This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the *Guide to Imagery* series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two

paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar.

Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

10 Minute Guide to Memory Management Trafford Publishing

"In a remarkable tour de force of research, Shelley Pearen reveals the innermost thoughts of the people who assembled 150 years ago to negotiate the future of Manitoulin Island, the world's largest freshwater island. Working with long forgotten letters, reports and accounts written in English, French and Ojibwe. Pearen brings to life the people and events of 1861-63 through the actual words spoken and written by four key participants: William McDougall, head of the government's Indian Affairs department; Sasso Itawashkash, chief of the Sheshegwaning Anishinaabeg; Jean-Pierre Choné, Jesuit priest at the Holy Cross Roman Catholic Mission in Wikwemikong; and Peter Jacobs, Church of England missionary in Manitowaning, and himself Anishinaabe. For the first time, each of these players is given the stage to explain his own understanding of what actually happened before, during and after the signing of the still-contentious Great Manitoulin Island treaty of 1862. These four voices reveal fascinating personal stories of strengths and frailties."-- from back cover.

Greater Cincinnati Religious Peacemakers Penguin

Throughout human history, wars and violence have often been waged in the name of religions and in the name of diverging religious beliefs and belonging. Ironically, though, all religions in their teachings speak of nonviolence and have in common the promotion of peace and justice, namely the respect of human life and dignity, the institution of human rights, the protection of the poor and vulnerable, the freeing of the oppressed, the active elimination of injustice? It seems therefore, that violence and wars would be antithetical to religions; yet they are so frequently used as their justification. Are we then speaking of different "religions"? "Institutional religions," the ones structured by humans and that are brandished to lead violence and wars, become in fact quite foreign to the essence of the religions as they were established by their founders and that they intend to represent; they actually contribute to their destruction. Wanting to reflect on that point, I embarked, a few years ago, on giving voice to local religious individuals, whom I called "Religious Peacemakers," and who, each by living the essential teachings of their particular faith, contributed by their actions to peace and justice. I wanted to prove that their path, irrespective of their original religion, would be similar, and that their diverse faith, instead of separating them, would on the contrary end up uniting them.

The definitive book on steak has never been written—until now "Of all the meats, only one merits its own structure. There is no such place as a lamb house or a pork house, but even a small town can have a

steak house." So begins Mark Schatzker's ultimate carnivorous quest. Fed up with one too many mediocre steaks, the intrepid journalist set out to track down, define, and eat the perfect specimen. His journey takes him to all the legendary sites of steak excellence—Texas, France, Scotland, Italy, Japan, Argentina, and Idaho's Pahsimeroi Valley—where he discovers the lunatic lengths steak lovers will go to consume the perfect cut. After contemplating the merits of Black Angus, Kobe, Chianina, and the prehistoric aurochs—a breed revived by the Nazis after four hundred years of extinction—Schatzker adopts his own heifer, fattens her on fruit, acorns, and Persian walnuts, and then grapples with ambivalence when this near-pet appears on his plate. Reminiscent of both Bill Bryson's and Bill Buford's writing, *Steak* is a warm, humorous, and wide-ranging read that introduces a wonderful new travel and food writer to the common table.

Given the heightened focus on the opioid crisis and its intersection with adequate chronic pain management, there is an impetus to shift patient care toward self-management and comprehensive interdisciplinary modalities. However, despite the evidence base for efficacy, pain psychology remains largely relegated to the complementary and alternative medicine designations and medical providers struggle to search for trained pain psychologists in their community. This unique book makes core psychological techniques accessible to medical providers and allied health professionals who are on the front lines of routine communication with patients living with chronic pain. Practical suggestions and vignettes demonstrate how to briefly and effectively incorporate key concepts from Cognitive-Behavioral Therapy, Acceptance and Commitment Therapy, Motivational Interviewing and other orientations into any health care setting.

The Rural Life

1903. Thomas Nelson Page, author of short stories, novels, essays, and poetry, is best known for his role as literary spokesman for the glories of the Old South. Gordon Keith begins: Gordon Keith was the son of a gentleman. And this fact, like the cat the honest miller left to his youngest son, was his only patrimony. As in that case also, it stood to the possessor in the place of a good many other things. It helped him over many rough places. He carried it with him as a devoted Romanist wears a sacred scapular next to the heart. See other titles by this author available from Kessinger Publishing.
