court documents, and firsthand interviews. Pelonero offers a personal look at Kitty Genovese, an ambitious young woman viciously struck down in the prime of her life; Winston Moseley, the killer who led a double life as a responsible family-man by day and a deadly predator by night; the consequences for a community condemned; and others touched by the tragedy. Beyond just a true-crime story, the book embodies much larger themes: the phenomenon of bystander inaction, the evolution of a serial killer, and the fears and injustices spawned by the stark prejudices of an era, many of which linger to this day.

The Other End of the Leash St. Martin's Griffin This exploration of author Laurell K. Hamilton's work examines the many novels of her series and shows how her writing has been a major influence on contemporary visions of the vampire—an ideal reference text for book club leaders. Long before Twilight achieved epic levels of popularity, Laurell K. Hamilton was reshaping the image of the vampire with her own take on the vampire mythos in her Anita Blake, Vampire Hunter fantasy novel series. While Hamilton's work draws on traditional vampire and fairy lore, her interpretation of these subjects brought new dimensions to the genres, influencing the direction of urban fantasy over the past two decades. Reading Laurell K. Hamilton focuses upon Hamilton's two bestselling series, the Anita Blake, Vampire Hunter series and the Merry Gentry series. The volume is intended as a resource for leaders of book clubs or discussion groups, containing chapters that examine Hamilton's role in the current vampire literature craze, the themes and characters in her work, and responses to Hamilton on the Internet. The book also provides a brief overview of Hamilton's life.

Mathews uses a limited definition of paranormal, and examines works set, for the

most part, in a relatively realistic modern world inhabited by both humans and paranormal beings.

The Year's Best Science Fiction: Thirtieth Annual Collection Macmillan Carrie Vaughn follows up The Ghosts of Sherwood with the charming, fast-paced The Heirs of Locksley, continuing the story of Robin Hood's children. "We will hold an archery contest. A simple affair, all in fun, on the tournament grounds. Tomorrow. We will see you there." The latest civil war in England has come and gone, King John is dead, and the nobility of England gathers to see the coronation of his son, thirteen year old King Henry III. The new king is at the center of political rivalries and power struggles, but John of Locksley—son of the legendary Robin Hood and Lady Marian—only sees a lonely boy in need of friends. John and his sisters succeed in befriending Henry, while also inadvertently uncovering a political plot, saving a man's life, and carrying out daring escapes. All in a day's work for the Locksley children... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Dreams of the Golden Age Grand Central Publishing All new and original to this volume, the 21 stories in Dangerous Women include work by twelve New York Times bestsellers, and seven stories set in the authors' bestselling continuities—including a new "Outlander" story by Diana Gabaldon, a tale of Harry Dresden's world by Jim Butcher, a story from Lev Grossman set in the

world of The Magicians, and a 35,000-word novella by George R. R. Martin about the Dance of the Dragons, the vast civil war that tore Westeros apart nearly two centuries before the events of A Game of Thrones. Also included are original stories of dangerous women--heroines and villains alike--by Brandon Sanderson, Joe Abercrombie, Sherrilyn Kenyon, Lawrence Block, Carrie Vaughn, S. M. Stirling, Sharon Kay Penman, and many others. Writes Gardner Dozois in his Introduction, "Here you'll find no hapless victims who stand by whimpering in dread while the male hero fights the monster or clashes swords with the villain, and if you want to tie these women to the railroad tracks, you'll find you have a real fight on your hands. Instead, you will find sword-wielding women warriors, intrepid women fighter pilots and far-ranging spacewomen, deadly female serial killers, formidable female superheroes, sly and seductive femmes fatale, female wizards, hard-living Bad Girls, female bandits and rebels, embattled survivors in Post-Apocalyptic futures, female Private Investigators, stern female hanging judges, haughty queens who rule nations and whose jealousies and ambitions send thousands to grisly deaths, daring dragonriders, and many more." Kitty Rocks the House  
Bloomsbury Publishing USA  
A spooky doll story filled with thrills and chills, for fans of Mary Downing Hahn and Neil Gaiman. Josie always liked visiting her grandmother's house. But when she's forced to move there, she starts to feel like something is a little . . . off. Her grandmother has some very strange rules: Never leave your windows open after dark. No dolls in the house. Never, ever go by the house in the woods. A little spooked, Josie is relieved to find that her school seems pretty normal. She even manages to make friends with a popular girl named Vanessa. When Vanessa invites Josie back to her house to hang out, Josie doesn't question it. Not even when Vanessa takes her into the woods, and down an old dirt road, toward the very house her grandmother had warned her about . . . The house that has been calling for her.  
Kitty and the Dead Man's Hand  
Macmillan

