Romance - Recommended for readers 18] due to mature content ***This is the first book in the Dearest Series and a stand-alone novel.*** Twenty-year-old Clementine Avery doesn't mind being called bitchy and closed off. It's safe, and after being burned by her high school sweetheart and stalked by a professor her freshman year of college, safe sounds pretty damn good. Her number one rule for survival? No dating. That is until she accidentally signs up for a romance writing class and needs material for her latest assignment. Sexy RA Gavin Murphy is more than happy to play the part of book boyfriend to help Clem find some inspiration, even if that means making out...in the name of

research, of course. As Gavin and Clem grow closer, they get entangled in the mystery surrounding a missing Boston University student, and Clem unwittingly becomes a possible target. Gavin tries to show Clem she can handle falling in love again, but she knows she has to be careful because her heart

After Effects CS5.5 Update: [/tv.adobe.com/show/after-effects-cs55-new-creative-techniques/](http://tv.adobe.com/show/after-effects-cs55-new-creative-techniques/) Chris and Trish Meyer have created a series of videos demonstrating how to use their favorite new and enhanced features in After Effects CS5.5. Virtually all of these videos use exercise files from *Creating Motion Graphics with After Effects (5th Edition for CS5)* as their starting point, extending the usefulness of this book for its owners. These videos may be viewed for free on AdobeTV. * 5th Edition of best-selling After Effects book by renowned authors Trish and Chris Meyer covers the important updates in After Effects CS4 and CS5 * Covers both essential and advanced techniques, from basic layer manipulation and animation through keying, motion tracking, and color

management * The downloadable resources are packed with project files for version CS5, source materials, and nearly 200 pages of bonus chapters Trish and Chris Meyer share over 17 years of hard-earned, real-world film and video production experience inside this critically acclaimed text. More than a step-by-step review of the features in AE, readers will learn how the program thinks so that they can realize their own visions more quickly and efficiently. This full-color book is packed with tips, gotchas, and sage advice that will help users thrive no matter what projects they might encounter. *Creating Motion Graphics 5th Edition* has been thoroughly revised to reflect the new features introduced in both After Effects CS4 and CS5. New chapters cover the revolutionary new Roto Brush feature, as well as mocha and mocha shape. The 3D section has been expanded to include working with 3D effects such as Digieffects FreeForm plus workflows including Adobe Repouss é , Vanishing Point Exchange, and 3D model import using Adobe Photoshop Extended. The print version is also

accompanied by downloadable resources that contain project files and source materials for all the techniques demonstrated in the book, as well as nearly 200 pages of bonus chapters on subjects such as expressions, scripting, and effects. What's the worst thing about wanting a sexy NFL football player? Everyone else wants him, too. After catching my boyfriend getting deep-throated by a cage girl, I've learned my lesson - never date a professional athlete. Never. Besides, I have more important things to worry about, like not

blowing my shot to make it as a broadcast reporter. I won't let anything get in my way, not even the new "it boy" of the NFL and my hot-as-hell neighbor. What's the worst thing about getting death glares from his new neighbor? It doesn't make him want her any less. I've worked my ass off to make it to the pros. The last thing I need is the complication of a relationship, especially since my last one was a total train wreck. But I can't stop thinking about the feisty girl next door with the smart mouth. And I'd love nothing more than to show her what to do with that mouth. Friends with benefits might be the best idea he's ever had. Or the worst.

Two of America's most popular authorities on healthy eating and cooking join forces in this delectable, inspiring and easy-to-use cookbook. Dr Andrew Weil - author of the best-selling *Eating Well For Optimum Health* - brings to this collaboration a

comprehensive philosophy of nutrition grounded in science. Rosie Daley - acclaimed for her best-seller *In The Kitchen With Rosie* - brings to it her innovative and delicious spa cuisine. Lifelong good health begins in the kitchen, so this is a lifestyle book as well as a cookbook. But throughout, *The Healthy Kitchen* emphasizes the pleasure of food - in the writing, in the anecdotes, in the commentaries, in the superb photography (including pictures of the authors at work from garden to table) and in the recipes themselves. With 135 fabulous recipes and invaluable information on what constitutes genuinely healthy eating today, this revolutionary book will change the way you cook for yourself and your family forever. *Herodotus, Books V and VI. When soccer all-

star Jax Avery collides with Dani Hart on his twenty-first birthday, their connection is instantaneous and explosive. For the first time in years, Jax isn't interested in his usual hit-it and quit-it approach. But Dani knows better. Allowing herself a night to be carefree and feel the intensity of their attraction won't change anything when it comes to dealing with a player. So when Jax doesn't recognize Dani the next time he sees her, it shouldn't be a total shock. The fact that he's her new roommate's brother? That's a shock. Dani doesn't regret that night with Jax, just the need to lie about it. Since her roommate has made it clear what she thinks about her brother's "type" of girl, the last thing Dani wants is to admit what

happened. Jax knows he's walking a fine line on the soccer team. One more misstep and he's off the roster, his plans to go pro be damned. Except he can't seem to care. About anything... except for the one girl who keeps invading his dreams. Despite Jax's fuzzy memory of his hot hookup with his sister's friend, he can't stay away from her, even if that means breaking his own rules. But there are bigger forces at work—realities that can end Dani's college career and lies that can tear them apart. Jax realizes what he's losing if Dani walks away, but will he sacrifice his future to be with her? And will she let him if he does? The book contributes to a better understanding of the role such co-operation can play in complying cost-effectively with European environmental legislation, in particular the EU Nitrates and Water Framework Directives, and in achieving a sustainable agriculture. The feasibility of meeting environmental standards by the application of voluntary agreements between farmers and water suppliers is analysed as a more economically efficient and environmentally effective means compared to applying alternative instruments like

command-and-control and taxes. In addition, the potential of voluntary co-operative agreements for achieving a more flexible European Union water policy as well as for reforming the Common Agricultural Policy is assessed. The book will appeal to those researching and working in achieving a more sustainable water management and agricultural practices. Springer

This book deals with the new method of laser-driven acceleration for application to radiation biophysics and medicine. It provides multidisciplinary contributions from world leading scientist in order to assess the state of the art of innovative tools for radiation biology research and medical applications of ionizing radiation. The book contains insightful contributions on highly topical aspects of spatio-temporal radiation

biophysics, evolving over several orders of magnitude, typically from femtosecond and sub-micrometer scales. Particular attention is devoted to the emerging technology of laser-driven particle accelerators and their application to spatio-temporal radiation biology and medical physics, customization of non-conventional and selective radiotherapy and optimized radioprotection protocols.

Thank you for reading our PRINCE2 Foundation Training Manual. The main objective of this book is to provide an easy-to-read and easy-to-understand PRINCE2(R) Foundation training manual. The official PRINCE2 manual, "Managing Successful Projects with PRINCE2," is an excellent

reference manual, but it is not a training manual and should not be used as one, as it is very difficult to comprehend and understand if you are new to project management. The official PRINCE2 manual also covers the complete Practitioner Syllabus, and it's impossible to know which parts are just focused on the PRINCE2 Foundation syllabus, so you have to read everything, which is not good if you are just studying for the foundation exam. Henceforth, this book is meant to be (and is) an easy introduction to PRINCE2 based on the Foundation syllabus, and it's quickly becoming the most read book for people wishing to learn about PRINCE2 and prepare for the foundation exam.
