I'm new to photography and have recently been given a Kodak Colorsnap 35. Could someone possibly link me to a film that would fit the camera. ... I noticed on the top of the camera there I dial with the recommended films from the manual (they don't make any of them anymore I don't think). What is this for and will it matter? Mar 26, 2017 #5.

The camera is the first model of the Kodak Colorsnap 35, which was made from made from July 1959-January 1964. Unfortunately, it isn't really worth any more than £ 3 today, meaning the film and developing cost more than the camera. After the exposure mishap, I realised the need for an instruction manual and luckily found a scan of one on flickr.