This edition of The Year's Best Science Fiction collects twenty-five of the finest works of speculative fiction to see print in 1990, stories from the genre's every edge, and from its heart. Among the many marvels are tales from the field's most accomplished artists: Ursula K. Le Guin's "The Shobies' Story" returns to the Hainish worlds with a reality-defining story, while Joe Haldeman's "The Hemmingway Hoax" embarks from our world on a time-defying trip through other possibilities. Kate Wilhelm, Michael Moorcock, Robert Silverberg, and John Brunner demonstrate too with their stories why they remain among the most popular science fiction writers of all time. With the closing of a decade and cyberpunk virtually becoming reality, many of the leading writers of the eighties have begun to bring new insight and vision to their fiction:

Bruce Sterling examines a classic clash of cultures in "We See Things Differently," and James Patrick Kelly's "Mr. Boy" presents a hard-edged story about the guts of growing up. Lewis Shiner's "White City" and Connie Willis's "Cibola" both seek peace--of sorts--amid spectacle, and works by Nancy Kress, Lucius Shepard and Robert Frazier, Pat Murphy, and John Kessel also dazzle and amaze. Among the many other stories in this volume are powerhouse piece by Terry Bisson, Molly Gloss, Ian McDonald, Charles Sheffield, Alexander Jablokov, and Dafydd ab Hugh, as well as towering new mindscapes from young talents such as Jonathan Lethem, Ian R. MacLeod, Greg Egan and Ted Chiang. A wonderful tour through possible, probable, and virtual realities, The Year's Best Science Fiction is an ideal assemblage of the year's short fiction. This volume is essential to anyone who reads sf. "A virtually indispensable series."--Kirkus Reviews  
The Year's Best Science Fiction: Eighth Annual Collection  
American Library Association  
Kitty's radio show is as popular as ever and she has a boyfriend who actually seems to understand her. Can she finally settle down to a normal life? Not if this is just the calm before the storm. When her mother falls ill, Kitty rushes back to Denver--and right back to the abusive pack of werewolves she escaped a year ago. To make matters worse, a war is brewing between the city's two oldest vampires, threatening the whole supernatural community. Though she wants to stay neutral, Kitty is again drawn into a world of politics and violence. To protect her family, her lover, and herself, she'll have to choose sides. And maybe become what she hates--a killer.

*The Year's Best Science Fiction: Sixth Annual Collection* Scholastic Inc. Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover:

- How you can get your dog to come when called by acting less like a primate and more like a dog
- Why the advice to “get dominance” over your dog can cause problems
- Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief
- How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!”

Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely

new way—so as to enrich that most rewarding of relationships.

*Silly Kitty and the Spooky Night* Tor Books

“Vampires. Why do we care? In these pages you will find what is very simply, the most literate, imaginative, and just plain fascinating answer to that question ever written.”

Whitley Strieber In a culture that does not do death particularly well, we are obsessed with mortality. Margot Adler writes, “Vampires let us play with death and the issue of mortality. They let us ponder what it would mean to be truly long lived. Would the long view allow us to see the world differently, imagine social structures differently? Would it increase or decrease our reverence for the planet? Vampires allow us to ask questions we usually bury.” As Adler, a longtime NPR correspondent and question asker, sat vigil at her dying husband’s bedside, she found herself newly drawn to vampire novels and their explorations of mortality. Over the next four years—by now she has read more than 270 vampire novels, from teen to adult, from gothic to modern, from detective to comic—she began to see just how each era creates the vampires it needs. Dracula, an Eastern European monster, was the perfect vehicle for 19th-century England’s fear of outsiders and of disease seeping in through its large ports. In 1960s America, Dark

Shadows gave us the morally conflicted vampire struggling against his own predatory nature, who still enthralls us today. Think Spike and Angel, Stefan and Damon, Bill and Eric, the Cullens. *Vampires Are Us* explores the issues of power, politics, morality, identity, and even the fate of the planet that show up in vampire novels today. Perhaps, Adler suggests, our blood is oil, perhaps our prey is the planet. Perhaps vampires are us.
