TECHNOLOGY (PEET) is designed to meet the basic needs of students interested in the subject of small engine repair by helping instructors present information that will aid in the student's learning experience. The subject matter is intended to help students become more qualified employment candidates for repair shops looking for well-prepared, entry-level technicians. PEET has been written to make the learning experience enjoyable: The easy-to-read-and-understand chapters and over 600 illustrations assist visual learners with content comprehension. The book comprises 17 chapters,

starting with a brief history of the internal combustion engine and ending with a chapter on troubleshooting various conditions found on any power equipment engine. Both two-stroke and four-stroke engines are covered. PEET can be used not only by pre-entry-level technicians but also as a reference manual by practicing technicians, and it will be helpful for the general consumer of power equipment engines that has an interest in understanding how they work. In today's world, an education prior to working in the field is becoming more desirable by all shops that hire. Power equipment technicians are currently sought after and will continue to be in demand in the future as technology

advances in the manufacturing of modern power equipment engines. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Roads and Streets

Dr. Ray Vander Weele embarks on a voyage of discovery and celebrates life ' s joys, challenges, and unexpected turns in this memoir. He shares the grief of losing a child and the anguish of saying goodbye to a wife claimed by Alzheimer ' s—as well as the thrill of opening himself up to a new love and a new beginning later in life. He writes about the awkwardness of adolescence, living through the Great Depression, World War II, the Korean War, and Vietnam; and surviving scarlet fever, heart surgery and cancer—and how avoiding polio and covid-19 helped

create a new appreciation for life. Some of what he recalls were mountains: obstacles that, in retrospect, it is hard to believe he overcame. Other challenges were boulders or even pebbles—although it was not always clear at the time which was which. Join the author as he takes stock of the past and prompts you to examine how you 've lived your life ... and what you might do to enhance the time you have left.
