**Korg microKORG Manuals**

Korg released their virtual analog synthesizer/vocoder, the microKORG, in 2002 and it quickly went on to become one of the most popular synths ever released by the company. Thanks to the very positive reception of the microKORG, it's no surprise that it was followed by a successor called the microKORG XL in 2009. Although

the name might make it sound like it is just a minor update to the ...
