Guide - download.tr
uyenyy.com

I immediately
enjoyed the Klipsch
KSB 3.1's clear
sound. Although I
also had to
immediately crank
up the bass control

for my Denon to get a rich enough sound. And I don't like my tunes with booming heavily colored bass. By the way I did open them up to see what makes them tick. I was impressed to see the woofer was a genuine Klipsch piece.
