Application for Employment I refer to the recent death of the Technical Manager at your company and hereby apply for the replacement of the deceased manager. Each time I apply for a job, I get a reply that there is no vacancy but in this case I have caught you red-handed and you have no excuse because I even attended the funeral to be sure that he was truly dead and buried before applying. Attached to my letter is a copy of my CV and his death certificate. Crap CVs is a hilarious compilation of the worst job applications imaginable, including overly-honest cover letters, embarrassing typos, mortifying personal revelations, awkward interview questions, misplaced self-confidence, self-aggrandizing gibberish, blatant truth-twisting and, of course, outright lies.

The definitive book on steak has never been written-until now "Of all the meats, only one merits its own structure. There is no such place as a lamb house or a pork house, but even a small town can have a steak house." So begins Mark Schatzker's ultimate carnivorous quest. Fed up with one too many mediocre steaks, the intrepid journalist set out to track down, define, and eat the perfect specimen. His journey takes him to all the legendary sites of steak excellence-Texas, France, Scotland, Italy, Japan, Argentina, and Idaho's Pahsimeroi Valley-where he discovers the lunatic lengths steak lovers will go to consume the perfect cut. After contemplating the merits of Black Angus, Kobe, Chianina, and the prehistoric aurochs-a breed revived by the Nazis after four hundred years of extinction-Schatzker adopts his own heifer, fattens her on fruit, acorns, and Persian walnuts, and then grapples with ambivalence when this near-pet appears on his plate. Reminiscent of both Bill Bryson's and Bill Buford's writing, Steak is a warm, humorous, and wide-ranging read that introduces a wonderful new travel and food writer to the common table.

The alien spaceship landed in a cornfield. Its crew died rapidly, leaving only one survivor - a baby, conceived on an unknown world, carried in its mother's womb across space and delivered even as the mother died on a hostile Earth. But the alien woman had given birth to more than a child. With her last act she had bequeathed to the Earth that hated her and her kind decades of turmoil and strife that would come close to tearing the whole planet apart.

Throughout human history, wars and violence have oftenbeen waged in the name of religions and in the name ofdiverging religious beliefs and belonging. Ironically, though,all religions in their teachings speak of nonviolence and havein common the promotion of peace and justice, namely therespect of human life and dignity, the institution of humanrights, the protection of the poor and vulnerable, the freeing ofthe oppressed, the active elimination of injustice? It seemstherefore, that violence and wars would be antithetical toreligions; yet they are so frequently used as their justification.Are we then speaking of different "religions"? "Institutional religions," the ones structured by humans andthat are brandished to lead violence and wars, become infact quite foreign to the essence of the religions as they wereestablished by their founders and that they intend to represent;they actually contribute to their destruction.Wanting to refect on that point, I embarked, a few yearsago, on giving voice to local religious individuals, whom Icalled "Religious Peacemakers," and who, each by living theessential teachings of their particular faith, contributed by theiractions to peace and justice. I wanted to prove that their path,irrespective of their original religion, would be similar, and thattheir diverse faith, instead of separating them, would on thecontrary end up uniting them.

Dot Grid Graph Paper Notebook Motorbooks
This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, Angels and Demons in Art will delight readers with an interest in art or religious symbolism.

Fourteen-year-old Roonie loves hip-hop almost as much as she loves her grandmother. She cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Roonie becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Roonie to mess things up with her hip-hop dance partner and best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Roonie meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Roonie face her fears, make amends with Kira and reconnect with Gram before it's too late.
