Here are some pictures of what I need. They are used on the XL-23, XL-12, and XB-10 speakers to mount to the wall bracket. The are tapered so the fist part slide through the bracket and the next section holds them securely in place  
Klipsch Icon Series XL-12 Center channel speaker at ...

Considering that the Velodyne is about 3 times the cost of the Sub 12, I actually have no complaints at all. What a bargain of a sub! For those still unwilling to use a 12" design, you won't know what you are missing until you try the Klipsch. Make space for the Sub 12, it will greatly enhance your home cinema and music experience!
