Kodiak Point Anthology (#1-3) Dragon Point

Master storyteller and bestselling author Steven Pressfield returns with a stunning, chillingly plausible near-future thriller about the rise of a privately financed and global military industrial complex. The year is 2032. The third Iran-Iraq war is over; the 11/11 dirty bomb attack on the port of Long Beach, California is receding into memory; Saudi Arabia has recently quelled a coup; Russians and Turks are clashing in the Caspian Basin; Iranian armored units, supported by the satellite and drone power of their Chinese allies, have emerged from their enclaves in Tehran and are sweeping south attempting to

recapture the resource rich territory stolen from them, in their view, by Lukoil, BP, and ExxonMobil and their privately-funded armies. Everywhere, military force is for hire. Oil companies, multi-national corporations and banks employ powerful, cutting-edge mercenary armies to control global chaos and protect their riches. Even nation states enlist mercenary forces to suppress internal insurrections, hunt terrorists, and do the black bag jobs necessary to maintain the new New World Order. Force Insertion is the world's merc monopoly. Its leader is the disgraced former United States Marine General James Salter, stripped of his command by the president for nuclear saber-rattling with the Chinese and banished to the Far East. A grandmaster military and political strategist,

---

Salter plans to take vengeance on those responsible for his exile and then come home...as Commander in Chief. The only man who can stop him is Gilbert "Gent" Gentilhomme, Salter's most loyal foot soldier, who launches a desperate mission to take out his mentor and save the United States from self destruction. Infused with a staggering breadth of research in military tactics and steeped in the timeless themes of the honor and valor of men at war that distinguish all of Pressfield 's fiction, *The Profession* is that rare novel that informs and challenges the reader almost as much as it entertains.

In Russian Colonization of Alaska: Baranov's Era, 1799-1818, Andrei Val'terovich Grin ë v examines the sociohistorical origins of the former Russian colonies in Alaska, or "Russian

---

America." The formation of the Russian-American Company and the concentration in the hands of Aleksandr Baranov of all the power in south and southeast Alaska's Russian settlements marked a new stage in the history of Russian America. Expanding and strengthening Russian possessions in the New World as much as possible, Baranov acted in favor of his country before himself, in accordance with the principle "people for the empire, and not the empire for the people." *Russian Colonization of Alaska* is the first comprehensive study to analyze the origin and evolution of Russian colonization based on research into political economy, history, and ethnography. Grin ã v's study elaborates the social, political, spiritual, ideological, personal, and psychological aspects of Russian America, accounting for the idiosyncrasies of the natural environment,

competition from other North American empires, and challenges from Alaska Natives and individual colonial diplomats. Rather than being simply a continuation of Russians' colonization of Siberia, the colonization of Alaska was instead part of overarching Russian and global history.

Wild Animals in and Out of the Zoo Eve Langlais

When two men, recently discharged from the air force, set out for a hunting trip on Kodiak Island in Alaska, they expect the adventure of a lifetime. Instead, they find themselves embroiled in a never-ending nightmare. More than forty years later, biologist Jane Marcus and her friends discover human remains near Karluk Lake in the middle of the Kodiak National Wildlife Refuge. Jane soon learns a bullet was responsible for shattering the skull they found. What happened? Was the gunshot wound the result of a suicide, or was it homicide? Who was this individual who died in the middle of the wilderness, and when did he die? Jane can't stop asking questions, and she turns to Alaska State Trooper Sergeant Dan Patterson for answers. Sergeant Patterson doesn't have time for Jane and her questions because he is investigating the recent

murder of a floatplane pilot on the island. Was the pilot shot by one of his passengers, by another pilot, by campers in the area where his body was found, or did his wife hire someone to kill him? The number of suspects in the case overwhelms Patterson, but a notebook in the pocket of the dead pilot provides clues to the last weeks of the pilot's life. With no time to spare for old bones, Patterson gives Jane permission to research the remains she found near Karluk Lake. Jane's investigation into the bones seems harmless to Patterson, but she awakens a decades-old crime which some believed they'd buried long ago. Will Patterson find who murdered the pilot before the killer leaves the island, and will Jane's curiosity put her life in danger? What evil lurks at Karluk Lake?
